4.2.A.7. SCENIC AREAS OF STATEWIDE SIGNIFICANCE
NYS Department of State (NYSDOS) has designated six scenic areas of statewide significance in the Hudson River Valley pursuant to 19 NYCRR 602.4. These scenic areas were designated in support of Coastal Management Program Policy #24 which states, "Prevent impairment of scenic resources of statewide significance." There are designated scenic areas of statewide significance in NYSDOT Regions 1 and 8, including in Albany, Rensselaer, Columbia, Greene, Ulster, Dutchess, Orange, Putnam, Rockland and Westchester Counties.

Included for reference purposes are location maps outlining the designated scenic areas of statewide significance. The Regional Environmental Contact has a copy of the supporting documentation entitled "Scenic Areas of Statewide Significance" (July 1993). If the project is in the vicinity of the mapped scenic areas, contact the REC or Loretta Simon of NYSDOS at (518) 474-6000 for more information regarding the potential for impact to the scenic areas.
