Project Title: C-08-11: CREST Administration Fees
PIN: New Project
Responsible Unit: Policy & Planning Division
Project Manager: Mooney, Deborah

Project Goal:
Establish a Center for Research on Energy and Sustainable Transportation (CREST), which will serve as a research consortium with a robust technical transfer program.

Actions Proposed:
The CREST administrative host will process RFPs offered by NYSDOT, process subcontracts with consortium members to perform research, provide status reports, and conduct numerous technical transfer activities – including at least annually hosting a 1-2 day meeting on energy and sustainable transportation.

Anticipated Work Products and Accomplishments:
Task Assignments will be executed
Technical Transfer activities will be conducted

Proposed Budget: $250,000
