ANNOUNCEMENT

$1,500,000 Available
Advanced Transportation Systems
Program Opportunity Notice (PON) No. 1028

Proposals Due: July 19, 2006 - 5:00PM Eastern Time

In partnership with the New York State Department of Transportation (NYSDOT), the New York State Energy Research and Development Authority (NYSERDA) announces a program to support the development, qualification and/or demonstration of innovative transportation products and systems. Total available New York State funding is $1,500,000. All, or none, of the available funding may be allocated. To be eligible for a contract award, proposals must, at a minimum:

- Address improvements to the existing transportation systems in New York State.
- Further the key strategies and policy objectives of New York State as described in the State Energy Plan, the Recommendations to Governor Pataki for Reducing New York State Greenhouse Gas Emissions, and the draft Statewide Transportation Master Plan for 2030.
- Emphasize the development of deployable solutions rather than basic research.
- Provide readily-quantifiable mobility and reliability, energy, environmental, economic, safety and security benefits in New York State.
- Be consistent with metropolitan transportation plans in New York State, or with transportation-related regulations at the federal or state level.
- Provide cost-sharing by the proposer or third parties.
- Provide for royalty payments to NYSERDA, in proposals where product development efforts remain to be completed.

This announcement is NOT a solicitation for proposals. To receive the full solicitation, please visit NYSERDA’s web site at www.nyserda.org, or submit your request to Roseanne Viscusi by fax at (518) 862-1091, by email at rdrv@nyserda.org, or by mail to:
