Directions for Use

• It is a violation of federal law to use this product in a manner inconsistent with its labeling.
• This labeling must be in the possession of the user at the time of pesticide application.
• Follow all applicable directions, restrictions, and precautions on the EPA-registered product label.
• Apply Rodeo at labeled use rates alone or in a tank mix with other herbicides labeled for control of Japanese knotweed. Application methods may include all methods listed on the Rodeo label, including foliar sprays via ground broadcast and hand-held & high volume equipment. Use of surfactants and/or carriers in the tank mix is permissible.
• Rodeo may be used in and around aquatic or wetland sites to control Japanese knotweed. Follow all applicable precautions and restrictions on the Rodeo product labeling regarding aquatic or wetland sites.
• A permit may be required in order to apply Rodeo in aquatic or wetland sites.
