INTRODUCTION

This book lists Qualifying (National Network) and Access Highways designated for use by Special Dimension Vehicles in New York as of May 15, 2003. The listing does not include Access Highways in New York City.

The chart on page 2 details the type of vehicles allowed on the Designated System. These vehicles, or vehicle combinations, were initially authorized by the 1982 Federal Surface Transportation Assistance Act and subsequent state legislation, including the 1990 Omnibus Truck Safety Bill. They do not include longer combination vehicles (LCV's) such as triple 28 foot and twin 48 foot trailer combinations. While 48 foot tandem combinations are currently allowed in New York, they are restricted to the New York State Thruway System and some immediately adjacent highways listed in § 385(16) of the New York Vehicle & Traffic Law. Unless otherwise specified, the listed routes may be used by all Special Dimension Vehicles.

Special Dimension Vehicles may also operate on all highways within one road mile of Qualifying Highways (National Network) using the most reasonable and practicable route available, except for specific safety reasons on individual routes.

Under the 1990 Omnibus Truck Safety Bill, New York authorized the use of 53 foot trailer combinations effective November 1990. Per § 385(3)(e) of the Vehicle & Traffic Law, the 53 foot trailer combinations are restricted to the Qualifying and Access Highway system. Because New York City felt that 53 foot trailers would be unable to maneuver effectively on City streets, a provision was included in the legislation that prohibited the vehicles within the City. However, in order to provide service to Long Island, one specific route corridor consisting of the following interstate highways was approved for travel to Long Island. The New York City interstate routes approved for 53 foot trailers (see map on page 3) are as follows:

   I 95 - between Bronx-Westchester County line and I 295
   I 295 - between I 695 and I 495 via Throgs Neck Bridge
   I 495 - between I 295 and Queens-Nassau County line

Requests for highway designations should be made to the appropriate Regional Office of this Department. Included in this booklet is a New York State map showing the counties and their corresponding Regions (page 4) and a listing of the phone numbers and addresses for each Regional Office (page 5).

This book is only available on the Department's website: www.dot.state.ny.us
The website version is updated infrequently while the paperback version is discontinued.

If you have any questions relative to the truck access program in New York, please contact Debra Hartman at (518)457-2471 or Barbara Abrahamer at (518) 457-2095.

DEFINITIONS

Qualifying Highway - A highway designated as part of the Surface Transportation Assistance Act (STAA) of 1982 which allows STAA vehicles (tractor trailers combinations greater than 65 feet, tractor with 28 foot tandem trailers, maxi-cubes, triple saddle mounts, stinger-steered auto carriers and boat transporters) and 53’ trailers to use that highway and any other highway within one linear mile of the Qualifying highway.

National Network Highway - Same as Qualifying Highway

Access Highway - A highway designated for use by STAA vehicles and 53’ trailers. Unlike a Qualifying Highway, these vehicle combinations may not travel off the access highway for any distance.

RECENT LAW CHANGES

Two laws affecting Special Dimension Vehicles are now in effect. They are the Kingpin Distance Law and the Boat Transporter Law. A copy of each bill is attached on the next two pages.

Kingpin Distance Law - Governor Pataki signed Senate Bill # 4672 into law November 13, 2001 as Chapter 451 of the Laws of 2001. This bill amends the Vehicle & Traffic Law to require 43 feet between the kingpin of a 53-foot trailer and the rear axle.

LAWS OF NEW YORK, 2001
CHAPTER 451

Section 1. Paragraph (e) of subdivision 3 of section 385 of the vehicle and traffic law, as amended by chapter 173 of the laws of 1990, is amended to read as follows:

(e) Except in any city not wholly included within one county, any semitrailer with a length in excess of forty-eight feet, but not exceeding fifty-three feet, may be operated on any qualifying highway or specifically designated access highway if the distance between the kingpin of the semitrailer and the centerline of the rear axle [or rear axle group] does not exceed [forty-one] FORTY-THREE feet and if the semitrailer is equipped with a rear-end protective device of substantial construction consisting of a continuous lateral beam extending to within four inches of the lateral extremities of the semitrailer and located not more than twenty-two inches from the surface as measured with the vehicle empty and on a level surface. In addition, such vehicles may be operated on that portion of interstate ninety-five which connects interstate two hundred eighty-seven with interstate two hundred ninety-five, that portion of interstate two hundred ninety-five which connects interstate ninety-five with interstate four hundred ninety-five between interstate ninety-five and the Nassau-Queens county line.

§ 2. This act shall take effect on the first day of November next succeeding the date on which it shall have become a law.
Boat Transporter Law - Governor Pataki signed a bill into law April 9, 2002 as Chapter 26 of the Laws of 2002. This bill amends the Vehicle & Traffic Law to recognize boat transporters as a Special Dimension Vehicle that is required to use Qualifying (National Network) and Access Highways.

LAWS OF NEW YORK, 2002
CHAPTER 26

AN ACT to amend the vehicle and traffic law, in relation to conforming to federal requirements with respect to boat transporters
Became a law April 9, 2002, with the approval of the Governor.
Passed by a majority vote, three-fifths being present.

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. The vehicle and traffic law is amended by adding a new section 101-b to read as follows:

§ 101-B. BOAT TRANSPORTER. ANY VEHICLE COMBINATION DESIGNED AND USED SPECIFICALLY FOR THE TRANSPORT OF BOATS.

§ 2. The vehicle and traffic law is amended by adding a new section 145-f to read as follows:

§ 145-F. STINGER-STEERED BOAT TRANSPORTER. A BOAT TRANSPORTER CONFIGURED AS A SEMITRAILER COMBINATION WHEREIN THE FIFTH WHEEL IS LOCATED ON A DROP FRAME LOCATED BEHIND AND BELOW THE REAR-MOST AXLE OF THE POWER UNIT.

§ 3. Section 127 of the vehicle and traffic law, as added by chapter 173 of the laws of 1990, is amended to read as follows:

§ 127. Overhang. That portion of a transported vehicle OR BOAT which extends beyond the front or rear bumper of an automobile transporter or stinger-steered automobile transporter OR BOAT TRANSPORTER OR STINGER-STEERED BOAT TRANSPORTER.

§ 4. Subparagraph 6 of paragraph (b) and paragraph (c) of subdivision 4 of section 385 of the vehicle and traffic law, as amended by chapter 173 of the laws of 1990, are amended to read as follows:

6. Stinger-steered automobile transporters OR STINGER-STEERED BOAT TRANSPORTERS, while operating on qualifying and access highways. Such vehicles shall not, however, exceed seventy-five feet exclusive of an overhang of not more than three feet on the front and four feet on the rear of the vehicle.

(c) Notwithstanding the provisions of paragraph (a) of this subdivision, an overhang of not more than three feet on the front and four feet on the rear of an automobile transporter or stinger-steered automobile transporter OR A BOAT TRANSPORTER OR STINGER-STEERED BOAT TRANSPORTER shall be permitted.

§ 5. This act shall take effect immediately.

EXPLANATION--Matter in ITALICS is new; matter in brackets [ ] is old law to be omitted.

Page 2

The Legislature of the STATE OF NEW YORK SS:
Pursuant to the authority vested in us by section 70-b of the Public Officers Law, we hereby jointly certify that this slip copy of this session law was printed under our direction and, in accordance with such section, is entitled to be read into evidence.

JOSEPH L. BRUNO SHELTON SILVER
TEMPORARY PRESIDENT OF THE SENATE SPEAKER OF THE ASSEMBLY
===============================================================================

RESTRICTION CODES

[1] maximum width of 96"
[2] 48' x 102" trailers ONLY
[3] 48' (Maximum) x 102" trailers, NO tandem trailers
[4] No overall combination length limits, maximum width of 102"
NO tandem trailers

[5] NO tandem trailers

[6] tandem trailer combinations ONLY

[7] tandem trailer combinations, 96" width ONLY

[8] tandem trailer combinations, 102" width ONLY

[9] tandem trailer combinations and vehicles up to 102" width

    NO tractor-semitrailer combinations w/overall length greater than 55' with a 48' trailer or greater than 60' with a 45' trailer

[10] NO 53' trailer combinations.

Combinations must have actual terminal destinations or origins in Fulton County or on segments of NY 29 in Saratoga County.

**RESTRICTIONS - EXAMPLE**

A highlighted restriction may be encountered in the listing of the designated truck access highways. The following is a sample:

Karlada Drive        US 11 to a point 300 feet west in the City of Binghamton. (BROOME)    [SEE RESTRICTION # 7]

    Restriction # 2 = 48' x 102" trailers ONLY

**Note.** Some of the restrictions placed on designated highways may no longer be necessary. It is the general policy of this Department not to remove restrictions unless requested so in writing. If you have a question about a restriction or would like to request that a restriction be removed, please contact David Woodin at (518) 457-1793.

The restrictions have been implemented over a span of 17 years. Unless otherwise specified, the listed routes may be used by all Special Dimension Vehicles. However, if a restriction is noted, pay special attention to it. Some restrictions will specify what vehicles are allowed, while others may only describe what vehicles are prohibited. Remember, these are exceptions, not the norm.
