These listings include some planned touring routes under design and construction. Every effort is made to assure the accuracy of the various route descriptions in this book. The Department, however, assumes no responsibility for the possibility that these listings may not agree with routes as actually posted. A time lag normally exists between the determination of necessary route changes, actual posting of these routes, and changes in maps made by this Department and the various mapping companies.

DESCRIPTION OF NEW YORK STATE SCENIC BYWAY SYSTEM

“New York State and the Federal Highway Administration have designated specific travel corridors Scenic Byways. These are roads that are representative of a region’s scenic, recreational, cultural, natural, historic or archaeological significance” (source: Scenic Byways of the Adirondack North Country - Adirondack North Country Regional Map). For additional information, contact the following websites:

New York State Scenic Byways Program: http://dotweb2.dot.state.ny.us/scenic/travel/html

National Scenic Byways Program: www.byways.org

Section 349-dd of the Transportation Law specifies that the New York State Scenic Byways system is comprised of the following components:

All-American Roads

Lakes to Locks Passage is “the state’s only nationally designated All-American Road - “the best of the best” among Scenic Byways across the country. All-American Roads are destinations unto themselves” (source: Scenic Byways of the Adirondack North Country - Adirondack North Country Regional Map). See www.lakestolocks.com.
