Identify Urban Areas Using the NYSDOT Functional Class Viewer

1. Go to the following website: [https://gis3.dot.ny.gov/html5viewer/?viewer=FC](https://gis3.dot.ny.gov/html5viewer/?viewer=FC)
2. Click on the **Open Toolbar** icon on the top right part of the screen.
3. Click **Zoom to Place**.
4. The **Zoom to Place** dialog box will appear. Type a City, Town, or Village name. In this case, I type “Albany.” Click **OK**.
5. The map zooms to your desired location.
6. To further refine your search, use the plus and minus icons to zoom in and zoom out, respectively. The urban areas are highlighted in pink.
