May 9, 2014

ANNOUNCEMENT

New York State Department of Transportation
Approved Single Source Justified Exemption
“Operations of the Hudson Valley Transportation Management Center (HVTMC) for the New York State Department of Transportation”

Contract No. C015547 – No Cost Time Extension
Telvent USA, LLC

On May 7, 2014, the State Comptroller’s office granted the NYS Department of Transportation an exemption from competitively advertising, thus approving its single source exemption request for an extension of the term of the original agreement through July 31, 2014 with the firm listed above to provide “Operations of the Hudson Valley Transportation Management Center (HVTMC) for the New York State Department of Transportation.”

Pursuant to NY State Finance Law Section 163.10 (b), the Department is stating that a competitive procurement was not feasible as the current consultant staff will continue to provide continuity of the traffic management and operations-related tasks essential to the operation of the HVTMC for NYSDOT’s region 8 while NYSDOT completes the renewal process and conducts negotiations for renewal of these services. Furthermore, the requirements for these services have been designed in a fair and equitable manner, and the contract period selected is limited to the minimum period of time necessary to ameliorate the circumstances which created the material and substantial reasons for the single source award.
