SUPERSTRUCTURE (4) AND BRIDGE (3) REPLACEMENTS AT VARIOUS LOCATIONS IN REGION 9
DESIGN-BUILD PROJECT

PIN No. 9806.82, Contract No. D900020

REQUEST FOR QUALIFICATIONS

Addendum #1

May 28, 2014
Modifications to the Request for Qualifications
Superstructure and Bridge Replacements in Region 9
Design-Build Project
PIN 9806.82, Contract D900020

General Instructions:
Delete Page 2 of the Request for Qualifications and substitute the attached revised Page 2.
No other provision of the solicitation is otherwise changed or modified.

Note to Proposers:
Differences between the deleted pages and the revised pages have been identified as follows:

- Brackets have been inserted on the left-hand margin of the pages to indicate where changes have been made to the documents; and

- Text additions have been shown in underlined red font and text deletions have been shown in crossed out red font.
1.3 ROLE OF THE DEPARTMENT

In the context of the Project, the Department is responsible for:

A) Obtaining the appropriate environmental clearances and other permits as detailed in the RFP except those specifically assigned to the Design-Builder;
B) Overall Project administration;
C) Contract procurement and administration;
D) Preparation of the RFQ and RFP, evaluation of SOQs and Proposals, determination of Short-Lists and selection of the Best Value Design-Builder for the Project;
E) Identification of the Department’s Designated Project Manager for the Project as the single point of contact for all communication during the design and construction phase;
F) Quality Assurance Oversight and audit of the Design-Builder’s design and construction, including Quality Assurance and Verification Sampling and Testing;
G) Independent Assurance;
H) Providing information for inclusion in the RFP allowing Proposers to adequately prepare their Proposals;
I) Providing, if necessary, for rights-of-way and easements identified in the RFP;
J) Assisting in securing, if necessary, agreements with utility companies, utility owners and other third parties;
K) Final acceptance of the Work and payment for Work performed; and
L) DBE program oversight and compliance review.

At the Department’s sole discretion, the Department may use consultants, retained by the Department, to fulfill one or more of the responsibilities noted in this Section 1.3 provided that the Department will be responsible for overseeing the performance of any such consultants.

1.4 PROJECT DESCRIPTION, DESIGN-BUILDER RESPONSIBILITIES AND PROJECT STATUS

This RFQ is being issued concurrently with the process of development and review of the final scope of work for the Project. Any Work described herein is subject to adjustment as a result of the process.

Nothing contained in this RFQ is intended to modify, limit or otherwise constrain the process or commit the Department or any other entity to undertake any action with respect to the Project, including selection of a Design-Builder or the design and construction of the Project.

The Department has determined that a Project Labor Agreement (PLA) is not required. is conducting a due diligence study to identify the need for a Project Labor Agreement (PLA). If after review of the due diligence study, the Department decides to use a PLA, the Department will negotiate a PLA for the Project which will become part of the terms of the Contract. The results of the due diligence study will be reflected in an addendum to this RFQ.

Refer to Appendix A for a description of the Project and information regarding the Proposer’s responsibilities and other information regarding the status of the Project.
