REQUEST FOR PROPOSALS
AIR QUALITY ANALYSIS AND RELATED SERVICES FOR NYSDOT
Contract #C031294

Dear Sir or Madam:

SUBJECT: MODIFICATION #2 TO REQUEST FOR PROPOSALS – Contract #C031294

Reference is made to the subject solicitation wherein the following clarifications are hereby incorporated:

1. NYSDOT received the following question regarding Section III. B. Task 5 of the RFP:

   “It is the understanding of this firm that Section III. B. Task 5 refers to this firm providing consulting/expert services if DOT is involved in litigation and does not refer to this firm providing legal services for DOT. Is our understanding correct? Can you clarify the intent of this section?”

   Yes, the consultant may be asked to provide expert services if NYSDOT is involved in litigation on matters involving air quality, conformity, or energy. This does not refer to providing legal services to NYSDOT.

   This section is intended to cover all other air quality related services that are not covered under tasks 1 through 4.

2. NYSDOT received additional questions regarding the insurance language in the draft terms and conditions, Attachment 1, of the RFP. NYSDOT will provide responses to the insurance questions via Modification #3.

   No other provision of the solicitation is otherwise changed or modified.
   Please update your records accordingly.
An authorized representative of your firm or organization MUST acknowledge receipt and acceptance of this Modification #2 by including a signed copy of this form with the Part II Cost and Contract Submission as a separate tab item.

ACKNOWLEDGED AND ACCEPTED:
