**Attachment 13 – Questions and Answers**

**Question 1.** Is there any future growth planned across the river from Brownville that may impact alignments?

   **Answer 1.** None that we know of at the existing location, however there are several existing Industrial Parks that a new bridge/road could connect with that would provide easier access. There are also plans for new Industrial Park at the Airport, which is just down river from the existing Brownville Bridge.

**Question 2.** Are there any future plans for pedestrian and bicycle connections across the river?

   **Answer 2.** Not at this time.

**Question 3.** Can production and support staff be included within the “Organization and Staffing” section?

   **Answer 3.** Yes.

**Question 4.** Can production and support staff be included on the cost proposal (Attachment #13)?

   **Answer 4.** Yes.
