1. p. 51 Section A 1 Coverage Types and Policy Limits - We have the prescribed General liability insurance, however, we cannot have it applied separately on a per project basis. Will this be acceptable to NYSDOT?

Response: That is not acceptable. Per Attachment 1 of the RFP, Article 12, Section A.1, “General Liability Insurance shall apply separately on a per-job or per-project basis.”

2. p. 51 Section A 2 Policy Forms - Policies will be provided on an occurrence basis as mentioned. However please note that for claims-made policy, an extended reporting period of 3 years is not applicable. Will this be acceptable to NYSDOT?

Response: A minimum three (3) year extended reporting period with respect to events that occurred but were not reported during the term of the policy is required for any claims-made policy. It should be noted that claims made policy forms will not be considered, except in the event that occurrence-based coverage is not commercially available. See Attachment 1 of the RFP, Article 12, Section A.2.

3. p. 51 Section A 3 Certificates of Insurance/Notices - Will the State accept a 30 day notice of cancellation in lieu of the requirements of 10 days written notice of cancellation?

Response: The State requires a minimum of 10 days written notice of cancellation of all insurances required for the project.

4. p. 53 Section B Insurance Requirements; Item 3. Special Protective and Highway Liability Policy - We are not sure if this is applicable to this contract as stated - This seems to be applicable to any project where Consultant is required to conduct field work, and where the Consultant controls the field location for the work. We will be conducting field work (Maintenance of existing sites), but these are for currently established and previously installed sites where the location is fixed by the State. Can NYSDOT please clarify?

Response: Attachment 1, “Draft Contract”, Article 12, “Insurance” lists all insurances that a Consultant may be required to obtain upon award of a Contract. Insurances that do not apply to this specific contract will be removed during the contract finalization period.
