NEW YORK STATE DEPARTMENT OF TRANSPORTATION
REQUEST FOR PROPOSALS
OPERATION OF HUDSON VALLEY TRANSPORTATION MANAGEMENT CENTER, Contract No. C037964

Initial Information for Submittal

i. Please note the following dates and deadlines:
   a. July 26, 2019: Deadline for submission of questions about the RFP at 12:00 PM (Eastern Time)
   b. August 14, 2019: Deadline for submission of Proposals at 12:00 PM (Eastern Time)

ii. To assist firms in the preparation of their proposals, a pre-proposal conference and tour of the Hudson Valley Transportation Management Center (HVTMC) located at 200 Bradhurst Avenue, Hawthorne, NY will be offered at 10:00 a.m. on July 18, 2019. The pre-proposal conference and tour is expected to be 4 hours in length. The tour is only offered on this date and time, no additional tour dates will be scheduled. Interested firms are to email Patricia Kappeller at Patricia.Kappeller@dot.ny.gov to inform NYSDOT of a firm’s intent to participate in the pre-proposal conference and tour. The email should contain the names and contact information (phone and email) of all attendee (limit of 3 per firm). This pre-proposal conference and tour is optional and not a mandatory requirement of submitting a proposal.

iii. Complete Proposals are to be submitted to the Designated Contract stipulated in Section 1.4.
RFP RESPONSE FORM

OPERATION OF THE HUDSON VALLEY TRANSPORTATION MANAGEMENT CENTER, Contract No. C037694

Please review this RFP, complete the following information, and email to the NYSDOT address shown below, by the earliest practical date. This RFP Response Form must be submitted along with the two required Procurement Lobbying Law form (see Section 5.8 of the RFP) before questions or other communication with the Department regarding this solicitation can be initiated.

_____ WE DO INTEND TO SUBMIT A PROPOSAL

_____ WE DO NOT INTEND TO SUBMIT A PROPOSAL FOR THE FOLLOWING REASONS:

Name and Address of Organization:

1. INTRODUCTION

1.1 Purpose
The New York State Department of Transportation (NYSDOT) has issued this Request for Proposals (RFP) to select a qualified consultant firm to provide personnel, in conjunction with existing Department staff, to operate the electronic transportation information and management systems at the Hudson Valley Transportation Management Center (HVTMC). The purpose of this solicitation and the resulting contract is to maintain the existing 24/7/365 operations of the HVTMC.

1.2 Background
The HVTMC is an advanced transportation management center covering the NYS Roadways encompassing Columbia, Dutchess, Orange, Putnam, Rockland, Ulster and Westchester Counties. All operations are conducted out of the HVTMC, which is co-located with the New York State Police Troop F in a state-owned facility at 200 Bradhurst Avenue, Hawthorne, NY 10532, in Westchester County. Region 8 contains 5,466 miles of State highways and 2,579 bridges within its 4,409 square mile area. Known to many as the Hudson Valley Region, Region 8 includes 13 cities, 80 villages, and 90 towns. There are scores of hamlets and unincorporated places within the region.

The HVTMC electronically monitors traffic conditions, traffic signals, and inter-agency staff coordination to provide real-time information and guidance to motorists, Regional NYSDOT Management, and the Statewide Transportation Information & Coordination Center (STICC) in Albany, NY. The HVTMC has been in operation for more than 17 years and its functions have expanded to include support to New York’s 511NY system. The HVTMC is the regional entry point into New York’s 511 traffic, travel and transit information system, and the Regional dissemination point for NY-Alert messages – the New York State All-Hazards Alert and Notification web-based portal.

The HVTMC coordinates information flows to and from internal and external operational partners including but not limited to:

- NY State Police (NYSP)
- NYS Thruway Authority (NYSTA)
- NYS Bridge Authority (NYSBA)
- Local city, town, county public safety/police/fire/EMS departments
- 911 Centers
- Other NYSDOT TMCs
- HudsonLink transit operator
Human operation of the HVTMC is provided by Consultant staff, in conjunction with NYSDOT staff to operate the electronic transportation information and management systems at the HVTMC 24 hours a day, 7 days a week, and 365 days a year.

The primary system used at the HVTMC is a combined Advanced Traveler Information System (ATIS) and Automated Traffic Management System (ATMS) known as the Hudson Valley Traveler (HV Traveler).

The numerous tasks performed by Consultant staff at the HVTMC include, but are not limited to: monitoring the operation of the transportation system, traffic signal observation and coordination, communicating with dispatching services, and disseminating information to Variable Message Signs (VMS), Highway Advisory radio (HAR), media and broadcasting services when conditions of the system change and video surveillance of the roadway network.

The HVTMC is the primary operational contact point for internal and external operational partners (partners named above) for planned and unplanned incidents and events which impact the transportation systems (across all modes of travel).

The HVTMC is the answering point and dispatches for NYSDOT Region 8. Dispatching includes: Highway Emergency Local Patrol (HELP) Program (see below), NYSDOT Transportation Maintenance, Regional Office, Bridge Maintenance, Traffic Signal Maintenance, and NYSDOT Snow and Ice.

The HELP Program is operated by the New York State Department of Transportation and is managed and supervised by New York State Police (NYSP) assigned to the HVTMC. Due to the multi-jurisdictional nature of the highway system in the region, partnerships between these agencies and the New York State Thruway Authority (NYSTA), NYSP, and the Westchester County Department of Public Safety ensure that HELP services are deployed quickly and efficiently as incidents are detected on Program roadways. The Hudson Valley HELP Program currently operates exclusively during peak commuting hours during the regular work week and is under a pilot program for operations on weekends. The service patrols are provided through contracts with private vendors, and the road service is provided to the public for free. HELP staff/drivers can change a flat tire, provide a gallon of gas, provide other necessary fluids, provide jump starts and effect minor repairs to disabled motorists, getting motorists on their way in a fraction of the time it would take to dispatch a tow truck.

The HVTMC serves as the focal point for coordinating region-wide transportation management, incident response, weather emergency response, and the timely collection and dissemination of traveler information, including providing information to the Department’s 511NY System.

In summary, operation includes monitoring, surveillance and control of the following equipment (primarily within the metropolitan centers of the Region):
<table>
<thead>
<tr>
<th>Devices Operated by HVTMC</th>
<th>Quantity</th>
</tr>
</thead>
<tbody>
<tr>
<td>CCTV cameras</td>
<td>61</td>
</tr>
<tr>
<td>Variable Message Signs (VMS)</td>
<td>29</td>
</tr>
<tr>
<td>Portable Highway Advisory Radio (HAR)</td>
<td>3</td>
</tr>
<tr>
<td>Vehicle Detectors</td>
<td>57</td>
</tr>
<tr>
<td>Portable Variable Message Signs (PVMS)</td>
<td>90</td>
</tr>
<tr>
<td>Miles of Fiber Optic Communications</td>
<td>68</td>
</tr>
<tr>
<td>Road Weather Information Systems (RWIS)</td>
<td>7</td>
</tr>
</tbody>
</table>

Additionally, the HVTMC has access to Contractor PVMS, shared CCTV from the NYSTA and NYSBA and shared VMS from NYSTA.

The HVTMC currently uses Foundation III (CoVal Systems, Inc.) as its ATMS. NYSDOT does not anticipate changing its ATMS within the term of this contract, but in the event that the ATMS does change, the Consultant shall work with whatever system is employed at the HVTMC.

1.3 Minimum RFP Responsiveness

Any Proposer that does not provide all of the following, FOR EACH LOT PROPOSED, by the RFP deadline will be determined to be non-responsive and will be removed from further consideration (prior to the technical evaluation of Proposals):

i. Part I – Technical and Management Submittal/Proposal
   a. Part II – Cost and Administrative Submittal/Proposal
   b. Completion of all applicable attachments:
      - Vendor Responsibility Questionnaire
      - Attachment #18: Cost Proposal
      - Attachment #2: Consultant Information and Certification Form
      - Attachment #3: Form AOR Acknowledgement of Receipt
      - Attachment #4: Procurement Lobbying Law Compliance
      - Attachment #6: Non-Collusive Bidding Certification
      - Attachment #7: Vendor Assurance of No Conflict of Interest or Detrimental Effect
      - Attachment #8: DBE Participation Information
      - Attachment #8a: DBE Subconsultant Solicitation Log and Goal Attainment Letter, if applicable
      - Attachment #14: Consultant’s Key Personnel Resume and References

1.4 Designated Contact

Potential Proposers are advised that under New York State Finance Law Section 139-j communication on procurements can be made only to designated contact persons. The Department’s Designated Contact for this procurement is:

Primary Contact:
The above-named person, as the Department’s Designated Contact for this procurement, shall be the Department’s only point of contact and source of information for this procurement.

1.5 **RFP Modifications**

If necessary, NYSDOT will issue Modifications to modify conditions or requirements of this RFP, Proposers are advised to visit the NYSDOT website ([https://www.dot.ny.gov/portal/page/portal/doing-business/opportunities/consult-opportunities](https://www.dot.ny.gov/portal/page/portal/doing-business/opportunities/consult-opportunities)) regularly to check for Modifications. The final Modification will be posted on NYSDOT’s website not later than seven (7) calendar days prior to the Proposal due date. If an additional Modification is required within seven (7) calendar days of the Proposal due date, the Proposal due date shall be revised such that there will be seven (7) days from the final Modification to the Proposal due date.
2. CIVIL RIGHTS REQUIREMENTS

2.1 Disadvantaged Business Enterprise Participation

While not indicative of a Proposer’s individual merit (technical excellence, Proposer’s ability, experience, etc.), NYSDOT seeks to achieve the Disadvantaged Business Enterprise (DBE) Program in accordance with 49 Code of Federal Regulations (CFR), Section 26. NYSDOT encourages the participation of certified Disadvantaged Business Enterprise (DBE) in this solicitation. The level of DBE participation will be relevant to the process of selecting a Proposal that will best achieve the overall goals of the Department. Please visit the New York State Unified Certification Program (NYSUCP) DBE Directory for certified Disadvantaged Business Enterprises via: https://nysucp.newnycontracts.com. The general DBE participation goal for federally funded projects is 20%.

For this specific procurement, NYSDOT has established a DBE participation goal of **12.23 percent (12.23%)** for this solicitation. Meaningful participation by either a prime Consultant who is certified as a NYSUCP DBE or inclusion of subconsultant(s) who is/are certified NYSUCP DBE count toward the DBE participation goal. Meaningful participation is defined as providing commercially useful functions or services. These services should:

- Result in a product or service distinguishable from the Prime Consultant’s product or service or be a part of the services provided by the Prime Consultant,
- Be for scope of service elements which can be and are completely performed, supervised and managed by the DBE consultant, and/or
- Perform significant tasks which can be considered commercially marketable.

Interested Proposers should verify their attainment of the above established DBE participation goal by completing Attachment 8 DBE Participation Information. To count towards the Department’s DBE goal, a firm offering DBE participation must be currently certified per the NYSUCP DBE Directory. If the Proposal does not meet the 12.23 percent DBE participation goal, the firm must provide evidence of good faith effort by completing Attachment 8a DBE Subconsultant Participation Solicitation Log. Additionally, if the firm does not meet the specified goal, the firm must include in its submission a Goal Attainment Explanation Letter explaining why the firm was unable to meet the DBE goal (full or partially), which services to substantiate the firm’s good faith effort. The letter should include sufficient justification as to why the goal was not met or was met partially and should at a minimum address the following factors: the potential firm’s method of accomplishing the work, the subcontracting opportunities associated with the proposed approach and scope of services, and the availability of certified firms for the work to be performed by either a Prime Consultant or via subcontract.
The above forms and letter must be included in Part II: Cost and Administrative Submission. Firms are advised to refer to Section 6.2 for the procedure by which the Department will follow in evaluating a firm’s proposed DBE participation.

2.2 Minority and Women-Owned Business and Service Disabled Veteran-Owned Business Enterprise Participation

“Not Applicable”

2.3 Diversity Practices

“Not Applicable”

2.4 Title VI Assurance

The New York State Department of Transportation (NYSDOT), in accordance with Title VI of the Civil Rights Acts of 1964, 78 Stat.252, 42 U.S.C. 2000d to 2000d-4 and Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation and Title 23 Code of Federal Regulations, Part 200, Title VI Program and Related Statutes, as amended, issued pursuant to such Act, hereby notified all who respond to a written NYSDOT solicitation, request for Proposal or invitation for bid that it will affirmatively insure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, national origin, sex, age, disability/handicap and income status in consideration for award.

2.5 Equal Employment Opportunity – Pay Equity

In accordance with New York State Executive Order 162, issued in January 9, 2017, the selected Consultant shall provide workforce utilization reports in accordance with RFP Attachment 1, Draft Contract.
3. PROJECT AND CONTRACT OBJECTIVES

3.1 Project Objectives
The objective of this project is to provide operation services for the operation of the Hudson Valley Transportation Management Center (HVTMC) located in Hawthorne, NY.

3.2 Contract Objectives
This contract provides for manpower, resources and work necessary to operate, manage, direct, supervise, maintain and administer the TMC systems and facilities (maintenance reporting) on a 24/7/365 basis.

### 3.4 Contract Term and Rate Adjustments

The Department estimates that the work for the successful Consultant will commence on January 1, 2020. The base term or duration for the contract is two (2) years. The contract may be extended with an additional two (2) year term, and an additional one-year term, for a total of five (5) years upon written agreement of both parties and approved by the Office of the State Comptroller and FHWA.

If the contract is extended for the optional years, theProducer Price Index (PPI) as published by the U.S. Department of Labor, Bureau of Labor Statistics, or 2%, whichever is lower, will be used as a basis for adjusting the hourly rates/lump sum deliverable amounts. The rate adjustment will be effective on January 1st and calculated using the previous September Index, using Series ID PCU5413—5413—(Architectural, Engineering, and related services). [http://data.bls.gov/timeseries/PCU5413—5413--?data_tool=XGtable](http://data.bls.gov/timeseries/PCU5413—5413--?data_tool=XGtable)

An example of the rate adjustment calculation is as follows (all numbers and titles used are for illustrative purposes only):

**QAT-Auditor 01/1/21 - 12/31/21 Billing Rate**

$9.00/Hour

- September 2020 PPI Index (PCU5413—5413--): 132.1
- September 2021 PPI Index (PCU5413—5413--): 130.0
- Index Point Change: 2.1
- Divided by Previous Index: 130.0
- Percent change, rounded to nearest tenth: 1.6%
- **QAT-Auditor 1/1/22-12/31/22 Billing Rate ($9 x 1.016)**: $9.14/Hour

If the actual start of the contract is substantially different than the above estimated date, then the effective date for the rate adjustment will be similarly changed.

The Department reserves the right to negotiate a lower rate adjustment than stated above for the additional one-year extensions.
4. SCOPE OF SERVICES

4.1 General Conditions

The following general conditions shall apply to the scope of services except where otherwise noted:

a. The TMC has standard operating procedures, guidelines and policies. The Consultant staff shall conform to these procedures, guidelines and policies. In the event of a significant incident or situation outside of the established Standard Operating Procedures, the Operations Manager shall respond within 15 minutes during off-hours. The Consultant shall notify the Department immediately for further direction.

b. There shall be monthly meetings between NYSDOT and all Consultant staff at the HVTMC.

c. The Consultant shall keep the monthly Operations and Executive reports up-to-date with the evolution of the HVCTMC programs.

d. The cost of providing secretarial services, beyond tasks that are assigned as part of the scope of services, for typing of correspondence, reports, and records shall be included in the Consultant’s overhead.

e. From time to time the State may upgrade software and/or hardware in the TMC. Upon request of the State, the Consultant shall allow time during normal working hours for the State to work on upgrading said software and/or hardware.

f. The Consultant shall participate in post-incident debriefings as called upon by partner agencies or other agencies involved in managing a major traffic-generating incident or event, to determine whether existing operating procedures should be changed. This work may also include travel to meetings away from the TMCs.

g. Due to the nature of the work at the HVTMC, Consultant personnel will be exposed to confidential information. This includes, but is not limited to, detailed incident information not released to the media, telephone numbers, email addresses, and computer access codes. All Consultant personnel shall not improperly use or disclose any confidential information received during employment at the HVTMC or after such time that they may no longer be associated with this project. The selected firm shall obtain a confidentiality agreement from each Consultant/subconsultant staff assigned to the HVTMC under this contract (to be discussed further during the contract finalization process). Unauthorized release of any confidential or sensitive information may be considered ground for immediate dismissal of Consultant/subconsultant staff and/or termination of this contract.

h. The Consultant shall be the primary operational contact point for internal and external operational partners for planned and unplanned incidents and events which impact the transportation system across all modes of travel.

4.1.1 Facilities

a. NYSDOT shall provide office space, desktop computers, desk telephones and service, heating, air conditioning, lighting, internet connectivity, electric power and office
supplies at the HVTMCs for the official business required to operate the TMC at no cost to the Consultant.

b. The HVTMC includes offices, meeting rooms, and Operations floor, two-server rooms and deployed computers at the Hawthorne location, a combination of owned and leased data communications networks linking the HVTMC with the field installations and other departmental, partner agency and public-private partnership facilities, equipment mounted in roadside cabinets, fixed and portable variable message signs; vehicle detectors; closed circuit television cameras and other roadside equipment.

c. Consultant staff required to execute the duties of this agreement shall occupy space at the HVTMC. The office space at the HVTMC is provided to the Consultant staff at no additional cost to the Consultant, with the exceptions as noted elsewhere in this RFP.

d. In the unlikely event that the HVTMC needs to be evacuated and is not operational/habitable for periods of time, TMC staff will be required to report to an alternate location. In addition, at times TMC Operators may have to work at an alternate site to support NYSDOT Incident/Event management. In the event that an alternate work site becomes necessary, the site and all necessary facility costs and equipment will be provided by the State at no cost to the Consultant. The following alternate sites have been identified as likely alternate locations. However, actual alternate sites may vary depending on availability at the time of need.

Potential Future Alternate Sites

INFORM, Region 10 TMC, Nicon Court, Hauppauge, NY 11788
JTMC, Region 11 TMC, 28-11 Queens Plaza North, Long Island City, NY 11101
Region 8 Main Office, Eleanor Roosevelt State Office Building, 4 Burnett Blvd, Poughkeepsie, NY 12603

e. Consultant staff assigned to the HVTMC shall use the HVTMC as their official work station and shall not be reimbursed for any expenses associated with travel to and from the TMC. In the event that the HVTMC is not operational/habitable, the alternate sites described above will become the official work station(s). Staff travel expenses to the new location are not eligible for travel reimbursement by the State.

f. Temporary staff assignments to an alternate official work location may occur. Alternate work locations will be in the region. If staff is assigned to an alternate work location the new location will become their official work station for the period of the reassignment. Travel expenses to the new location are not reimbursable.

g. Additional office space, utilities, and services for Consultant personnel, if deemed necessary by the Consultant and approved by the State, shall be located off-premises, provided by the Consultant, with such cost negotiated between NYSDOT and the Consultant through a Supplemental Agreement to the Contract to be approved by the NYS Attorney General and NYS Office of the State Comptroller.

4.1.2 Coordination with Others:
This agreement requires a close working relationship between the Consultant and State personnel. The Consultant and State, working together, will refine policies for the operation of the system, keep inventory and records and build and maintain relationships with external stakeholders.

The Consultant staff shall be required to cooperate and communicate with NYSDOT and their stakeholders, State Police, First Responders, and several outside agencies and firms, including, but not limited to, other police agencies, firms engaged in gathering and disseminating traffic information, NYSDOT staff, consultants and contractors performing roadwork activities, and contractors engaged by the State to provide various services in accordance with existing standard policies and procedures.

During the time of the contract, the State will be working with another consultant, the Systems Integrator (SI), to provide an Integrated Corridor Management (ICM) system for the I-287 Lower Hudson Transit Link (LHTL) Corridor, in Rockland and Westchester Counties. The LHTL is a series of projects that aim to improve transportation reliability and safety for motorists, pedestrians, and transit users. It consists of the improved Hudson Link bus services and a dedicated bus land on the new Gov. Mario Cuomo Bridge, and capital improvements such as sidewalk and curb ramp installation, ramp metering, signal upgrades and transit signal priority.

The SI will deliver the new software system, integrating all new and existing systems into a single system. This will require coordination amongst HVTMC, SI and Consultant Operator Staff. Upon completion, the SI will provide training to and will work alongside HVTMC and Consultant Operator’s staff in the new system. The Consultant Operator is expected to assist in managing this and future ICM integration into HVTMC systems and operations including arterial management, etc. for the LHTL.

Independent contractors may be retained by the State to service or install electronic equipment in the TMC and/or at remote locations. These contractors will be present in the TMC only as necessary for the performance of their work. Consultant personnel at the TMC may be required to provide operational assistance to these contractors. Operational assistance will be provided within the extent of normal resource operations (e.g., Consultant staff will not be asked to perform tasks that are beyond the extent of scope in this RFP. Operators will not be asked to repair hardware, but may be asked to verify that hardware is working).

Consultant staff at the TMC is not expected to respond to media inquiries outside of approved Standard Operating Procedures (SOP) for traffic condition reporting. All media communications shall go through the NYSDOT Regional Public Information Officers.

The TMC receives calls from/for partner agencies and/or NYSDOT Regional Office. Operators shall transcribe the received messages, then transfer the information via phone, email and/or other appropriate method to the appropriate or designated staff at the respective agencies/locations in accordance with TMC policies and procedures.

4.1.3 System Hardware and Software
a. See Attachment 22 for a list of HVTMC central and field software. The Consultant is responsible for maintaining and updating software on the HVTMC network. The Consultant is not responsible for maintaining and/or updating the software on the NYSDOT network. The list has both HVTMC and NYSDOT Network software identified. The HVTMC has a consultant contract to maintain field equipment and their systems. The Consultant shall coordinate with this and other consultants to operate and maintain all the hardware and software in the Hudson Valley Traveler system.
b. The Consultant shall adhere to all appropriate NYSDOT equipment usage policies and guidance. These include, but are not limited to: internet usage, CCTV usage and Variable Message Sign (VMS) messaging.
c. System hardware and software changes may be implemented by others during the term of the contract. These include updating the systems to accommodate roadway changes, ITS expansion to other roadways or any new operating systems at the TMCs.
d. The System Operators will be required to assist in traffic data collection for system performance or troubleshooting using manual and automated data collection and surveillance features of the ATMS/ITS and other TMC systems.
e. The Consultant will assist the State with upgrading the system configuration, refine policies for the operation of the system, ensure that the system is being properly maintained, and keep inventory records of system and field equipment. State personnel will collaborate with the Consultant staff daily regarding the performance of these tasks.
f. The Consultant shall update the Hudson Valley Traveler Website.
g. NYSDOT may upgrade the application programs in the HV Traveler software. Upon NYSDOT’s request, the Consultant shall schedule necessary time for NYSDOT to work on upgrading said programs.

4.2 Organization and Staffing

4.2.1 Staffing Responsibility

a. The HVTMC currently utilize specific staffing titles to define roles and responsibilities. Staff title descriptions and minimum qualifications are detailed in Attachment 15: Contract Job Titles, Duties and Qualifications. The associated tasks are defined in Section 4.3 Scope of Work.
b. Key personnel are staff that perform a critical role at the TMC. As such, these individuals will report directly to the NYSDOT TMC Director and are expected to be available for emergencies 24/7. Consultant shall have an action plan to address planned and unplanned absences for these staff to ensure that critical systems remain operational.

1 Some employees are full-time, some are part-time
2 Title not included in this solicitation, but may be added under a supplemental agreement.

Proposers are required to submit a base hourly rate for every title in the table above and as presented in Attachment 18 – Cost Proposal Workbook.

4.2.2 **Staffing Levels**
- The HVTMC operates 24/7/365 in accordance with the table below. Proposers should base their submission(s) on continuous operations of the Regional Transportation Management Centers. However, please note that NYSDOT may, at its option, reduce the number of hours of operation of the TMCs by the Consultant. If there is a reduction in hours the Consultant shall be paid actual hours worked.

</tbody>
</table>

1 A Systems Operator III must work on weekday A and B shifts and, at a minimum, be available to work weekday C shifts and all weekend shifts.

2 At least one Systems Operator II must be on all shifts. A System Operator I working on a shift with a Systems Operator II will meet the 2-person requirement.

3 Consultant must have back up staff/plan that is able to complete emergency tasks when this staff is unavailable due to planned and unplanned absences.

4 Staff may be required to work outside of their normal core hours.

**With the exception of the Project Manager, who would be located off-site, most other titles will have the HVTMC as their official work station.**

Work shifts are defined as follows:
- **Shift A:** Morning to evening
- **Shift B:** Evening to night
- **Shift C:** Overnight

- Actual start and stop times for each shift will be defined at the time of staff scheduling.

- Actual staffing hours (including breaks) by title must be approved by the NYSDOT TMC Manager at the onset of work and a minimum, 2 weeks before a schedule change. Each shift shall be supported by a Systems Operator III, which may be assigned responsibility for oversight of multiple shifts. The Systems Operator III shall be available to provide assistance to the TMC staff for all shifts outside their normal working hours and may be required to return to the TMC to provide assistance. Hours worked outside of normal working hours to support shift staff are to be included in base pay rate for Systems Operators III staff, no additional compensation will be made. However, if a Systems Operator III must return to work
to replace a shift System Operator I or II for the entire shift or remainder of a shift, the Systems Operator III shall be compensated at the lower title rate.

- It is expected that to cover the operations tasks, Systems Operator I (Trainee), Systems Operator II, and Systems Operator III, normal work hours will be in shifts. Weekday morning/afternoon and evening shifts shall not transition during AM and PM core hours. All other titles are expected to work weekdays and work normal business hours. Core hours include peak traffic hours and are defined as follows:

  o Weekday AM Core Hours are 06:00 – 10:00
  o Weekday PM Core Hours are 15:00 – 19:00

- Individual shifts greater than 9 hours per day per operator are discouraged but not restricted. At times staff may be required to work extra hours to accommodate immediate changes in schedule (e.g., accommodate sick staff). At these times small adjustments to work schedules are acceptable.

- Contractor will only be reimbursed for actual hours worked by staff. Time off for meals, vacation or sick are not reimbursable. Any cost associated with employee benefits shall be included in the contractor Overhead.

- Any staff working more than 6 continuous hours must have a scheduled meal/rest period worked into their work schedule. These periods shall be referred to as breaks and not exceed the maximum time allowed as defined below:
<table>
<thead>
<tr>
<th>TITLE</th>
<th>Allowable break period (minutes)</th>

</tr>
<tr>
<td>Administrative Assistant</td>
<td>30 or 60</td>
</tr>
</tbody>
</table>

Breaks shall not occur during peak hours, at the beginning or the end of work schedules and cannot be used to offset tardiness or to shorten the work day. Meal/rest periods are not considered working hours and are not reimbursable. All Break times must be approved by the NYSDOT TMC Director through scheduling approvals. Contractor must have adequate coverage for operations tasks while staff is taking a meal/rest break.

Titles with two person staff requirements (Operator I & II), may operate with one staff for the duration of scheduled breaks. All other hours must meet the staff requirements.

- All staff assigned to the TMC are expected to have regular work hours defined. Staff shall begin and end work at the start and end times of their regular work hours. Time charged shall be in 15-minute increments which begin at the start of the hour.
  - Start time for staff who begin their shift before their regular start time will be at the beginning of their regular start time; unless approved by a supervisor and shall be rounded up to the next 15-minute interval.
  - Start time for staff who begin their shift later than their regular start time will be at the beginning of the next 15-minute interval.
  - End time for staff who end their shift later than regular end time will be at the end of the regular end time; unless approved by a supervisor and shall be rounded down to the nearest 15-minute interval.
  - End time for staff who end their shift before their regular end time will be rounded down to the nearest 15-minute interval.

Examples: Employee regular hours are 08:00 – 16:00
- Employee clocks in at 07:38
  If early start was approved by a supervisor, then the start time would be rounded up to the nearest 15-minute increment and would be 07:45; else it would be 08:00
- Employee clocks in at 08:16; start time is rounded up to the nearest 15-minute increment 08:30
• Employee clocks out at 16:35
  If late end was approved by a supervisor, then the end time is rounded down
to the nearest 15-minute increment to 16:30; else it would be 16:00
• Employee clocks out at 15:58; end time is rounded down to the nearest 15-
  minute interval and would be 15:45.
• During peak periods, on holiday weekends, special events, and/or emergency conditions,
greater level of staffing may be required. If the State deems that additional Consultant
personnel are necessary to operate during these periods, the Consultant shall provide
additional staff through utilization of schedule changes, additional hours or extra
personnel.
  In addition to the requirement of 8 hours at the TMCs each weekday, Task 1b, 5a & 5b
have 24/7 off-hours response requirements as defined within the task description.
• The Consultant is expected to propose two internship positions for a 12-week period each
year.

4.2.3 Employee Performance
a. Staff development and performance is critical to efficient and effect operations.
Consultant shall provide an employee performance plan that includes staff
development, training probation, performance evaluations, counseling and
disciplinary processes for all titles including subconsultants. The plan must clearly
state the Company policy regarding performance improvement, counseling and
disciplinary steps. It shall include actions to be taken to assist staff with development
and performance improvement and if necessary to address chronic poor performance.
The plan shall include performance evaluations on all consultant employees twice
annually. The execution and content of the evaluation criteria must be approved by
NYSDOT Management at the onset of the contract but can be adjusted with mutual
conciliation between both the Consultant and the NYSDOT TMC Director.
Completed performance evaluations must be submitted to the NYSDOT TMC
Director for his/her approval within one week of the evaluation.
b. All employees must meet and maintain NYSDOT performance standards. Consultant
tasks and personnel may be evaluated by NYSDOT at any time during the term of the
contract. This does not preclude the Consultant from conducting their own
performance evaluations. If an employee is not meeting standards, the Consultant
must immediately act to rectify the deficiencies. Reoccurrence or continuance of
poor performance may result in performance penalties.
c. It is expected that much of the employee training will be on the job. Consultant shall
provide a training plan for new operator skill development. The plan shall, at a
minimum, include the method used for training (classroom, mentor based or other),
specific learning goals, a system to demonstrate mastery, and schedule for
completion.
d. All employees shall have a working knowledge in all software within 6 months of
employment. NYSDOT may be requested to provide training as necessary.
e. All Consultant shall are expected to contribute to asset management and collaborating
with NYSDOT staff.
f. Other internal or external training necessary to aid in employee development shall be
borne by the consultant and is not reimbursable. This includes but is not limited to:
company HR required training, communications training (written/oral), computer training and other.
g. New staff in training shall be paid at the Operator Trainee rate. NYSDOT may require that reimbursement for Staff requiring additional training to address documented deficiencies be paid at the Operator Trainee rate until they have satisfactorily demonstrated mastery of the necessary skills.

4.2.4 Penalties
a. Staff Vacancy
i. NYSDOT requires Key Staff to be available at the start of the contract term. If key positions are vacant for any portion of the first 30 calendar days after the effective date of the Notice to Proceed then, at NYSDOT’s discretion, the Consultant will be charged $10,000 for each vacant position. Additionally, if any key staff fails to perform in the manner required by the contract within 30 calendar days after the effective date of the Notice to Proceed, then at NYSDOT’s discretion, the Consultant will be charged $10,000 for each non-performing Key Staff.

ii. Minimum staffing levels as described in section 4.2.2 are necessary to ensure that the TMC adequately performs all operations and other tasks. However, at the onset of the contract, the Consultant is provided a 30-calendar day grace period, starting from the Notice to Proceed, to mobilizes non-key staffing resources. During this period the Consultant must ensure that 24/7/365 coverage is provided for Operations tasks by qualified candidates but is not bound by the minimum staffing level requirement. After the 30-calendar day grace period non-key staffing levels must comply with the minimum staffing levels in Section 4.2.2. If the Consultant has not met the minimum staffing levels with qualified staff after the initial 30-day grace period the penalties set forth in Subpart c. below shall apply. Penalties are applied for each calendar day, past the 30-day period, the position is vacant.

iii. If after the initial 30-day resource mobilization grace period, the consultant requires any member of their Staff to be replaced the Consultant shall have 30 calendar days from the date of the vacancy to submit a qualified Candidate, for approval, to the NYSDOT TMC Director (or their designee). The proposed Candidate shall demonstrate the same or greater level of experience and expertise as the Staff being replaced. In the event the Consultant is unable to submit a qualified, ready, willing, and able Candidate within 30 calendar days then, at NYSDOT’s discretion, the penalties set forth in Subpart c. below shall apply. Penalties are applied for each calendar day, past the 30-day period, the position is vacant.

The determination that a Candidate is “qualified” is the sole discretion of NYSDOT. If NYSDOT rejects a Candidate, charges will resume accruing at the time the Consultant is notified of such rejection. All penalties specified below shall be an offset against future Consultant invoices.

b. Performance Standards
i. Upon written notification from NYSDOT that the Consultant Staff is not (1) meeting NYDOT performance standards, (2) meeting employee performance requirements, or (3) the Consultant is not implementing the “employee performance plan” required in 4.2.3 above, the Consultant shall have 30 calendar days to rectify the situation (notice to cure). After 30 calendar days, if, in the opinion of NYSDOT, any staff member is not performing satisfactorily, NYSDOT may apply the penalty set forth below to each unsatisfactorily performing staff member. Penalties are applied for each calendar day, following the written notice from NYSDOT and will continue until the deficiency has been addressed. If such unsatisfactory performance results in the Consultant’s removal of an employee from the contract, then the Consultant shall not receive the 30 calendar day grace period provided in Subpart a. above.

ii. If a Consultant’s staff member engages in conduct that poses a threat to the health, safety, or welfare of colleagues, NYSDOT employees, other individuals on or around the TMC premises, or the traveling public (as a result of their job function), or if a staff member engages in illegal conduct on or around the TMC Premises, the NYSDOT shall have the discretion to deny the Consultant’s staff member access to the facility and such staff member may be excluded from participating in, or working on, the contract scope.

c. Penalties

<table>
<thead>
<tr>
<th>Staff Type</th>
<th>Penalty</th>
</tr>
</thead>
<tbody>
<tr>
<td>Key Staff</td>
<td>At NYSDOT’s discretion, the Consultant shall be charged $1,000/day</td>
</tr>
<tr>
<td>Non-Key Staff</td>
<td>At NYSDOT’s discretion, the Consultant shall be charged $800/day</td>
</tr>
</tbody>
</table>

Penalties are not intended to offset wages or salaries for employee non-performance. Penalties shall be applied in addition to withholding wages or salaries attributed to staff vacancies.

4.2.5 Background Checks

The NYSP is responsible for security at the HVTMC. All staff are required to undergo and pass a State Police criminal background investigation. Fees and other cost associated with the background investigations shall be borne by the Consultant. The State Police shall make the final determination if Consultant personnel pass or fail the background check.

4.2.6 Communications:

The Consultant shall provide the personnel with Verizon (or an equal provider with equal or greater cell phone coverage area) cellular phones in accordance with the below table. The phones shall have the ability to send and receive e-mail and text messages. This is to be included in the Cost Proposal and not billed directly to NYSDOT

**STAFF REQUIRED TO HAVE CELL PHONES**

<table>
<thead>
<tr>
<th>TITLE</th>
<th>REQUIRED</th>
</tr>
</thead>
<tbody>
<tr>
<td>Project Manager</td>
<td>No</td>
</tr>
</tbody>
</table>
Operations Manager  Yes
Assistant Operations Manager  Yes
Operator III (Senior Operator)  Yes
Operator II  No
Operator I (Trainee)  No
Transportation Analyst I  No
Transportation Analyst II  No
Systems Engineer I  Yes
Systems Engineer II  Yes
Systems Engineer III  Yes
Field Technicians  Yes
Administrative Assistant  No

Staff required to have a cell phone are expected to respond to calls/texts/emails from TMC operators, Consultant and NYSDOT Management and TMC partners within a reasonable amount of time (including off hours) unless other provisions have been made and approved by NYSDOT TMC Management. In most cases staff should respond within 15 minutes of receiving a communication request.

The Department’s VMware Horizon software and apps shall be utilized to access the NYSDOT network remotely.

On-site Consultant must use the NYSDOT email (including the calendar) system as their primary system. All official NYSDOT and HVTMC business shall be conducted using the NYSDOT email system, currently Microsoft Outlook.

4.2.7 Continuity of Operations and Hiring:
   a. Transitioning from one consultant to another can be complicated given the nature and complexity of the 24x7 operations. Staff retention is at the discretion of the Consultant but must be approved by the NYSDOT TMC director.
   b. In developing an approach, firms have the option of proposing to retain existing staff or proposing replacements.
   c. Each employee shall receive a copy of the position description and the task description assigned.
   d. To be considered for rehire/retention or new appointment, candidates must meet or exceed the minimum qualifications for the job title they are applying. **All candidates, whether newly hired or retained, must be approved by the NYSDOT TMC Manager. The Consultant’s management staff shall submit a resume and all appropriate certifications confirming the candidate's qualifications with all requests. The employee cannot begin work until approved by the NYSDOT TMC Manager.**
   e. All salary increases must be approved by the NYSDOT TMC Manager.

4.2.8 Human Resource Management
The cost of providing administrative services for human resource management and functions including, but not limited to: hiring, interviewing, background checks, typing of
correspondence, reports, and record keeping shall be included in the Consultant’s overhead and not billed as a separate charge to NYSDOT. Non-billable time spent on these tasks shall be separated on the timesheet as “non-billable”.

4.2.9 Scheduling
a. The Consultant shall provide adequate staff coverage for HVTMC management, operations and support during emergency and extraordinary incidents or events. It is expected that the Consultant will have management present at the HVTMC when the NYSDO Regional Operations Center (ROC) is activated for storms or other major events.
b. The Consultant shall ensure that staffing levels are adequate to cover sick and vacation leave, and holidays, as well as provide adequate breaks as defined by NYS Labor Law. During meal periods, on holiday weekends, special events, and/or emergency conditions, increased staffing may be required by NYSDOT.
c. During the term of this contract, it is anticipated that the functions of the TMCs may expand. If the NYSDOT deems that additional Consultant personnel are necessary to operate the expanded functionality, the Consultant shall provide additional personnel as long as the financial projection of such provision does not cause the contract to exceed the Maximum Amount Payable. If additional funding, in excess of the Maximum Amount Payable, is necessary additional staff shall be added through the execution of a supplemental agreement to be approved by the NYS Attorney General and Office of the State Comptroller. and the job rates shall be consistent with the agreed upon Contract Job Title rates in the contract.
d. The Consultant must provide workload analysis to justify any possible increase in resources.
e. The Consultant shall provide coverage for Task 2, 3, 4, 5, 6 and 7 personnel during absences. The Consultant Operations Manager and Assistant Operations Manager, as personnel assigned to Task 1, may be assigned to occasionally accomplish duties under Tasks 2 and 3 when personnel assigned to those tasks are absent.
f. If at any time during the term of the contract and for any reason, an individual has to perform the tasks of another individual at a lower Contract Job Title, then the Consultant shall be reimbursed at the lower Contract Job Title. For example, if a Systems Operator III has to fill-in for a System Operator I, then the Consultant shall be reimbursed at the System Operator I rate as long as the System Operator III performs the System Operator I tasks. However, at no time will the reverse happen. For example, if a System Operator II has to fill-in for a System Operator III, the Consultant shall be reimbursed at the System Operator II rate.
g. Overtime premiums paid by the Consultant due to failure to fill staff vacancies for more than 30 calendar days will not be reimbursed by NYSDOT and will be the sole responsibility of the Consultant. As part of the invoice package the Consultant shall submit a report identifying the number of days each position has been vacant in order to be reimbursed for the associated overtime.
h. The Consultant shall track additional hours to the schedule and worked hours in excess 40 hours per week and shall:
   a. Minimize OT
   b. Submit request with justification for OT approval, prior to the start of OT
c. Include above documentation in invoice including the final weekly schedules. Include a bi-weekly report of OT trends.

4.2.10 Additional Requirements
Currently, the HVTMC has state staff in the role of ITS Engineer. The Consultant shall collaborate and coordinate with the ITS Engineer for task 5a and 5b functions. NYSDOT may, in the future, elect to replace the current State staff in the role of ITS Engineer with staff provided by the Consultant. If a replacement is required, the additional staff would be added through a supplemental agreement.

4.3 Scope of Work
Below is a list of the tasks and subtasks to be performed in the Scope of Work for the operation services at the TMCs.

<table>

</tbody>
</table>

Each task is described in detail in Attachment 17: Work Task Descriptions, and are assigned to specific operations titles.

4.4 Deliverables

All records/reports must be in Word, Excel, Adobe® PDF or another format acceptable to NYSDOT. Documents must be available when requested by NYSDOT or automatically shared with NYSDOT in electronic format via e-mail or managed file transfer (for larger sized documents). Should NYSDOT request to review records pertaining to this contract
at the selected Consultant’s offices, NYSDOT shall be given access to those files upon reasonable notice.

The Consultant must maintain all records at a location accessible by NYSDOT staff and in an electronic format acceptable to NYSDOT. Per the contract, all information/records produced under this project are the property of NYSDOT. Should the work between NYSDOT and the selected Consultant be terminated, all information/records shall be turned over to NYSDOT or its designated recipient immediately upon request.
5. PROPOSAL FORMAT AND CONTENTS

For the purpose of this evaluation, each Proposal must be submitted in two (2) parts, bound separately in 3-ring binders, with tabbed sections. Part I shall consist of the Technical and Management Submittal/Proposal. Part II shall consist of the Cost and Administrative Submittal/Proposal. Each part of the Proposal must be complete in itself in order that the evaluation of both parts can be accomplished independently and concurrently, and the Technical and Management Submittal/Proposal can be evaluated strictly on the basis of its merits. Cost information is not to be included in the Part I submittal. Your Proposal should follow the format listed below.

Web links, photographs, and illustrations (except for the organizational chart) are not to be included unless specifically required in this section.

NOTE: NYSDOT will protect confidential and proprietary information from disclosure to the extent permitted by the Freedom of Information Law (“FOIL”), Article 6 of the Public Officers Law. If an offerer believes information included in their Proposal is confidential and proprietary, they should identify those page(s) of their Proposal which contain such information as “confidential and proprietary”. Additionally, offerers need to explain the reason(s) why this information should be considered exempt from public disclosure under FOIL. This information is to be provided in the Cover Letter.

NOTE: Cost information is NOT to be included in the Part I submittal, and Technical and Management information is NOT to be included in the Part II submittal.

5.1 Part I: Technical and Management Submittal/Proposal

Part I shall include the following sections:

5.1.1 Cover Letter, and Title Page, including:

Name, address and phone number of the Proposer, and the name, title, address, email, and telephone number of person(s) with authority to negotiate and who may be contacted during the procurement process. Provide a brief description of the proposed approach, work effort, and resulting product. Confidential and proprietary information should also be identified and addressed in this section. Not to exceed a single page for the Cover Letter and a single page for the Title Page.

5.1.2 A Table of Contents

All sections separated by labeled tabs, and every page shall be sequentially numbered from 1 – “last”.
5.1.3 Narrative Description

Provide a discussion on the important issues involved in the implementation of this effort. Include enough substantive discussion to demonstrate an understanding of NYSDOT project objectives and familiarity with applicable laws, rules, etc. **Not to exceed a single one-sided page.**

5.1.4 Approach, Scope of Services, and Schedule

Describe the approach for implementing the Scope of Services as outlined in Section 4 of this RFP. The approach should be based on the scope of services on these tasks. Describe the approach for managing and delivering the contracts 12.23% DBE goal, including the Commercially Useful Function (CUF) the DBE firm(s) would be providing. **Not to exceed 5 double-sided pages.**

Describe, in detail, the plan for accomplishing the following:

a. Providing managerial/administrative support to coordinate the overall effort to provide the required services outlined in Section 4.3 and Attachment 17, in an effective and cost-efficient manner. The response shall be a detailed description itemized by task number. If subconsultants are proposed, describe the need, indicate the arrangements, and detail how coordination will be achieved between parties.

b. Employee Development/Performance/Recruitment/retention, (cross) training, and scheduling (assigning and substituting system operators, dispatchers and field technicians to ensure adequate system coverage), should be included in this discussion; as well as how staff will be assigned to the various shifts (i.e., what provisions will be made for coverage during vacations, illnesses and absences); and the specifics actions to minimize personnel turnover.

c. Describe the communication and coordination with other NYSDOT Regions, outside agencies and partners including, but not limited to: local government officials, agencies, law enforcement, and offices of emergency management, etc. Additionally, interaction with firms and organizations engaged in gathering and disseminating traffic information, and the media should also be included.

d. Describe the approach to Information Technology security, configuration management, system architecture, ITS Systems Management, IT and ITS system documentation, asset management, accountability and system connectivity.

e. Describe the Firm’s approach to ensuring a smooth transition from the existing contract operations to the new contract operations, including the plan to recruit and hire current incumbent staff, if applicable. Additionally, describe the transition plan as it relates to new positions that do not currently exist.
NOTE: The proposer may suggest alternative tasks which could improve the ability of the project to meet its objectives. NYSDOT wants to allow maximum flexibility for the inclusion and consideration of ideas, initiative and creativity of the proposer. Alternative tasks and suggestions are encouraged and will be reviewed with interest within the framework of the stated objectives and scope of services for the project. Deviations which meet the RFP’s goals and objectives, and which address all Consultant personnel items specified in this RFP shall be evaluated. The proposer must fully explain and justify the approach. The proposer shall also, include a schedule for completion of the project tasks showing the duration of each task and all major milestones, and include a list of technical assumptions. If a proposer grossly departs from the scope of services in this RFP, without justification and merit, it may be found non-responsive. If a proposer finds the general scope of services requires clarification, they must ask for clarification during the Q&A period which is held prior to the submission due date.

5.1.5 Experience

The qualifications and prior experience of the proposer are important to NYSDOT. Demonstrated, successful experience in managing and coordinating multiple, interdisciplinary contracts/projects in Transportation Operations Management, 911 centers, military dispatching, or other operations dispatching are preferable. The Technical and Management Submittal should detail and demonstrate the relevant experience of the firms (both prime and subconsultants) to be assigned to this effort in the following areas (Not to exceed 2 double-sided pages):

Operations & Complex projects:
- Managing and coordinating complex projects comprised of diverse tasks;
- Managing operations or dispatching contracts. Should include a listing of prior experience for which the proposing firm has been the prime operational consultant for any or all of the past five (5) years. Include relevant work experience, a description of the goals and objectives, titles of staff, and experience reacting to day-to-day routine situations as well as experience in reacting to emergency situations (weather or otherwise);
- Written and oral communication and technical writing for revising policy and procedural guidance documentation and manuals.

Communications/Coordination:
- Public relations, communications with the media, and coordination with other agencies, (emergency responders, law enforcement, municipalities, emergency operations centers).

Condition Reporting and Asset Management
- Condition monitoring (weather, construction activity and work-zone monitoring, and other activities); Data collection and reporting, performance measurement and asset management.

Employee Development and HR
• Human resource management including: managerial and administrative support to off-site, 24/7/365 operations personnel;
• Recruiting and retaining qualified staff, employee development, employee performance and quality control and assurance;
• Training (including: computer, ATMS or similar applications, operations dispatching, effective communications, office applications and other)

Technical:
• Firm’s ability to provide “in-house” operational and technical support services to Operations Manager and System Engineer/Administrators;
• Computer-assisted control and operation of information and resource management tools (Advanced Transpiration Management Systems or similar systems).
• Quality, extent and relevance of experience in system networking, software applications (including ATMS), electronic and communications equipment management, troubleshooting and repair.

Relevant experience of all firm team members is to be presented in a narrative format. In addition to this narrative, provide a listing of each consultant team member’s (firm level, not staff level) prior or current projects (within the last five (5) years) which are relevant to this effort. Provide a brief summary of the firm’s function under each of the projects. Indicate Personnel who have worked on these projects and will be assigned to this effort, and identify their area(s) of expertise. Include names, addresses, email addresses, and telephone numbers of contacts with listed clients. **Not to exceed 2 double-sided pages.**

The Project Manager’s resume is required to be submitted with the Technical and Management Submittal/Proposal. The Resume shall address the General Function, Organization Relationships, and Desired Qualifications as described in Attachment 15: Contract Job Title Descriptions and Qualifications. Experience in TMC operations, Transportation Operations Management, 911 center operations, military dispatching, or other operations dispatching support should be emphasized in the resume.

The proposer shall provide a completed Attachment 14: Consultant Key Personnel Resume and Reference Form for the Project Manager. **Not to exceed 2 double sided pages.** Include names, addresses, email addresses, and phone numbers of contact points with the listed clients.

NYSDOT reserves the right to request information from any source so named as well as seeking additional references should ones offered fail to verify attested experience. Previous, comparable work experience with NYSDOT is eligible.

5.1.6 Organization and Staffing
Describe the organization of the proposing firm/team and proposed staffing plan to enable operating and managing the TMC. Consultant staff at the TMC is to be self-sufficient and capable of dealing with various situations/scenarios. **Not to exceed 2 double-sided pages excluding organizational chart.**

Provide an organizational chart for the project showing the names of, at a minimum, the Project Manager and any other Key Personnel known at the time of proposal submission that will be working on this effort and responsible for the scope of services functions/tasks. Job titles shall correspond to the Contract Job Titles shown in Section 4.2.1

It is not required that incumbent staff be retained. However, it is desirable to retain the institutional and working knowledge of key members of the team. Additionally, it is understood that it may be difficult to recruit incumbent staff prior to submitting a proposal. As such, it is **not necessary to negotiate with or gain employment acceptance from any incumbent staff prior to the submittal.** If the firm intends to recruit incumbent staff, those individuals should be clearly identified in your organizational chart along with your intention to recruit.

Provide the proposed management plan to ensure minimum staffing levels are met (Attempts of recruiting incumbent personnel can occur after notice of designation). Provide the proposed management plan to ensure effective and efficient delivery of services while meeting the project objectives. If subconsultants are to be used, explain the specific need for the expertise and describe the arrangements. The Consultant’s Project Manager shall serve as the primary contact with the NYSDOT Project Manager. The Consultant’s Project Manager & Operations Manager are responsible for the performance of all Consultant and subconsultant personnel assigned to this Agreement by the Consultant, as well as contractual matters on the Consultant’s side. Describe the level and type of interaction with NYSDOT.

**5.1.7 Transition**

Describe all actions and processes required, if awarded the contract, that the Consultant will undertake to progress a smooth transition as both the outgoing and incoming firm as designated consultant and as firm transitioning out. Be specific using tasks as listed under section 4.3, and as described in Task 10. **Not to exceed one single side page.**
5.2 Part II: Cost and Administrative Submittal/Proposal

5.2.1 Part II: Cost and Administrative Submittal/Proposal shall include the following sections:

- A Cost Proposal which shall set forth the pricing offer (total budget of labor, overhead fee/profit and DNSC) to perform the work in the Scope of Services during the contract’s base term period (3 years); and
- An Administrative Section, which shall specify the proposer’s acceptance of the terms and conditions contained in the draft Contract enclosed as Attachment 1 to this RFP, as well as several other administrative items.

NOTE: All proposals shall be based on 24 hours a day, 7 days a week, 365 days a year operation of the TMC System. NYSDOT reserves the option to reduce the number of hours of operation of the TMC System.

5.2.2 Cost Proposal Section:

NYSDOT requires that all cost information be presented using the RFP-provided Microsoft Excel spreadsheets (See Attachment 18 Cost Proposal Workbook) in both a hard copy included in Part II: Cost and Administrative Submittal/Proposal and an electronic copy on Thumbdrive.

Proposed staff shall be assigned to one of the ten (10) contract job titles previously mentioned, provided below and repeated in Attachment 15 – Contract Job Title Descriptions and Qualifications. The proposer shall only use the specified Contract Job Titles provided in Attachment 18 when preparing its Cost Proposal:

Each Cost Proposal must contain a labeled Cost Proposal Spreadsheet which includes the following worksheets: Salary Schedule, Staffing Schedule, Sample of Direct Non-Salary Costs, and Summary of Costs. Each worksheet within the spreadsheet shall include information for all firms on the proposed team (prime and each subconsultant). Attachment 16: Cost Proposal Workbook Instructions includes directions for completion of the Cost Proposal Workbook and all of the included worksheets.

The proposing firm’s cost will be determined as a result of the entries (made by the proposing prime firm) in the above referenced Cost Proposal Spreadsheets/worksheets. Firms must enter their information on these sheets as instructed in both Attachment 16: Cost Proposal Workbook Instructions and Attachment 18: Cost Proposal Workbook.

5.2.2.1 Guidelines for Direct Salaries

- The System Operators’ Approved Minimum Hourly Rate for Year 1-3 of the Contract shall be as follows:
- System Operator IV (Assistant Operations Manager) – $24.00
- System Operator III – $22.00
- System Operator II– $21.00
- System Operator I – $19.00
- System Operator (Trainee) - $18.00

Other Contract Job Titles are not bound by Minimum Hourly Rates.

- Overtime is reimbursable by the categories below, and only if the Proposer has a policy to pay overtime compensation:
  
  Category A = No overtime compensation
  Category B = Overtime compensation at straight time rate
  Category C = Overtime compensation at straight time rate x 1.5

<table>

</table>

- The State will only pay an overtime premium (50% of base hourly rate) after the employee has worked more than forty (40) hours during the calendar week at the TMC. Holiday and other paid time off cannot be counted towards the forty (40) hours minimum.

- The State will only pay the straight time rates for all Category “B” designated Consultant Personnel, for all overtime hours regardless of hours worked. Management, or Category “A” designated Consultant Personnel will not be paid any overtime wages regardless of the number of hours worked.

- If the contract is extended for the optional extension years, the contractor’s out-year labor rates are subject to the following rate adjustment rule: the Producer Price Index (PPI); as published by the U.S. Department of Labor, Bureau of Labor Statistics, or 2% whichever is lower, subject to current market conditions. The rate adjustment will be effective on August 1st and calculated using the previous May Index, using Series ID PCU5413—5413—(Architectural, Engineering, and related services) http://data.bls.gov/timeseries/PCU5413--5413--?data_tool=XGtable. NYSDOT reserves the right to request zero percent rate increases during the term of the contract with a firm under contract.

5.2.2.2 Guidelines for Direct Non-Salary Expenses
• Any costs associated (including labor, travel, meals and lodging) with general continuing education, certification classes, or educational and professional activities are not reimbursable or chargeable to the project.

• All estimates of direct non-salary expenses in the agreed-upon contract are subject to reasonable reimbursement by NYSDOT; in accordance with NYS Procurement Guidelines, review and prior approval by NYSDOT.

• Travel, meals, and lodging reimbursements shall be limited to the prevailing maximum rates established by the State Comptroller. The latest state and nationwide rates are available at the following Website: http://gsa.gov

• For Cost Proposal purposes, several direct non-salary costs associated with this project cannot be estimated at this time. Therefore, NYSDOT is directing proposing firms to only make entries to the Direct Non-Salary Cost as directed. For more information, refer to Attachment 16: Cost Proposal Workbook Instructions.

5.2.2.3 Guidelines for Overhead Rates and Fixed Fee

• Overhead rates will be fixed during the term of the contract (base years). Changes to overhead rates may be negotiated for the extension years.

• Base hourly rates paid to staff shall be equal or greater than the UNLOADED STRAIGHT TIME RATES proposed in Attachment 18: Cost Proposal Workbook. Each roster will be certified by an officer (CFO) of the firm, prime or subconsultant, as being accurate.

• Fixed fee shall be calculated based on the percentage of fixed fee proposed times the total straight time salary and overhead costs. Fixed fee is not calculated on any portion of overtime costs.

5.2.3 Administrative Section

All signatures on each copy must be an original.

5.2.3.1 Vendor Responsibility

In accordance with the NYS Finance Law, NYSDOT will only make contract award to vendors that are determined to be responsive and responsible. All proposers of contracts valued at $100,000 or more will be required to submit a Vendor Responsibility Questionnaire through the Office of the State Comptroller website via http://www.osc.state.ny.us/vendrep/index.htm before negotiation of a contract. Proposers must certify the accuracy of the information they provide in the questionnaire.

In addition, any subcontractor providing services valued at $100,000 or more is required to submit Vendor Responsibility Questionnaire through the Office of the State Comptroller website.

5.2.3.2 Acceptance of Agreement Terms and Conditions
Proposers shall complete and submit **Attachment 2: Consultant Information and Certification Forms**, to indicate their acceptance of all terms and conditions contained in **Attachment 1: Draft Contract**. **Attachment 2: Consultant Information and Certification Forms** also requires the signature of an official authorized to bind the Proposer to all provisions, a statement certifying that the Proposal shall remain valid for at least 365 days, a statement that the firm accepts the RFP’s Scope of Services “as-is”, and a statement that, if awarded the contract, the Proposer will comply with all the requirements of the RFP, including all attachments. Altering this form without the prior expressed written approval of NYSDOT is prohibited and may lead to the Proposal being deemed non-responsive and subsequently dismissed.

**No exceptions to any of the draft contract’s terms and conditions will be entertained by NYSDOT.** Conditional bids will be deemed non-responsive.

5.2.3.3 DBE Participation
1. Complete and submit **Attachment 8: DBE Participation Information**. Provide the legal names of all certified DBE consultants (prime and/or subconsultant)
2. For firms whose DBE participation is less than the established goal stated in section 2 (or where prime consultants certified as a DBE proposed to meet the Department’s DBE participation goal via their meaningful participation), the firm must also complete and submit **Attachment 8a: DBE Subconsultant Participation Solicitation Log**. Submission of a **Goal Attainment Letter** shall be required for Proposals with either partial or no goal attainment.

5.2.3.4 Modification Acknowledgement Form
The Proposal shall include a completed **Attachment 3: Form AOR, Acknowledgement of Receipt**, indicating receipt of any Modifications issued by the Department.

5.2.3.5 Procurement Lobbying Law
Filing the two required forms is **mandatory** for all consultants to be considered for contract award. These forms are:
- Offeror’s Affirmation of Understanding of an Agreement pursuant to State Finance Law §139-j(3) and §139-j(g)(b)
- Offeror Disclosure of Prior Non-Responsibility Determinations

Failure to submit the required PLL forms with the Proposal will result in elimination from consideration for contract award.
Per the Procurement Lobbying Law of 2005, any person who wishes to contact NYSDOT regarding this procurement during the restricted period (i.e., from advertising through designation), may only contact the person(s) noted in Section 1.4 of this RFP.

For additional information, refer to Attachment 5: Procurement Lobbying Law Compliance.

5.2.3.6 Proposers must complete and submit Attachment 6: Non-Collusive Bidding Certification.

5.2.3.7 Proposers must complete and submit Attachment 7: Vendor Assurance of No Conflict of Interest and Detrimental Effect

5.2.3.8 Consultant Identification Number (CIN)

All respondents to this solicitation must reference their Consultant Identification Number (CIN) in their Part II proposal (reference and complete Attachment 2).

- If a proposing firm does not have a CIN and it is selected for contract award, the firm will be required to obtain one through the following NYSDOT Web site prior to negotiation of the contract: “How to Register a New Consultant Firm with NYSDOT” at: https://www.dot.ny.gov/main/business-center/consultants/forms-publications-and-instructions?nd=nysdot
6. CRITERIA FOR EVALUATION OF PROPOSALS

6.1 General

Proposals shall be pre-screened to determine if they meet the minimum RFP responsiveness (Refer to Section 1.3). Those who do not shall be deemed non-responsive and shall be removed from further consideration.

Proposals shall then be evaluated by the Department using a Best Value Method evaluation process based on the technical cost criteria described below. Technical considerations are of greater importance than pricing considerations; however, price is a significant factor in the Department’s evaluation of Proposals. Technical Proposals will be scored based on the information provided under Section 5.1 in accordance with the pre-established criteria listed in Section 6.3. The cost portion of Section 5.2 will be point scored in accordance with the pre-established criteria listed in Section 6.4.

Technical and Management Proposal evaluation will be accomplished by a representative committee comprised, as appropriate, of technical, program and management personnel. Technical Evaluation Committee (TEC) members will score each Proposal individually and then meet as a group to discuss the Proposals. TEC members will be allowed to revise scores on the basis of the group discussion. Only Proposals determined to be technical acceptable and susceptible to contract award will be considered further and have their cost Proposal included in the selection process.

Proposers responding to this RFP may be requested to clarify issues or to provide additional insights into their Proposal through written clarification and/or technical interviews. If written clarifications are required to complete the technical evaluation of Proposals, evaluators will be allowed to revise their technical scores based on this additional information. Furthermore, the Department reserves the right to ask clarifying questions regarding each cost Proposals, DBE participation as well.

An award shall be made to the Proposer with the highest total score after considering all technical and cost evaluation factors. Should the Department opt to request best and final offers, it reserves the right to re-score technical and cost Proposals. Further, the Department reserves the right to re-score technical and cost Proposals should a firm withdraw from this solicitation or be deemed non-responsive after initial evaluation and scoring.

NOTE: In the event two or more Proposals are found to be “substantially equivalent”, the Department reserves the right to award the contract under the terms of State Finance Law §163(10)(a).
6.2 Pre-Screening of Proposals

The Department will conduct a pre-screening of each Proposal to ensure all contents have been submitted in accordance with the minimum Proposal responsiveness requirements as specified in the RFP. RFP specifications include that it is the Department’s sole discretionary determination as to whether a Proposal is complete (Refer to “Minimum RFP Responsiveness” Section 1.3). Proposals which do not meet the specifications in the Minimum RFP Responsiveness section will be deemed non-responsive by the Department and will not be considered further.

As part of the pre-screening process, the proposed DBE participation percentages offered for NYSUCP certified prime consultants and/or NYSUCP certified subconsultants will be reviewed (Attachment 8 DBE Participation Information). To count towards the Department’s DBE participation goal, each firm must be currently listed in the NYSUCP Directory. If the proposed DBE participation is less than the established 12.23 percent goal (or where a prime consultant’s certification as a DBE proposes to meet the Department’s DBE participation goal via their meaningful participation) the firm’s evidence of Good Faith Effort (Attachment 8a: DBE Subconsultant Participation Solicitation Log) to achieve the goal will be reviewed, along with the firm’s letter of explanation (Goal Attainment Letter) as to why it was unable to meet the goal. During the review process, which will include verification of a firm’s Good Faith Effort evidence, if it is determined by the Department that the firm did not provide an acceptable Good Faith Effort, then the Proposal will be deemed non-responsive and will be removed from further consideration.

6.3 Technical and Management

The technical and management Proposal will be scored and will represent 70% total score for a Proposal. The major evaluation criteria are listed in descending order of importance. Sub-criteria within major evaluation factors are also in descending order of importance.

A Proposal to be deemed technically acceptable and susceptible to contract award must receive an average weighted technical evaluation committee score of 49 points out of a total possible 70 points.

The proposer shall provide a detailed response that describes how they will meet each requirement in Section 4 of the RFP.

Proposers shall begin this section by reiterating that the firm accepts the scope of services advertised in the RFP.

The proposal with the highest final weighted technical score will receive a perfected score of 70 points. Other technically acceptable proposals will have their score perfected as well and will receive a proportionately lower final technical score.
The major evaluation criteria are listed in descending order of importance. Sub-criteria within major evaluation factors are also in descending order of importance.

1. Experience of Firm and Personnel (up to 35 points)
   a. Operations & Complex projects: (up to 10 points)
      • Managing and coordinating complex projects
      • Managing operations or dispatching contracts
   b. Communications/Coordination (up to 5 points)
      • Public relations, communications with the media, and coordination with other agencies
      • Communications, written, oral and technical
   c. Condition Reporting and Asset Management (up to 5 points)
      • Condition monitoring (weather, construction activity and work-zone monitoring, and other activities); Data collection and reporting, performance measurement and asset management
   d. Employee Development and HR (up to 5 points)
      • Human resource management including: managerial and administrative support to off-site, 24/7/365 operations personnel;
   e. Technical (up to 10 points):
      • Firm’s ability to provide “in-house” operational and technical support services to Operations Manager and System Engineer/Administrators;
      • Computer-assisted control and operation of information and resource management tools (Advanced Transpiration Management Systems or similar systems).
      • Quality, extent and relevance of experience in system networking, software applications (including ATMS), electronic and communications equipment management, troubleshooting and repair.

2. Approach and Scope of Services (up to 30 points)
   NOTE: A firm shall be evaluated based upon the offered tasks/work proposed in the Consultant’s scope of services and as was requested in this RFP. Additional services or value-added work shall not be evaluated; however, any non-scope optional work items may be discussed with the selected consultant after contract execution.
   a. Approach to providing managerial/administrative support to coordinate the overall effort to provide the required services outlined in Section 4.3 and Attachment 17, in an effective and cost-efficient manner. (up to 6 points)
   b. Approach to Employee Development/Performance/Recruitment/retention, (cross) training, and scheduling. (up to 8 points)
   c. Firm’s ability and approach to communication and coordination with other NYSDOT Regions, outside agencies and partners including, but not limited to: local government officials, agencies, law enforcement, and offices of emergency management, etc. (up to 5 points)
d. Information Technology and electronics and communications technology approach to ensure high competency in staff to address system security, configuration management, system architecture, ITS Systems Management, IT and ITS system documentation, asset management, systems and component trouble shooting, accountability and system connectivity. (up to 6 points)

e. Quality and reasonableness of the Firm’s transition plan. (up to 5 points)

3. Organization and Staffing (5 points)
  a. Reasonableness of organization’s structure as it relates to carrying out tasks required by the contract, including the proposed plan for the use and coordination of subconsultants, if any. (up to 5 points)

6.4 Written Technical Proposal Clarifications
The Department reserves the right to seek written clarifications from firms submitting Proposals to assure a full understanding of their responsiveness to the technical requirements. A Proposer may be required to provide written clarifications at any time during the Proposal evaluation process. Evaluators will be allowed to revise their technical Proposal scores based on receipt and consideration of this additional clarifying information and follow-up TEC discussions. Reasons for any score changes shall be documented.

6.5 Cost
The cost portion of the cost and administrative Proposal will be point scored and will represent 30% of the total score for a Proposal up to 30 points. The calculation of a cost score will be based upon the Total Estimated Cost for the three (3) year base term as presented on Attachment 18: Cost Proposal Workbook, Cost Summary Project Term Total, as determined by the following method:

1. The lowest cost Proposal will be perfected to receive the full amount of points.
2. Proposals with higher cost Proposal will receive proportionally lower cost Proposal scores.
3. This point total will be calculated by dividing the lowest proposed price by the total price of each Proposal, multiplied by the maximum weight for the cost Proposal (30%).
4. Cost scoring results shall be used to determine which Proposals are to be shortlisted/which firms are susceptible to contract award (best value determination). A final cost score shall be calculated once all cost Proposal evaluation has been completed.

Only Cost Proposals from that have been deemed technically acceptable and susceptible to contract award per section 6.3 of this RFP will be evaluated and scored.
6.6 Proposal Shortlisting

The short-listing rule for this solicitation shall be: Any Proposal that achieves a weighted technical Proposal score of 49 or greater out of the total possible 70 points after group discussions. Proposal receiving less than 49 points will be eliminated and shall not be included in the remaining best value evaluation process steps (not included in the subsequent Proposal scoring process). Such a firm’s Proposal shall be classified as “Did Not Finish” in the procurement record.

6.7 Best & Final Offer (BAFO; Optional) & Proposal Withdrawal

The Department reserves the right to request Best and Final Offers from firms which make the shortlist. Any Best and Final Offer request may ask additional further clarifying technical and/or cost Proposal questions of Proposers to further clarify their submitted Proposals. The Department also may request a cost only BAFO. Should the Department opt to request BAFOs, all shortlisted Proposers will receive a BAFO request. Responding Proposers will be allowed to submit a Best and Final Offer (technical and/or cost); Proposers may opt to not submit a BAFO. TEC members will be allowed to revise the technical scores for the written technical Proposal based on considerations of any new or changed technical Proposal information contained in any Best and Final Offer (TEC members will re-sign and date the score sheets). If changes to a Proposer’s technical Proposal lead to corresponding, necessary revisions to their Cost Proposal (or should a firm opt to clarify their Cost Proposal) or should the Department opt to request cost-only BAFOs, the Department’s Designated Representative shall make the necessary, appropriate adjustments to that Proposer’s cost Proposal evaluation.

Should any firm withdraw their Proposal after a possible BAFO request, the Department will remove that Proposal’s technical and cost information from the Best Value evaluation documentation and shall recalculate the remaining field’s technical and cost scores (without the withdrawn Proposer’s information).

6.8 Final Best Value Evaluation

After evaluation of all technical information submitted by competing Proposers (i.e., initial written technical Proposals, written clarifications, and possible Best and Final Offers), the Department will perfect (curve) the weighted written technical Proposal scores so that the highest weighted written technical Proposal score will be assigned a perfect score of 70 points with the other lower weighted written technical Proposal scores adjusted proportionately downward. Perfect cost scoring results (up to 30 points) will be added to the perfected technical Proposal score to generate a tentative final best value score by Proposer. Proposers shall be ranked in Final Best Value score order (highest to lowest).
Tie-Breaking Rule: Should any of the tentative final Best Value scores of one or more Proposals lie within 2 points of each other, then State Finance Law Section §163(10)(a) shall be used to settle any ties.

Once all possible score ties have cleared, the Department will determine the Final Best Value Score, where after the Proposal with the highest Final Best Value score shall be recommended to the Department’s Executive Management for contract award.

6.9 Consultant Selection Recommendation & Tentative Contract Award

A consultant selection and designation memo shall be prepared and forwarded to the applicable Department’s Executive Manager(s) with an accompanying evaluation process results report. The memo shall recommend selection of the top-ranked Best Value Consultant for tentative contract award. The Executive Manager(s) will be asked to concur with the final conclusion of the Proposal evaluation process and designate the Best Value consultant based upon the above results.

Should negotiations with the Best Value Consultant fail to produce an agreed upon contract(s), then the Department’s Executive Management will designate the tentative contract award to the next highest ranked Best Value Consultant. The Department will then enter into negotiations with the second-ranked Best Value Consultant. This process may repeat itself until acceptable contracts are consummated.

At the conclusion of the evaluation process, an announcement of the Department’s designation(s) will be posted on the Department website. All non-designated firms shall be notified in writing regarding the results from the solicitation, and will be offered an opportunity to hold a debriefing. Debriefing request should be made to the Department’s Designated Contact within 5 calendar days of the designation notice. Further, it is expressly understood that this Request for Proposals does not commit the Department to award a contract, pay any costs incurred in the preparation of a Proposal to this request, or to procure or contract any services or supplies. Further, the Department shall have no obligation or liability whatsoever to the Consultant selected as a result of this solicitation unless and until a contract satisfactory to the Department is approved and executed by the Consultant and all necessary State officials.
7.0 ADMINISTRATIVE SPECIFICATIONS

7.1 Proposal Submission

The Proposal shall be signed by an official authorized to bind the Proposer.

For each Lot, Proposers shall submit one (1) original plus six (6) copies of Part I – Technical and Management Submittal/Proposal and one original (1) plus three (3) copies of Part II – Cost and Administrative Submittal/Proposal. One (1) electronic copy of Part I – Technical and Management Submittal/Proposal and one (1) electronic copy of Part II Cost and Administrative Submittal/Proposal on a single thumbdrive.

All Proposals must be received by the Department by Noon on August 14, 2019. The Proposal must be addressed to:

Patricia Kappeller  
NYS Department of Transportation  
Contract Management Bureau  
50 Wolf Rd, 6th Floor  
Albany, NY 12232  
Attn: # C037694 – Operation of the Hudson Valley Transportation Management Center

7.2 State’s Rights

All Proposals, upon submission to the Department, shall become its property for use as deemed appropriate. By submitting a Proposal, the Proposer covenants not to make any claim for or have any right to damages because of any misinterpretation or misunderstanding of the specification, or because of any misinformation or lack of information. The Department assets the following prerogatives with regard to Proposals submitted:

a. Reject any or all Proposals received in response to this RFP;
b. Withdraw the RFP at any time, at the Department’s sole discretion;
c. Make an award under the RFP in whole or in part;
d. Disqualify any bidder whose conduct and/or Proposal fails to conform to the requirements of the RFP;
e. Seek clarifications and revisions of Proposals;
f. Use Proposal information obtained through site visits, management interviews and the State’s investigation of a Proposer’s qualifications, experience, ability or financial standing, and any material or information submitted by the Proposer in response to the agency’s request for clarifying information in the course of evaluation and/or selection under the RFP;
Prior to the Proposal due date, amend the RFP specifications to correct errors or oversights, or to supply additional information, as it becomes available;

Prior to the Proposal due date, direct Proposers to submit Proposal modifications addressing subsequent RFP amendments;

Change any of the scheduled dates;

Eliminate any mandatory, non-material specifications that cannot be complied with by all prospective Proposers;

Waive any requirements that are not material;

Negotiate with the successful Proposer within the scope of the RFP in the best interests of the State;

Conduct contract negotiations with the next responsible Proposer, should the Department be unsuccessful in negotiating with the selected Proposer;

Utilize any and all ideas submitted in the Proposals received;

Require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors for the purpose of assuring a full and complete understanding of a Proposer’s Proposal and/or to determine a Proposal’s compliance with the requirements of solicitation.

Any contract entered into pursuant to an award of this solicitation shall contain a provision which grants to option to extend the terms and conditions of such contract to any other New York State agency. However, any response to this solicitation shall be based solely on the purpose of this solicitation and shall not factor in the possibility that this contract may, in the future, be applicable to other state agencies. Please be advised that any award made pursuant to this solicitation shall be based on the specific requirement of this solicitation only.

7.3 Consultant Responsibility when Proposing Former NYSDOT Employees

It is the Consultant’s responsibility to ensure they propose staff that is eligible to work on the proposed project. It is an individual’s responsibility to comply with the Public Officer’s Law.

The following procedure applies if either of the following criteria is met:

- It is two (2) years or less between the date that the individual is proposed and the individual’s date of separation from the Department.
- The individual proposed has worked on the project while employed at the Department regardless of how long ago they left the Department.

Procedure

- Before the Consultant proposes an individual, the individual must obtain an opinion from the New York State Joint Commission on Public Ethics (http://jcope.ny.gov) that approves their participation on the project as they are proposed.
- A copy of this opinion must be on file in the Consultant’s office and available for review by the Department if requested.
c. Failure to obtain New York State Joint Commission on Public Ethics approval for an individual’s participation in a project may jeopardize the firm’s designation for that project.

7.4 Method of Payment

Payment for services provided under the agreement resulting from this RFP will be fixed for the duration of the agreement unless changed by an executed supplemental agreement. The Consultant shall designate a Billing Representative who will be responsible for resolving any invoicing issues during the term of the Contract.

The project shall be a specific hourly rate combined with a cost plus fixed fee reimbursement methodology.

Request for progress and final payments shall be made by the Consultant on standard payment request forms (FIN 421). Use proper procedure for billing each deliverable: Submit a draft billing to the Department’s Project Manager via the following sample electronic billing: https://www.dot.ny.gov/main/business-center/consultants/forms-publications-and-instructions. The sample spreadsheet contains the proper, required billing forms, as well as a sample billing. The Department’s Project Manager will respond via email either with comments/corrections or with an approval to submit the final billing via signed hardcopy. The last and final payment will become due and payable within thirty (30) days after delivery of the final deliverable(s) and a standard NYS FIN 421 payment request form.

7.5 Information for the Selected Consultant

7.5.1 On acceptance of this proposal for said work the Consultant understands and does or do hereby bind himself/herself or itself/themselves to enter into a written contract within 14 calendar days of date of notice of award, with NYSDOT. If the Consultant fails to comply with this requirement NYSDOT in its sole discretion may deem the Consultant’s proposal non-responsive.

7.5.2 Staffing after Notice of Designation - During the negotiations phase of the procurement process of the original award the Designated Consultant is responsible for providing NYSDOT’s Project Manager a certified salary roster for all persons being offered to provide services under the resulting contract. The certified salary roster shall contain the names of proposed staff, their employer, their respective Contract Job Title and base UNLOADED and LOADED STRAIGHT TIME AND OVERTIME HOURLY RATES. For each subsequent year of the contract the Consultant is responsible for providing to NYSDOT’s Project Manager an updated certified salary roster including the names of proposed staff, their employer, their respective Contract Job Title and base
UNLOADED and LOADED STRAIGHT TIME AND OVERTIME HOURLY RATES.

7.5.3 Vendor Responsibility – In accordance with the NYS Finance Law, the Department will only make contract award to vendors that are determined to be responsive and responsible. All selected firms of Contracts valued at $100,000 or more will be required to submit a Vendor Responsibility Questionnaire through the Office of the State Comptroller website via http://www.osc.state.ny.us/vendrep/index.htm and include certification of the questionnaire with the Cost and Administrative Submittal. Proposers must certify the accuracy of the information they provide in the questionnaire. In addition, any subconsultant/subcontractor providing services valued at $100,000 or more is required to submit a Vendor Responsibility Questionnaire through the Office of the State Comptroller and include certification of the questionnaire in the Cost and Administrative Submittal.

7.5.4 Registration with NYDOT – Consultant firms entering into contracts with the Department as prime consultants, joint venture partners or subconsultants, are required to electronically register their firm using the Consultant Selection System web application (CSSWeb). All consultant forms entering into Non-Architectural/Non-Engineering agreements are required to create and register an account to: 1) Create and assign Consultant Identification Numbers (CINs) for each office registered by the firm; and 2) Provide general firm information including, but not limited to: legal name; Federal Employment Identification Number (FEIN); ownership type; DBE, MBE, WBE, and or SDVOB status; firm principals; and office(s) address information. All consultant firms participating in a potential agreement (negotiations) must be registered electronically with the Department prior to that agreement being forwarded to the Office of the State Comptroller for approval. Registered firms are responsible for verifying and updating their registration information for the duration of the agreement.

Questions regarding the CSSWeb application and firm registration should be directed to the CSSWeb Administrator by email at css@dot.ny.gov

7.5.5 Registration with Statewide Financial System (SFS)

Should this solicitation lead to a designation, the Prime Consultant will be required to electronically register with the Statewide Financial System (SFS) – if not already registered. The Department will initiate the registration process in the SFS application and then contact the Prime Consultant to provide them with further direction for completion of the registration process. The result of this process is an established SFS vendor number assigned to the Prime Consultant. If
a firm has already registered in SFS in connection with another procurement effort, it will likely not need to re-register for this opportunity. However, a SFS vendor number is specific to a firm. Since many firms have different variations of their business identities, firms will be required to register in the name of the business entity that the Department is entering into the Contract with.

7.5.6 Consultant Employment Disclosure Requirements of this Project

Go to the Office of the State Comptroller’s Web site (http://www.osc.state.ny.us/procurement/consultantdisclosure.doc) to become familiar with Consultant Employment Disclosure requirements, which went into effect June 19, 2006. The Consultant selected for this solicitation shall be required to complete “State Consultant Services – Contractor’s Planned Employment” (Form A, Attachment 4) and submit when the contract is signed. On or before May 15th of each year the Contract is in effect the Consultant shall complete and submit copies of the “State Consultant Services Contractor’s Annual Employment Report” (Form B, Attachment 4) to the NYS Office of the State Comptroller, Department of Civil Service, and Department of Transportation.

7.5.7 Insurance Requirements of this Project

Please carefully read the terms and conditions of the Draft Contract appended as Attachment 1 of this RFP. The selected Consultant will be required to obtain and maintain the types and amounts of coverages as contained in Article 12 of the Draft Contract.

7.5.8 Contractor Tax Certification

Per Section 5-a of the NYS Tax Law, all vendors selected for contracts in excess of $100,000 for the sale of goods or services must complete and submit Forms ST-220-CA and ST-220-TD (Contractor Certifications) prior to negotiation of a contract with State agencies. You should make yourself familiar with these forms by visiting the following Websites:

7.6 Inquiries and Information

All questions concerning this solicitation must be directed only to the individual specified in Section 1.4 of this RFP. The last date to submit questions for this solicitation is stated in Section 7.8 below.
Responses to all questions of a substantive nature, as well as copies of the question will be posted to the Department web site.

**7.7 Protest Procedure**

The Department has established a protest procedure to be utilized when an interested party challenges a Non-Engineering Consultant designation by the Department. The complete procedure can be accessed via: [https://www.dot.ny.gov/main/business-center/consultants/general-info](https://www.dot.ny.gov/main/business-center/consultants/general-info).

**7.8 Tentative Schedule of Key Events**

The Department will attempt to adhere to the following tentative schedule with regard to progressing this solicitation:

Draft Contract

NEW YORK STATE DEPARTMENT OF TRANSPORTATION

F.A. NO.: _____________  P.I.N.: XXXX.XX/XXXX.XX

COMPTROLLER'S CONTRACT NO. –C037694

PROJECT: OPERATION OF HUDSON VALLEY TRANSPORTATION MANAGEMENT CENTER (HVTMC)

This Agreement made this ________ day of _______________, 201___ pursuant to Section 14 of the Transportation Law, by and between THE PEOPLE OF THE STATE OF NEW YORK (hereinafter referred to as the "STATE") acting by and through the New York State Department of Transportation (hereinafter referred to as "STATE" or “DEPARTMENT”) whose Main Office is located at 50 Wolf Road in the County of Albany, State of New York 12232, and

CONSULTANT FIRM NAME
CONSULTANT FIRM ADDRESS
(hereinafter referred to as "CONSULTANT")

WITNESSETH:

WHEREAS, the STATE desires the CONSULTANT because of its ability and reputation, to perform the services hereinafter mentioned upon the PROJECT which is fully described in SCHEDULE A and the CONSULTANT agrees to provide these services.

NOW, THEREFORE, the parties hereto, for the consideration hereinafter named, do agree as follows:

ARTICLE 1. PERFORMANCE OF WORK.

Subject to the provision of ARTICLE 14 hereof, the CONSULTANT shall perform all of the work described in SCHEDULE A generally in accordance with the CONSULTANT'S PROPOSAL and cause such work to be performed in an efficient and expeditious manner and in accordance with all of the terms and provisions of this CONTRACT. The CONSULTANT shall perform the work in accordance with professional standards and with the diligence and skill expected of a company with extensive experience in the performance of work of the type described in SCHEDULE A. The CONSULTANT shall furnish such materials, machinery, supplies, tools, equipment and other items as may reasonably be
necessary or appropriate to perform the work in accordance with this AGREEMENT. It is understood and agreed that ___________________ shall serve as the CONSULTANT's Project Manager and as such shall have the responsibility for the overall supervision and conduct of the work on behalf of the CONSULTANT and that the persons described in SCHEDULE A shall serve in the capacities described therein. Any change of key project personnel by the CONSULTANT shall be subject to the prior written approval of the STATE. The STATE reserves the option to extend the terms and conditions of this CONTRACT to any other state agency in New York subject to the approval, of all necessary state officials.

The CONSULTANT will commence work no later than ten (10) days after receiving notice to proceed from the STATE.

ARTICLE 2. DOCUMENTS FORMING THE CONTRACT.

The contract documents shall be deemed to include this AGREEMENT (including EXHIBITS), the provisions required by state and federal law to be inserted in the AGREEMENT as set forth in Appendix A, Appendix A-1, Appendix B, Appendix C, and Appendix D, Exhibit A, Schedule A (including Exhibits), Schedule B (including Exhibits), the STATE’s Request for Proposals (RFP; dated ____ ) incorporated by reference, and the CONSULTANT’s Proposal (dated ____ ) incorporated by reference.

ARTICLE 3. INSPECTION.

The duly authorized representatives of the STATE, and on Federally aided projects, representatives of the Federal Highway Administration, shall have the right at all times to inspect the work of the CONSULTANT.

ARTICLE 4. TERM OF THE AGREEMENT.

The CONSULTANT agrees that the base term of the AGREEMENT shall be 24 months from February 1, 2020 to January 31, 2022. Additionally, this AGREEMENT may be extended for up to three (3) one-year periods based on need and performance as determined by the STATE and approved by the Office of the State Comptroller.

ARTICLE 5. MAXIMUM AMOUNT.

Item I The maximum aggregate amount payable by the State to the CONSULTANT hereunder for the performance and completion of the work is $_____ unless increased by a supplemental agreement. It is understood and agreed that the STATE is will only reimburse the CONSULTANT for approved costs incurred in the performance of authorized project tasks.

Item II The CONSULTANT specifically agrees that the AGREEMENT shall be deemed executory only to the extent of the monies available, and no liability shall be incurred by the STATE beyond the monies available for the purpose.

ARTICLE 6. PROVISION FOR PAYMENT.

The STATE shall pay to the CONSULTANT and the CONSULTANT agrees to accept as full compensation for services provided under this agreement:
Item I – Specific Hourly rates of pay shown in SCHEDULE B (EXHIBIT _____) for employees assigned to this Project. The Specific Hourly rates are not subject to audit, however, the number of hours charged is subject to audit. If the AGREEMENT is extended beyond (end date in Article 4), then all of the Specific Hourly rates of pay shown in EXHIBIT _____ are eligible for rate adjustments. They may be annually by the lower of either the percent change for the Producer Price Index – Architectural, Engineering and Related Services (Series ID PCU5413-5413--) for the most recent 12 month period as calculated by the U.S. Department of Labor, Bureau of Labor Statistics, or 2%, all subject to current market conditions. If at any time the above Index Series ID is discontinued or become unavailable, the STATE reserves the right to implement a comparable Index.

Item II – Actual Direct Non-Salary Costs incurred in fulfilling the terms of this AGREEMENT are subject to audit. Such costs may include, but are not necessarily limited to those shown in EXHIBIT _______. All reimbursement for travel, meals and lodging shall be made at actual cost paid but such reimbursement shall not exceed the prevailing maximum rates established by the State Comptroller.

Items purchased under this Project shall become the property of the STATE at the completion of the work, or at the option of the STATE, appropriate value shall be established as a credit to the STATE.”

ARTICLE 7. CONTRACT PAYMENT.

The CONSULTANT shall provide complete and accurate billing invoices to the STATE in order to receive payment. Billing invoices submitted to the STATE must contain all information and supporting documentation required by the Contract, the STATE and the State Comptroller. Payment for invoices submitted by the CONSULTANT shall only be rendered electronically unless payment by paper check is expressly authorized by the New York State Department of Transportation Commissioner (hereinafter referred to as “COMMISSIONER”), in the COMMISSIONER’S sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with ordinary State procedures and practices. The CONSULTANT shall comply with the State Comptroller’s procedures to authorize electronic payments. Authorization forms are available at the State Comptroller’s website at www.osc.state.ny.us/epay/index.htm, by email at epunit@osc.state.ny.us, or by telephone at 518-474-4032. CONSULTANT acknowledges that it will not receive payment on any invoices submitted under this contract if it does not comply with the State Comptroller’s electronic payment procedures, except where the COMMISSIONER has expressly authorized payment by paper check as set forth above.

ARTICLE 8. PARTIAL PAYMENTS.

The CONSULTANT shall be paid in monthly progress payments based on actual allowable costs incurred during the period in accordance with ARTICLE 6 of this AGREEMENT. Bills are subject to the approval of the State's Project Manager, or their successor as identified by the STATE. Payments shall not be withheld unreasonably.

The CONSULTANT shall inform the STATE and all Subcontractors and Subconsultants of the Consultants schedule for submitting monthly vouchers to the STATE, said schedule shall be strictly adhered to by the CONSULTANT.

All Subcontractor and Subconsultant vouchers received by the CONSULTANT at least ten (10) calendar days prior to a scheduled billing, shall be included in that billing, even if the CONSULTANT does not have other costs to be billed for that period. The CONSULTANT shall inform the Subcontractor
or Subconsultant of the date the voucher was submitted to the STATE and the amount included for the Subcontractor or Subconsultant.

The CONSULTANT will not include any provisions in their subcontracts that would circumvent the intent of 49 CFR 26.29 to require the CONSULTANT to make partial payments to all Subcontractors and Subconsultants within ten (10) calendar days of receipt of payment from the STATE.

Accounts of the CONSULTANT shall clearly identify the costs of the work performed under this AGREEMENT and shall be subject to periodic and final audit by the STATE and, on Federally aided Projects, by the Federal Highway Administration. Such audit shall not be a condition of partial payment.

**ARTICLE 9. FINAL PAYMENT.**

Section 179 of the State Finance Law requires the STATE to make final payment within thirty (30) calendar days after receipt of an invoice which is properly prepared and submitted. The STATE in accordance with the provisions of the State Finance Law has determined that the STATE will require a 60-calendar day audit period for final payments at which time the 30 calendar day interest-free period will commence. The CONSULTANT is required to make final payment to all Subcontractors and Subconsultants within ten (10) calendar days of receipt of final payment from the STATE.

The acceptance by the CONSULTANT of the final payment shall operate as and shall be a release to the STATE from all claims and liability to the CONSULTANT, its representatives and assigns for any and all things done, furnished for or relating to the services rendered by the CONSULTANT under or in connection with this Agreement or for any part thereof except as otherwise provided in ARTICLE 9(b).

The CONSULTANT shall maintain all books, documents, papers, accounting records and other evidence pertaining to cost incurred and make such materials available at its office at all reasonable times during the period of this Agreement and for the period of time specified in Clause No. 10, "Records" of APPENDIX A, for inspection by the STATE, Federal Highway Administration, or any authorized representatives of the Federal Government and copies thereof shall be furnished if requested.

**ARTICLE 10. EXTRA WORK.**

If the CONSULTANT believes that any work is or may be beyond the scope of the Agreement (extra work), or that additional work is necessary, the CONSULTANT shall notify the STATE, in writing, of this fact prior to beginning any of the work. The notification shall include all information required by the Department. The STATE shall be the sole judge as to whether or not such work is in fact beyond the scope of this Agreement and constitutes extra work. No extra or additional work shall be started prior to written authorization from the STATE. The STATE shall be under no obligation to reimburse the CONSULTANT for any extra or additional work performed without the prescribed notification and authorization. The STATE will not allow fixed fee for any extra work undertaken without prescribed notification and authorization. In the event that the STATE determines that such work does constitute extra work, the STATE shall provide extra compensation to the CONSULTANT in a fair and equitable manner. If necessary, a Supple mental Agreement providing the compensation and describing the work authorized shall be issued by the STATE to the CONSULTANT for execution after approvals have been obtained from necessary State officials and if required, from the Federal Highway Administration.

In the event of any claims being made or any actions being brought in connection with the PROJECT, the CONSULTANT agrees to render to the STATE all assistance required by the STATE. Compensation for
work performed and costs incurred in connection with this requirement shall be made in a fair and equitable manner. In all cases provided for in this AGREEMENT for the additional services above described, the STATE's directions shall be exercised by the issuance of a separate Agreement, if necessary.

**ARTICLE 11. CONSULTANT LIABILITY.**

To the fullest extent permitted by law, the Consultant shall indemnify and save harmless the State, and/or any municipality, public benefit corporation, railroad, and/or public utility whose property or facilities are affected by the work, from suits, claims, actions, damages and costs, of every name and description arising from the work under its contract during its prosecution and until the final acceptance thereof. The Consultant and any assigns, heirs, or successors in interest shall also indemnify and save harmless, to the fullest extent permitted by law, the inspecting engineer or inspector working for the State relative to the project from suits, claims, actions, damages and costs involving personal injury and property damage arising from the Consultant’s work under the contract during its prosecution and until the final acceptance thereof. The State may retain such monies from the amount due the Consultant as may be necessary to satisfy any claim for damages recovered against the State, any municipality and/or any public benefit corporation, railroad or public utility whose property or facilities are affected by the work or consultant inspecting engineers or inspectors working for the State relative to the project. The Consultant’s obligation under this paragraph shall not be deemed waived by the failure of the State to retain the whole or any part of such monies due the Consultant, nor where such suit, action, damages and/or costs have not been resolved or determined prior to release of any monies to the Consultant under the contract, nor shall such obligation be deemed limited or discharged by the enumeration or procurement of any insurance for liability for damages imposed by law upon the Consultant, Subconsultant or the State, any municipality and/or any public benefit corporation, railroad or public utility whose property or facilities are affected by the work, or for any consultants working for the State. It is understood by the State and the Consultant that the Consultant’s Professional Liability/Errors and Omissions policy required in the Article of this Contract entitle “Insurance” shall be utilized for claims involving the Consultant’s professional negligence.

The Consultant has the obligation, at its own expense, for the defense of any action or proceeding which may be brought against the parties specified in this Section. This obligation shall include the cost of attorneys’ fees, disbursements, costs and other expenses incurred in connection with such action or proceeding. Such obligation to indemnify in the foregoing paragraph does not extend to those suits, actions, damages and costs of every name that arise out of the sole negligence of the State, or the negligence of any municipality and/or any public benefit corporation, railroad or public utility whose property or facilities are affected by the contract work, or the negligence of any consultants working for the State, their agents or employees, relative to the construction, alteration, or repair or maintenance of a building, highway or structure or appurtenances and appliances thereof including moving, demolition and excavating connected therewith. Notwithstanding the foregoing, the parties being defended by the Consultant may elect to join any action or tender their own defense, at their sole expense and discretion.

**ARTICLE 12. INSURANCE.**

The Consultant shall procure, at its own sole cost and expense, and shall maintain in force at all times during the term of this contract including any extensions or renewals until satisfactory completion of all work under the contract, the policies of insurance covering all operations under the contract whether performed by it or its subconsultants as herein below set forth, written by companies authorized by the New York State Insurance Department to issue insurance in the State of New York and that have an A.M. Best Company rating of (A -) or better or approved by the Department. The Department may, at its sole discretion, require the Consultant to provide such additional insurance as may be necessary to protect the State, any municipality, public benefit corporation, railroad or public utility whose property or facilities are affected by the work under the contract.
discretion, permit the placement of policies with a non-authorized carrier or carriers upon request by the Consultant accompanied by the documentation required by 11 NYCRR §27.0 et seq.; provided that nothing herein shall be construed to require the Department to accept insurance placed with a non-authorized carrier under any circumstances. The Consultant shall deliver to the Department evidence of such policies as the Department deems necessary to verify that the required insurance is in effect. If policies are changed or canceled, the CONSULTANT shall inform the STATE immediately. The STATE will determine whether to issue an order to the CONSULTANT to stop work.

A. Conditions Applicable to Insurance. All policies of insurance required by this agreement must meet the following requirements:

1. Coverage Types and Policy Limits. The types of coverage and policy limits required from the Consultant are specified in Paragraph B, Insurance Requirements, below. General liability insurance shall apply separately on a per-job or per-project basis.

2. Policy Forms. Except as may be otherwise specifically provided herein or agreed in writing by the Department, policies must be written on an occurrence basis. In the event that occurrence-based coverage is not commercially available, claims-made policy forms will be considered provided that, at minimum, it includes provisions that allow for (a) reporting circumstances or incidents that may give rise to future claims and (b) an extended reporting period of not less than three (3) years with respect to events that occurred but were not reported during the term of the policy. Insurers policies that remove or restrict blanket contractual liability located in the “insured contract” definition (as stated in Section V, Number 9, Item f in the ISO CGL policy) or that remove or modify the “insured contract” exception to the employers liability exclusion so as to limit coverage for claims that arise out of contract work, or that do not cover the additional insured for claims involving injury to employees of the named insured or subcontractors, are not acceptable. Policy forms must be provided to the Department upon request.

3. Certificates of Insurance/Notices. Consultant shall provide a Certificate or Certificates of Insurance, in a form satisfactory to the Commissioner, before commencing any work under this contract. Certificates or transmittal correspondence shall reference the NYSDOT Contract Number. Consultant is strongly encouraged to transmit certificates and other materials concerning insurance coverage, referencing the Contract Number and the name of the Consultant in the Subject Line, by email to: Insur.consult.contr@dot.ny.gov

Certificates may be mailed to the:
New York State Department of Transportation
Contract Management Bureau
50 Wolf Road, Sixth Floor
Albany, NY 12232

Unless otherwise agreed, policies shall be written so as to require that the policy will not be (i) canceled, (ii) materially changed or (iii) permitted to expire or lapse for any reason except upon ten (10) days’ prior written notice to the Department by Certified Mail, Return Receipt Requested at the address stated above. In addition, if required by the Department, the Consultant shall deliver to the Department within ten (10) work days of such request a copy of any or all policies of insurance not previously provided, certified by the insurance carrier as true and complete. Certificates of Insurance shall:
a. Be in a form satisfactory to the Department. The ACORD 25 Certificate must be accompanied by an ACORD 855 “New York Construction Addendum” completed to indicate information about the liability insurance.

b. Be signed and dated by an authorized representative of the insurance carrier or producer.

c. Disclose any deductible, self-insured retention, aggregate limit.

d. Refer to this Contract by number on the face of the certificate.

If at any time during the term of this contract, it shall come to the attention of the Department that required insurance is not in effect or that adequate proof of insurance has not been provided, the Department may, at its option:

a. Direct the Consultant to suspend work and not re-enter the premises with no additional payment or extension of time due on account thereof, or

b. May withhold further contract payments in accordance with Partial Payments, Section §109-04 of the Standard Specifications, or

c. Treat such failure as a breach or default of the contract.

4. **Additional Insureds.** All insurance policies required by these specifications, except workers’ compensation and professional liability shall be endorsed to provide coverage to “The State of New York/New York State Department of Transportation, any municipality in which the work is being performed, any public benefit corporation, railroad, or public utility whose property or facilities are affected by the work, and their agents or employees” with respect to any claim arising from the Consultant’s Work under this contract or as a result of the Consultant’s activities. The endorsement shall be effected by endorsement of the applicable policy using ISO form CG 20 10 11 85, CG 20 37 07 04, CG 20 33 07 98 when used in combination with CG 20 37 07 04, or CG 20 33 10 01 or a form(s) that provides equivalent coverage.

5. **Primary Coverage.** The liability and protective liability insurance policies shall provide primary and non-contributory coverage to the Department for any claim arising from the Consultant’s Work under this contract, or as a result of the Consultant’s activities.

6. **Waiver of Subrogation.** As to every type and form of insurance coverage required from the Consultant, there shall be no right of subrogation against the State of New York/New York State Department of Transportation, its agents or employees. To the extent that any of Consultant’s policies of insurance prohibit such a waiver of subrogation, Consultant shall secure the necessary permission to make this waiver.

7. **Policy Renewal/Expiration.** At least ten (10) calendar days prior to the expiration of any policy required by this contract, evidence of renewal or replacement policies of insurance with terms no less favorable to the Department than the expiring policies shall be delivered to the Department in the manner required for service of notice in Paragraph A.3. *Certificates of Insurance/Notices* above.

8. **Self-Insured Retention/Deductibles.** Consultants utilizing self-insurance programs are required to provide a description of the program for Department approval. Collateralized deductible and self-insured retention programs administered by a third party may be approved. Except as may be specifically provided in the Contract Documents of a particular project, the Consultant or third-party-administered insurance deductible shall be limited to the amount of the bid deposit or $100,000, whichever is less. Security is not required if it is otherwise provided to an administrator for an approved risk management program. The Department will not accept a self-insured retention program without security being posted to assure payment of both the self-insured retention limit and the cost of adjusting claims. The Consultant shall be solely
responsible for all claim expense and loss payments within any permitted deductible or self-insured retention. If the Consultant’s deductible in a self-administered program exceeds the amount of the bid deposit, the Consultant shall furnish an irrevocable Letter of Credit as collateral to guarantee its obligations. Such Letter of Credit or other collateral as may be approved by Department must be issued by a guarantor or surety with an AM Best Company rating of (A-) or better. If, at any time during the term of this agreement, the Department, in its sole discretion, determines that the Consultant is not paying its deductible, it may require the Consultant to collateralize all or any part of the deductible or self-insured retention on any or all policies of insurance or, upon failure to promptly do so, the same may be withheld from payments due the Consultant.

9. Waiver of Indemnities. The Consultant waives any right of action it and/or its insurance carrier might have against the Department (including its employees, officers, commissioners, or agents) for any loss that is covered by a policy of insurance that is required by this contract. The Consultant waives any right of action it and/or its insurance carrier might have against the Department (including its employees, officers, commissioners, or agents) for any loss, whether or not such loss is insured.

10. Subconsultant’s Liability Insurance. In the event that any portion of the work described in this contract is performed by an approved subconsultant, the insurance requirements of this Article shall be incorporated into the subcontract agreement. Subconsultant insurance requirements shall include the requirements for Workers’ Compensation, Commercial General Liability, and, if applicable, Commercial Auto and/or Professional Liability. Excess or umbrella insurance is not required for subconsultants. Consultant shall require that Certificates of Insurance, meeting the requirements of the Department are provided to the Department documenting the insurance coverage for each and every subconsultant employed by them to do work under this contract.

B. Insurance Requirements. The types of insurance and minimum policy limits shall be as follows:

1. Workers’ Compensation and Disability Insurance. As required by State Finance Law §142, the Consultant shall maintain in force workers’ compensation insurance upon forms required by or acceptable to the Workers Compensation Board for all of Consultant’s employees. Consultant shall also maintain disability insurance as required by the Disability Benefits Law of the State of New York.

2. Commercial General Liability Insurance. The Consultant shall maintain an occurrence form commercial general liability policy or policies insuring against liability arising from premises (including loss of use thereof), personal injury or death, advertising injury, liability insured under an insured contract (including the tort liability of another assumed in a business contract) occurring on or in any way related to the premises or occasioned by reason of the operations of Consultant. Such coverage shall be written on an ISO occurrence form (ISO Form CG 00 01 12 07 or a policy form providing equivalent coverage) in an amount of not less than $1,000,000.00 per occurrence and not less than $2,000,000.00 aggregate. Unless otherwise provided, the policy or policies of insurance providing the liability coverage shall include:
   a. Coverage for contractual liability assumed by the Consultant insured under an insured contract (including the tort liability of another assumed in a business contract).
   b. All insurance policies required by these specifications except workers’ compensation and professional liability shall be endorsed to provide coverage to “the State of New York/New York State Department of Transportation, any municipality in which the work is being performed, any public benefit corporation, railroad, or public utility
whose property or facilities are affected by the work, or any consultant inspecting
engineer or inspector working for or on the project, and their agents or employees”
using ISO form CG 20 10 11 85, CG 20 37 07 04, CG 20 33 07 98 when used in
combination with CG 20 37 07 04, or CG 20 33 10 01 or a policy form or forms
providing equivalent coverage.
c. Products-Completed Operations Coverage, as provided in the General Liability Policy, or
in certain instances through ISO form CG 26 11 09 99 or suitable equivalent.
d. Where contract work will be performed by unregistered off-road equipment, Consultant
shall provide documentation of a blanket Pollution Liability policy, or an endorsement to
cover short-term pollution events, ISO form CG 04 33 10 01 or equivalent.
e. Coverage for claims for bodily injury asserted by an employee of an additional insured
and any Employer Liability Exclusion which may otherwise operate to exclude such
coverage shall be voided in this respect.
f. Explosion, Collapse and Underground Hazards coverage (“XCU”) (for contracts that call
for the performance of excavating, underground work, and/or the use of blasting
equipment).

3. Special Protective and Highway Liability Policy. The Consultant shall maintain, separate
and apart from its umbrella policy, a policy issued to and covering the liability of the People of
the State of New York, The State of New York, the Commissioner of Transportation, all
employees of the Department of Transportation, any municipality in which the work is being
performed, any public benefit corporation, railroad, or public utility whose property or facilities
are affected by the work, against damages that the insureds may be held legally liable to pay for
property damage, personal injuries, or death that is caused by any occurrence that takes place
within any location where work is to be or is being performed by Consultant, including at the
location of any of the work. This should be ISO form CG 00 14 12 or a policy form providing
equivalent coverage along with mandatory New York endorsements. Coverage shall be in an
amount of not less than $1,000,000 per occurrence and at least $2,000,000 for each aggregate
limit.

4. Commercial Automobile Insurance including liability and required coverage for New
York. In the event that automobiles are used in connection with Consultant’s business or
operations with the Department, the Consultant shall maintain a commercial or other automobile
policy or policies insuring against liability for bodily injury, death, or damage to property and
other mandatory coverages, relating to the use, operation, loading or unloading of any of
Consultant’s automobiles (including owned, hired and non-owned vehicles) on and around the
project. This may be ISO form CA 00 01 10 01, CA 00 01 01 87 or a policy form providing
equivalent coverage along with mandatory New York endorsements. Coverage shall be in an
amount of not less than $1,000,000 each accident.

5. Umbrella or Excess Liability Insurance. The Consultant shall maintain an occurrence form
umbrella liability policy or policies insuring against liability arising from premises (including loss
of use thereof), operations, independent Consultants, products-completed operations, personal
injury and advertising injury, and liability insured under an insured contract (including the tort
liability of another assumed in a business contract) occurring on or in any way related to the
premises or occasioned by reason of the operations of Consultant or arising from automobile
liability as described above. Such coverage shall be written on an ISO occurrence form CU 00 01
12 07 or a policy form providing equivalent coverage. In the event that umbrella coverage is
unavailable, equivalent excess coverage may be substituted. The minimum required limits for the
umbrella/excess coverage shall be sufficient to provide a total of not less than $5,000,000 per
occurrence/aggregate.
6. Consultant’s Risks. The Consultant shall be responsible for obtaining any insurance it deems necessary to cover its own risks, including without limitation: (a) business interruption, such as gross earnings, extra expense, or similar coverage, (b) personal property, and/or (c) automobile physical damage and/or theft. In no event shall the Department be liable for any damage to, or loss of, personal property, or damage to, or loss of, an automobile that is covered by a policy of insurance that is required by this agreement, even if such loss is caused by the negligence of the Department.

7. Professional Liability/ Errors and Omissions. (NOT APPLICABLE)

8. Railroad Protective Liability Insurance. (NOT APPLICABLE)

9. Marine Protection & Indemnity. (NOT APPLICABLE)

ARTICLE 13. INTERCHANGE OF DATA.

All technical data in regard to the PROJECT existing in the office of the STATE or existing in the offices of the CONSULTANT shall be made available to the other party to this Agreement without expense to such other party.

ARTICLE 14. DISPOSITION OF DATA.

At the time of completion of the work, the CONSULTANT shall make available to the STATE all documents and data pertaining to the work or to the PROJECT which materials at all times shall be the property of the STATE. It is agreed that the CONSULTANT may maintain copies of all documents and data. Or in the event that this Agreement is terminated for any reason, then, within ten (10) days after such termination, the CONSULTANT shall make available to the STATE the aforementioned data and material.

ARTICLE 15. DAMAGES AND DELAYS.

The CONSULTANT agrees that no charges or claim for damages shall be made by them for any delays or hindrances from any cause whatsoever during the progress of any portion of the services specified in this AGREEMENT. Such delays or hindrances, if any, shall be compensated for by an extension of time for such reasonable period as the STATE may decide, it being understood however, that the permitting of the CONSULTANT to proceed to complete any services or any part of them after the date of completion or after the date to which the time of completion may have been extended, shall in no way operate as a waiver on the part of the STATE of any of its rights herein. Nothing in this ARTICLE will prevent the CONSULTANT from exercising its rights under ARTICLE 9 of this AGREEMENT.

ARTICLE 16. NOTICE OF BANKRUPTCY, VENUE, AUDITS.

If, prior to final audit, CONSULTANT files for relief pursuant to Title 11 of the United States Code under the Bankruptcy Laws or a successor statute, this contract shall be treated as an executory contract under 11 USC S365 of the Bankruptcy Laws or successor statute, and subject to assumption or rejection by the debtor within the time permitted by law.

The CONSULTANT must immediately send written notice to Contract Management of the New York State Department of Transportation at its main office in Albany and send all relevant pleading of the voluntary or involuntary filing of a Bankruptcy proceeding by the CONSULTANT, its subsidiary, its
principals and officers or a related entity whether or not the CONSULTANT believes that any debt is owed to the State by final audit or otherwise.

The determination of any rights under this contract shall be adjudicated in a State or Federal Court with jurisdiction over the matter, and venue for the determination of such rights shall be in Albany, New York.

The CONSULTANT agrees that the automatic stay under 11 USC S362 or a successor statute shall be deemed inapplicable or that this agreement shall constitute consent to the lifting of the stay with respect to the State's performance of or completion of any audit pursuant to the terms of this contract.

ARTICLE 17. TERMINATION.

The STATE shall have the absolute right to terminate this Agreement, and such action shall in no event be deemed a breach of contract:

(a) If a termination is brought about for the convenience of the STATE and not as a result of unsatisfactory performance on the part of the CONSULTANT, final payment shall be made based on the actual work performed by the CONSULTANT prior to termination including, but not limited to, the number of hours and other authorized costs audited in accordance with the terms of the AGREEMENT.

(b) If the termination is brought about as a result of the unsatisfactory performance on the part of the CONSULTANT, the value of the work performed by the CONSULTANT prior to termination shall be established by the STATE.

c) The STATE reserves the right to terminate this contract in the event it is found that the certification filed by the CONSULTANT in accordance with the requirements contained in State Finance Law §139-k was intentionally false or intentionally incomplete. Upon such finding, the STATE may exercise its termination right by providing written notification to the CONSULTANT in accordance with the written notification terms of the contract.

ARTICLE 18. DEATH OR DISABILITY OF THE CONSULTANT.

In case of the death or disability of one or more but not all the persons herein referred to as CONSULTANT, the rights and duties of the CONSULTANT shall devolve upon the survivors of them, who shall be obligated to perform the services required under this AGREEMENT, and the STATE shall make all payments due to them.

In case of the death or disability of all the persons herein referred to as CONSULTANT, all data and records pertaining to the PROJECT shall be delivered within (60) days to the STATE or their duly authorized representative. In case of the failure of the CONSULTANT’S successors or personal representatives to make such delivery on demand, then in that event the representatives of the CONSULTANT shall be liable to the STATE for any damages it may sustain by reason thereof. Upon the delivery of all such data to the STATE, the STATE will pay to the representatives of the CONSULTANT all amounts due the CONSULTANT, including retained percentages to the date of the death of the last survivor.

ARTICLE 19. INDEPENDENT CONTRACTOR.

The CONSULTANT, in accordance with their status as an independent contractor, covenants and agrees that they will conduct themselves consistent with such status, that they will neither hold
themselves out as, nor claim to be, an officer or employee of the STATE by reason hereof, and that they will not, be reason hereof, make any claim, demand or application to or for any right or privilege applicable to an officer or employee of the STATE, including but not limited to Worker's Compensation coverage, Unemployment Insurance benefits, Social Security coverage or Retirement membership or credit.

ARTICLE 20. COVENANT AGAINST CONTINGENT FEES.

The CONSULTANT warrants that they have not employed or retained any company or person, other than a bona fide employee working for the CONSULTANT, to solicit or secure this AGREEMENT, and that they have not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or making of this AGREEMENT. For breach or violation of this warranty, the STATE shall have the right to annul this AGREEMENT without liability, or, in its discretion, to deduct from the AGREEMENT price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

ARTICLE 21. TRANSFER OF AGREEMENT.

The CONSULTANT specifically agrees, as required by the State Finance Law, Section 138, that they are prohibited by law from assigning, transferring, conveying, subletting or otherwise disposing of the AGREEMENT or of their right, title or interest therein, or their power to execute such AGREEMENT, to any other person, company or corporation, without the previous consent in writing of the STATE.

If this provision of the law be violated, the STATE shall revoke and annul the AGREEMENT and the STATE shall be relieved from any and all liability and obligations thereunder to the person, company or corporation to whom the CONSULTANT shall assign, transfer, convey, sublet or otherwise dispose of the AGREEMENT, and such transferee shall forfeit and lose all moneys therefore assigned under said AGREEMENT, except so much as may be required to pay his employees.

ARTICLE 22. PROPRIETARY RIGHTS.

The CONSULTANT agrees that if copyrights, patentable discoveries or inventions or rights in data should result from work described herein, all rights accruing from such discoveries or inventions shall be the sole property of the CONSULTANT. However, the CONSULTANT agrees to and does hereby grant to the United States Government and the State of New York an irrevocable, nonexclusive, nontransferable, paid-up license to reproduce, publish, make, use, and sell each subject invention throughout the world by and on behalf of the Government of the United States and States and domestic municipal governments, all in accordance with the provisions of 48 CFR 1-27, and other applicable Federal laws, rules and regulations.

ARTICLE 23. SUBCONTRACTORS/SUBCONSULTANTS.

All subcontractors and subconsultants performing work on this project shall be bound by the same required contract provisions as the prime consultant. All agreements between the prime consultant and a subcontractor or subconsultant shall include all standard required contract provisions, and such agreements shall be subject to review by the State.

ARTICLE 24. ORDER OF PRECEDENCE.
In the event of any inconsistency between or among the provisions and contents of this AGREEMENT, it is agreed that such inconsistency shall be resolved in the following descending order of precedence:

1. APPENDIX A,
2. The provisions required by state and federal law to be inserted in the AGREEMENT as set forth in APPENDIX A-1, APPENDIX B, and APPENDIX C, APPENDIX D;
3. This AGREEMENT, including Signature Page, Notary Page and Exhibits;
4. SCHEDULE A (including Exhibits);
5. SCHEDULE B (including Exhibits);
6. The STATE’s Request for Proposals; and
6. The CONSULTANT’s Proposal.

**ARTICLE 25. CERTIFICATION REQUIRED BY 49CFR, PART 29.**

The signator to this Agreement, being duly sworn, certifies that, EXCEPT AS NOTED BELOW, its company and any person associated therewith in the capacity of owner, partner, director, officer, or major stockholder (five percent or more ownership):

1. Is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any federal agency;
2. Has not been suspended, debarred, voluntarily excluded or determined ineligible by any federal agency within the past three years;
3. Does not have a proposed debarment pending; and
4. Has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three years.

**EXCEPTIONS -**

**ARTICLE 26. CERTIFICATION FOR FEDERAL-AID CONTRACTS.**

The prospective participant certifies, by signing this Agreement to the best of his or her knowledge and belief, that:

(a) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(b) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The prospective participant also agrees by submitting his or her bid or proposal that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such subrecipients shall certify and disclose accordingly.

ARTICLE 27. RESPONSIBILITY OF THE CONSULTANT.

(a) The CONSULTANT shall be responsible for the professional quality, technical accuracy, and the coordination of all services furnished by the CONSULTANT under this contract. The CONSULTANT shall, without additional compensation, correct or revise any errors or deficiencies in its services. However, the STATE may in certain circumstances, provide compensation for such work.

(b) Neither the STATE'S review, approval or acceptance of, nor payment for, the services required under this contract shall be construed to operate as a waiver of any rights under this contract or of any cause of action arising out of the performance of this contract, and the CONSULTANT shall be and remain liable to the STATE in accordance with applicable law for all damages to the STATE caused by the CONSULTANT'S negligent performance or breach of contract of any of the services furnished under this contract.

(c) The rights and remedies of the STATE provided for under this contract are in addition to any other rights and remedies provided by law.

(d) If the CONSULTANT is comprised of more than one legal entity or any group of partners or joint venturers associated for the purposes of undertaking this agreement, each such entity acknowledges and hereby affirmatively represents and agrees that each has the power to bind the CONSULTANT and each of the others hereunder; and as such, each acts both as principal and agent of the CONSULTANT and of each of the others hereunder. Each further acknowledges and agrees that all such entities, partners or joint venturers associated for the purposes of undertaking this agreement shall be jointly and severally liable to third parties, including but not limited to the STATE, for the acts or omissions of the CONSULTANT or any other entity, partner or joint venturer hereunder.

(e) If the CONSULTANT is comprised of more than one legal entity or any group of partners or joint venturers associated for the purposes of undertaking this agreement, each such entity acknowledges and hereby affirmatively represents and agrees that the respective rights, duties and liabilities of each hereunder shall be governed by the laws of the State of New York, including but not limited to the New York Partnership Law.

ARTICLE 28. SECURITY AND CONFIDENTIALITY OF INFORMATION.

Information received as part of this contract shall be considered Confidential Information. The CONSULTANT warrants that it will take the appropriate steps as to its personnel, agents, officers and any SUBCONTRACTOR/SUBCONSULTANTS regarding the obligations arising under this clause to insure such confidentiality. The CONSULTANT shall have written policies and/or business procedures in place which will protect Confidential Information from unauthorized disclosure, use, access, loss, alteration or destruction. The CONSULTANT may disclose to other parties, as authorized by the NYSDOT Project Manager, or as described in the scope of services, only the information necessary to
perform services under this contract. However, the CONSULTANT shall in no circumstance, communicate with the public or news media without prior authorization from the States designee. Neither shall the CONSULTANT disclose information deemed confidential by the State nor shall the CONSULTANT disclose any other information obtained or developed in the performance of services under this agreement without the written authorization of the State. This warranty shall survive termination of this Contract.

CONSULTANT shall comply with the provisions of the New York State Information Security Breach and Notification Act, including General Business Law Section §889-aa and State Technology Law §208 as enacted by such Act or subsequently amended. In the event of an information security breach resulting in the unauthorized disclosure of personal information, CONSULTANT shall be liable for the costs associated with such breach if caused by CONSULTANT’s negligent or willful acts or omissions, or the negligent or willful acts or omissions of the CONSULTANT’s agents, officers, employees or SUBCONSULTANTS.

ARTICLE 29. VENDOR RESPONSIBILITY.

The Department of Transportation has undertaken an affirmative review of the proposed consultant’s responsibility in accordance with the applicable standards outlined in Comptroller’s ‘Guide to Financial Operations’, and based upon such review, reasonable assurance that the proposed contractor is responsible has been determined.

(a) General Responsibility. The Consultant shall, at all times during the Agreement, remain responsible. The Consultant agrees, if requested by the Commissioner of NYSDOT or his or her designee, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity.

(b) Suspension of Work (for Non-Responsibility). The Commissioner of NYSDOT (or his or her designee), in his or her sole discretion, reserves the right to suspend any or all activities under this Agreement at any time when he or she discovers information that calls into question the responsibility of the Consultant. In the event of such suspension, the Consultant will be given written notice outlining the particulars of such suspension. Upon issuance of such notice, the Consultant shall comply with the terms of the suspension order. Contract activity may resume at such time as the Commissioner of NYSDOT (or his or her designee) issues a written notice authorizing the resumption of performance under the Agreement.

(c) Termination (for Non-Responsibility). Upon written notice to the Consultant, and a reasonable opportunity to be heard with appropriate NYSDOT or staff, the Agreement may be terminated by Commissioner of NYSDOT (or his or her designee) at the Consultant’s expense where the Consultant is determined by the Commissioner of NYSDOT (or his or her designee) to be non-responsible. In such event, the Commissioner of NYSDOT (or his or her designee) may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

ARTICLE 30. NOTICES.

Item 1. All notices permitted or required hereunder shall be in writing and shall be transmitted either:

(a) via certified or registered United States mail, return receipt requested;
(b) by facsimile transmission;
(c) by personal delivery;
(d) by expedited delivery service; or
(e) by e-mail.

Such notices shall be addressed as follows or to such different addresses as the parties may from time-to-
time designate:

**New York State Department of Transportation:**

- **Contact Person’s Name:** Matt Bromirski, Contract #C037854/C037855
- **Title:** Deputy Assistant Commissioner, Contracts
- **Address:** NYSDOT Contract Management Bur., 50 Wolf Rd., 6th Fl, Albany, NY 12232
- **Telephone Number:** 518-457-2600
- **Facsimile Number:** 518-457-2875
- **E-Mail Address:** Matt.Bromirski@dot.ny.gov

**Consultant’s Name:**

- **Contact Person’s Name:**
- **Title:**
- **Address:**
- **Telephone Number:**
- **Facsimile Number:**
- **E-Mail Address:**

Item 2. Any such notice shall be deemed to have been given either at the time of personal
delivery or, in the case of expedited delivery service or certified or registered United States mail, as of the
date of first attempted delivery at the address and in the manner provided herein, or in the case of
facsimile transmission or email, upon receipt.

Item 3. The parties may, from time to time, specify any new or different address in the United
States as their address for purpose of receiving notice under this Agreement by giving fifteen (15) days
written notice to the other party sent in accordance herewith. The parties agree to mutually designate
individuals as their respective representatives for the purposes of receiving notices under this Agreement.
Additional individuals may be designated in writing by the parties for purposes of implementation and
administration/billing, resolving issues and problems and/or for dispute resolution.

**ARTICLE 31. TITLE VI ASSURANCE.**

During the performance of this contract, the consultant or contractor, for itself, its assignees and
successors in interest (hereinafter referred to as the "contractor") agrees as follows:

(a) Compliance with Regulations: The contractor shall comply with the Regulation relative
to nondiscrimination in Federally-assisted programs of the Department of Transportation of the United
States, Title 49, Code of Federal Regulations, Part 21, and the Federal Highway Administration
(hereinafter “FHWA”) Title 23, Code of Federal Regulations, Part 200 as they may be amended from
time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and
made a part of this contract.

(b) Nondiscrimination: The Contractor, with regard to the work performed by it during the
contract, shall not discriminate on the grounds of race, color, or national origin, sex, age, and
disability/handicap in the selection and retention of subcontractors, including procurements of materials
and leases of equipment. The contractor shall not participate either directly or indirectly in the
discrimination prohibited by 49 CFR, section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

(c) Solicitations for Subcontractors, Including Procurements of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin, sex, age, and disability/handicap.

(d) Information and Reports: The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by NYSDOT or the FHWA to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information the contractor shall so certify to NYSDOT’s Office of Civil Rights or FHWA, as appropriate, and shall set forth what efforts it has made to obtain the information.

(e) Sanctions for Noncompliance: In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, NYSDOT shall impose such contract sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:

(1) withholding of payments to the contractor under the contract until the contractor complies, and/or
(2) cancellation, termination or suspension of the contract, in whole or in part.

(f) Incorporation of Provisions: The contractor shall include the provisions of paragraphs (a) through (f) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto.

The contractor shall take such action with respect to any subcontract or procurement as NYSDOT or the FHWA may direct as a means of enforcing such provisions including sanctions for non-compliance: Provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request NYSDOT to enter into such litigation to protect the interests of NYSDOT, and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

ARTICLE 32. CONSULTANT DISCLOSURE LEGISLATION.

In accordance with Chapter 10 of the Laws of 2006, the CONSULTANT shall complete the “State Consultant Services Contractor’s Annual Employment Report” (Form B, Exhibit ___) and submit copies to the Office of the State Comptroller, the Department of Civil Service, and the Department of Transportation on or before May 15th of each year the contract is in effect. The CONSULTANT shall provide information regarding all employees providing service under this contract, whether employed by the CONSULTANT or any subconsultant or subcontractor. Form B will capture historical information, detailing actual employment data for the most recently concluded State fiscal year (April 1st to March 31st). Annual employment reports should be submitted to the following three agencies. It is recommended, however, that consultants check the agency websites annually to confirm the addresses.
ARTICLE 33. ENSURING PAY EQUITY BY STATE CONSULTANTS/CONTRACTORS.

In accordance with Executive Order 162, issued on January 9, 2017, the consultant shall provide detailed workforce utilization reports of the CONSULTANT and each subconsultant – or subcontractor – that include, in addition to equal employment opportunity information, the job title and salary of each employee directly performing work on a STATE contract.

If the CONSULTANT cannot identify the individuals working directly on a State contract, then the CONSULTANT and each subconsultant shall provide such information of each employee in the CONSULTANT’S entire workforce. Such information shall be reported to the Department at quarterly intervals.

The reporting period shall be on a quarterly basis (January 1 through March 31, April 1 through June 30, July 1 through September 30 and October 1 through December 31). The reporting requirement shall begin on the effective date of the contract and continue for the duration of the contract term. Reports shall be submitted within 15 calendar days from the end of each reporting period. This provision is in effect for the quarterly reporting period ending December 31, 2017, or the quarterly reporting period that is immediately subsequent to the effective date of the contract, whichever date is later.

Detailed workforce utilization reports, as required above, shall be submitted in such form and in such manner as shall be required by the Department and as in accordance with Consultant Instruction 17-02.

The consultant shall include this provision in every subcontract so that such provisions shall be binding upon each subconsultant, if the subcontract is in excess of $25,000.

ARTICLE 34. CONFLICTS OF INTEREST.

The CONSULTANT has provided a form (Vendor Assurance of No Conflict of Interest or Detrimental Effect), signed by an authorized executive or legal representative attesting that the CONSULTANT’s performance of the services does not and will not create a conflict of interest with, nor position the CONSULTANT to breach any other contract currently in force with the
State of New York, that the CONSULTANT will not act in any manner that is detrimental to any STATE project on which the CONSULTANT is rendering services.

The CONSULTANT hereby reaffirms the attestations made in its proposal and covenants and represents that there is and shall be no actual or potential conflict of interest that could prevent the CONSULTANT's satisfactory or ethical performance of duties required to be performed pursuant to the terms of this AGREEMENT. The CONTRACTOR shall have a duty to notify the STATE immediately of any actual or potential conflicts of interest.

In conjunction with any subcontract under this AGREEMENT, the CONSULTANT shall obtain and deliver to the STATE, prior to entering into a subcontract, a Vendor Assurance of No Conflict of Interest or Detrimental Effect form, signed by an authorized executive or legal representative of the subconsultant/subcontractor. The CONSULTANT shall also require in any subcontracting agreement that the subconsultant/subcontractor, in conjunction with any further subcontracting agreement, obtain and deliver to the STATE a signed and completed Vendor Assurance of No Conflict of Interest or Detrimental Effect form for each of its subconsultants/subcontractors prior to entering into a subcontract.

The STATE and the CONSULTANT recognize that conflicts may occur in the future because the CONSULTANT may have existing, or establish new, relationships. The STATE will review the nature of any relationships and reserves the right to terminate this AGREEMENT for any reason, or for cause, if, in the judgment of the STATE, a real or potential conflict of interest cannot be cured.

ARTICLE 35. ETHICS REQUIREMENTS.

The Consultant and its Subconsultants/Subcontractors shall not engage any person who is, or has been at any time, in the employ of the State to perform services in violation of the provisions of the New York Public Officers Law, other laws applicable to the service of State employees, and the rules, regulations, opinions, guidelines or policies promulgated or issued by the New York State Joint Commission on Public Ethics, or its predecessors (collectively, the “Ethics Requirements’). The Consultant certifies that all of its employees and those of its Subconsultants/Subcontractors who are former employees of the State and who are assigned to perform services under this Contract shall be assigned in accordance with all Ethics Requirements. During the Term, no person who is employed by the Consultant or its Subconsultants/Subcontractors and who is disqualified from providing services under this Contract pursuant to any Ethics Requirements may share in any net revenues of the Consultant or its Subconsultants/Subcontractors derived from this Contract. The Consultant shall identify and provide the State with notice of those employees of the Consultant and its Subconsultants/Subcontractors who are former employees of the State that will be assigned to perform services under this Contract, and make sure that such employees comply with all applicable laws and prohibitions. The State may request that the Consultant provide it with whatever information the State deems appropriate about each such person’s engagement, work cooperatively with the State to solicit advice from the New York State Joint Commission on Public Ethics, and, if deemed appropriate by the State, instruct any such person to seek the opinion of the New York State Joint Commission on Public Ethics. The State shall have the right to withdraw or withhold approval of any Subconsultant/Subcontractor if utilizing such Subconsultant/Subcontractor for any work performed hereunder would be in conflict with any of the Ethics Requirements. The State shall have the right to terminate this Contract at any time if any work performed hereunder is in conflict with any of the Ethics Requirements.

ARTICLE 36. SUBCONTRACTING.
The CONSULTANT agrees not to subcontract any of its services, unless as indicated in its proposal, without the prior written approval of the STATE. Approval shall not be unreasonably withheld upon receipt of written request to subcontract.

The CONSULTANT may arrange for a portion(s) of its responsibilities under this AGREEMENT to be subcontracted to qualified, responsible subconsultants/subcontractors, subject to approval of the STATE. If the CONSULTANT determines to subcontract a portion of the services, the subconsultants/subcontractors must be clearly identified and the nature and extent of its involvement in and/or proposed performance under this AGREEMENT must be fully explained by the CONSULTANT to the STATE. As part of this explanation, the subconsultant/subcontractor must submit to the STATE a completed Vendor Assurance of No Conflict of Interest or Detrimental Effect form, as required by the CONSULTANT prior to execution of this AGREEMENT.

The CONSULTANT retains ultimate responsibility for all services performed under the AGREEMENT.

All subcontracts shall be in writing and shall contain provisions, which are functionally identical to, and consistent with, the provisions of this AGREEMENT including, but not limited to, the body of this AGREEMENT, Appendix A – Standard Clauses for New York State Contracts and the advertisement for proposals. Unless waived in writing by the STATE, all subcontracts between the CONSULTANT and subconsultants/subcontractors shall expressly name the STATE, through the Department of Transportation, as the sole intended third party beneficiary of such subcontract. The STATE reserves the right to review and approve or reject any subcontract, as well as any amendment to said subcontract(s), and this right shall not make the STATE a party to any subcontract or create any right, claim, or interest in the subconsultant/subcontractor or proposed subconsultant/subcontractor against the STATE.

The STATE reserves the right, at any time during the term of the AGREEMENT, to verify that the written subcontract between the CONSULTANT and subconsultants/subcontractors is in compliance with all of the provisions of this Section and any subcontract provisions contained in this AGREEMENT.

The CONSULTANT shall give the STATE immediate notice in writing of the initiation of any legal action or suit which relates in any way to a subcontract with a subconsultant/subcontractor or which may affect the performance of the CONSULTANT’s duties under the AGREEMENT. Any subcontract shall not relieve the CONSULTANT in any way of any responsibility, duty and/or obligation of the AGREEMENT.

If at any time during performance under this AGREEMENT total compensation to a subconsultant/subcontractor exceeds or is expected to exceed $100,000, that subconsultant/subcontractor shall be required to submit and certify a Vendor Responsibility Questionnaire.
IN WITNESS WHEREOF, this Contract No. C037694 has been executed by the STATE, acting by and through the Commissioner of Transportation, and the CONSULTANT, by signature below, has duly executed this Agreement effective the day and year first above written.

In addition to the acceptance of this Agreement, the Department certifies that original copies of this signature page will be attached to all other exact copies of this Agreement.

APPENDIX A

STANDARD CLAUSES FOR NEW YORK STATE CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State’s previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller’s approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor’s business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State’s prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER’S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed $85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS’ COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers’ Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex (including gender identity or expression), national origin, sexual orientation, military status, age, disability, predisposing genetic characteristics, marital status or domestic violence victim status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law.
Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds $5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.
12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of $25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of $100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of $100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor’s equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "a", "b", and "c" above, in every subcontract over $25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development’s Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods,
unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in Section 165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. **MACBRIE FAIR EMPLOYMENT PRINCIPLES.** In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

20. **OMNIBUS PROCUREMENT ACT OF 1992.** It is the policy of New York State to maximize opportunities for the participation of New York State business enterprises, including minority and women-owned business enterprises as bidders, subcontractors and suppliers on its procurement contracts.

Information on the availability of New York State subcontractors and suppliers is available from:

NYS Department of Economic Development  
Division for Small Business  
Albany, New York 12245  
Telephone: 518-292-5100  
Fax: 518-292-5884  
email: opa@esd.ny.gov

A directory of certified minority and women-owned business enterprises is available from:

NYS Department of Economic Development  
Division of Minority and Women's Business Development  
633 Third Avenue  
New York, NY 10017  
212-803-2414  
email: mwbecertification@esd.ny.gov  
[https://ny.newnycontracts.com/FrontEnd/VendorSearchPublic.asp](https://ny.newnycontracts.com/FrontEnd/VendorSearchPublic.asp)

The Omnibus Procurement Act of 1992 requires that by signing this bid proposal or contract, as applicable, Contractors certify that whenever the total bid amount is greater than $1 million:

(a) The Contractor has made reasonable efforts to encourage the participation of New York State Business Enterprises as suppliers and subcontractors, including certified minority and women-owned business enterprises, on this project, and has retained the documentation of these efforts to be provided upon request to the State;

(b) The Contractor has complied with the Federal Equal Opportunity Act of 1972 (P.L. 92-261), as amended;

(c) The Contractor agrees to make reasonable efforts to provide notification to New York State residents of employment opportunities on this project through listing any such positions with the Job Service Division of the New York State Department of Labor, or providing such notification in such manner as is consistent with existing collective bargaining contracts or agreements. The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. **RECIPROCITY AND SANCTIONS PROVISIONS.** Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively) require that they be denied contracts which they would otherwise obtain. NOTE: As of May 15, 2002, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii. Contact NYS Department of Economic Development for a current list of jurisdictions subject to this provision.
22. COMPLIANCE WITH NEW YORK STATE INFORMATION SECURITY BREACH AND NOTIFICATION ACT. Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law Section 899-aa; State Technology Law Section 208).

23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW. If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4-g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a "procurement contract" as defined by State Finance Law Sections 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law Sections 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS. To the extent this agreement is a contract as defined by Tax Law Section 5-a, if the contractor fails to make the certification required by Tax Law Section 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law Section 165-a that it is not on the “Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012” (“Prohibited Entities List”) posted at: http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law Section 165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

Updated January 2014
During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

(1) **Compliance with Regulations:** The contractor shall comply with the Regulation relative to nondiscrimination in Federally-assisted programs of the Department of Transportation of the United States, Title 49, Code of Federal Regulations, Part 21, and the Federal Highway Administration (hereinafter "FHWA") Title 23, Code of Federal Regulations, Part 200 as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.

(2) **Nondiscrimination:** The Contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin, sex, age, and disability/handicap in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by 49 CFR, section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

(3) **Solicitations for Subcontractors, Including Procurements of Materials and Equipment:** In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin, sex, age, and disability/handicap.

(4) **Information and Reports:** The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by NYSDOT or the FHWA to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information the contractor shall so certify to NYSDOT’s Office of Civil Rights or FHWA, as appropriate, and shall set forth what efforts it has made to obtain the information.

(5) **Sanctions for Noncompliance:** In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, NYSDOT shall impose such contract sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:
   (a.) withholding of payments to the contractor under the contract until the contractor complies, and/or
   (b.) cancellation, termination or suspension of the contract, in whole or in part.

(6) **Incorporation of Provisions:** The contractor shall include the provisions of paragraphs (1) through (6) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto.

The contractor shall take such action with respect to any subcontract or procurement as NYSDOT or the FHWA may direct as a means of enforcing such provisions including sanctions for non-compliance: Provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request NYSDOT to enter into such litigation to protect the interests of NYSDOT, and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.
There is a substantial body of requirements attached to the use of Federal highway or transportation aid. These requirements create or overlay processes, procedures, documentation requirements, authorizations, approvals and certifications that may be substantially greater or different from those that are not funded with Federal-aid and proceed under applicable State and local laws, customs and practices. Under Title 23 of the United States Code, the New York State Department of Transportation (NYSDOT) is responsible for the administration of transportation projects in New York State to which NYSDOT provides Federal highway or transportation-related aid. Through this Agreement, which provides or is associated with such funding, NYSDOT delegates various elements of project and funding administration as described elsewhere in this Agreement. In undertaking a Federally aided project, the Municipality/Sponsor, Authority or Project Manager designated under this Agreement with Federal-aid funding or project administration agrees to proceed in compliance with all the applicable Federal-aid requirements.

NYSDOT, in cooperation with FHWA, has assembled the body of Federal-aid requirements, procedures and practices in its Procedures for Locally Administered Federal-Aid Projects Manual (available through NYSDOT’s web site at: http://www.dot.ny.gov/plafap). In addition, the Municipality/Sponsor, Authority or Project Manager designated under this Agreement for Federal-aid funding or project administration that enters into Federally aided project construction contracts is required to physically incorporate into all its Federally aided construction contracts and subcontracts there under the provisions that are contained in Form FHWA-1273 (available from NYSDOT or electronically at: http://www.fhwa.dot.gov/programadmin/contracts/1273.htm).

In addition to the referenced requirements, the attention of Municipality/Sponsor hereunder is directed to the following requirements and information:

**NON DISCRIMINATION/EEO/DBE REQUIREMENTS**

The Municipality/Sponsor and its contractors agree to comply with Executive Order 11246, entitled "Equal Employment Opportunity" and United States Department of Transportation (USDOT) regulations (49 CFR Parts 21, 23, 25, 26 and 27) and the following:

1. **NON DISCRIMINATION.** No person shall, on the ground of race, color, creed, national origin, sex, age or handicap, be excluded from participation in, or denied the benefits of, or be subject to, discrimination under the Project funded through this Agreement.

2. **EQUAL EMPLOYMENT OPPORTUNITY.** In connection with the execution of this Agreement, the Municipality/Sponsors contractors or subcontractors shall not discriminate against any employee or applicant for employment because of race, religion, age, color, sex or national origin. Such contractors shall take affirmative actions to ensure that applicants are employed, and that employees are treated during their employment, without regard to their race, religion, color, sex, national origin or age. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

3. **DISADVANTAGED BUSINESS ENTERPRISES.** In connection with the performance of this Agreement, the Municipality/Sponsor shall cause its contractors to cooperate with the State in meeting its commitments and goals with regard to the utilization of Disadvantaged Business Enterprises (DBEs) and will use its best efforts to ensure that DBEs will have opportunity to compete
for subcontract work under this Agreement. Also, in this connection the Municipality or Municipality/Sponsor shall cause its contractors to undertake such actions as may be necessary to comply with 49 CFR Part 26.

As a sub-recipient under 49 CFR Part 26.13, the Municipality/Sponsor hereby makes the following assurance.

The Municipality/Sponsor shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any United States Department of Transportation (USDOT)-assisted contract or in the administration of its Disadvantaged Business Enterprise (DBE) program or the requirements of 49 CFR Part 26. The Municipality/Sponsor shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of the United States Department of Transportation-assisted contracts. The New York State Department of Transportation’s DBE program, as required by 49 CFR Part 26 and as approved by the United States Department of Transportation, is incorporated by reference in this agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the recipient of its failure to carry out its approved program, the USDOT may impose sanctions as provided for under part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801 et seq.).

**FEDERAL SINGLE AUDIT REQUIREMENTS**

Non-Federal entities that expend $750,000 or more in a year in Federal awards from all sources are required to comply with the Federal Single Audit Act provisions contained in U.S. Office of Management and Budget (OMB) Circular No. A-133, Audits of States, Local Governments, and Non-Profit Organizations. Non-Federal entities that expend Federal awards from a single source may provide a program specific audit, as defined in the Circular. Non-Federal entities that expend less than the amount above in a year in Federal awards from all sources are exempt from Federal audit requirements for that year, except as noted in Sec. 215 (a) of OMB Circular A-133 Subpart B--Audits, records must be available for review or audit by appropriate officials of the cognizant Federal agency1 the New York State Department of Transportation, the New York State Comptrollers Office and the U.S. Governmental Accountability Office (GAO).

Non-Federal entities are required to submit a copy of all audits, as described above, within 30 days of issuance of audit report, but no later than 9 months after the end of the entity’s fiscal year, to the New York State Department of Transportation, Contract Audit Bureau, 50 Wolf Road, Albany, NY 12232. Unless a time extension has been granted by the cognizant Federal Agency and has been filed with the New York State Department of Transportation’s Contract Audit Bureau, failure to comply with the requirements of OMB Circular A-133 may result in suspension or termination of Federal award payments.

**THE CATALOG OF FEDERAL DOMESTIC ASSISTANCE**

The Catalog of Federal Domestic Assistance (CFDA2), is an on-line database of all Federally-aided programs available to State and local governments (including the District of Columbia); Federally

---

1 The designated cognizant agency for audit shall be the federal awarding agency that provides the predominant amount of direct funding to a recipient unless OMB changes it.
2 [http://www.cfda.gov/](http://www.cfda.gov/)
recognized Indian tribal governments; Territories (and possessions) of the United States; domestic public, quasi-public, and private profit and nonprofit organizations and institutions; specialized groups; and individuals.

THE CFDA IDENTIFICATION NUMBER

OMB Circular A-133 requires all Federal-aid recipients to identify and account for awards and expenditures by CFDA Number. The Municipality/Sponsor is required to identify in its accounts all Federal awards received and expended, and the Federal programs under which they were received. Federal program and award identification shall include, as applicable, the CFDA title and number, award number and year, name of the Federal agency, and name of the pass-through entity.

The most commonly used CFDA number for the Federal Aid Highway Planning and Construction program is 20.205.

Additional CFDA numbers for other transportation and non-transportation related programs are:

- 20.215  Highway Training and Education
- 20.219  Recreational Trails Program
- 20.XXX  Highway Planning and Construction - Highways for LIFE;
- 20.XXX  Surface Transportation Research and Development;
- 20.500  Federal Transit-Capital Investment Grants
- 20.505  Federal Transit-Metropolitan Planning Grants
- 20.507  Federal Transit-Formula Grants
- 20.509  Formula Grants for Other Than Urbanized Areas
- 20.600  State and Community Highway Safety
- 23.003  Appalachian Development Highway System
- 23.008  Appalachian Local Access Roads

PROMPT PAYMENT MECHANISMS

In accordance with 49 CFR 26.29, and NY State Finance Law 139-f or NY General Municipal Law 106-b(2) as applicable:

(a) You must establish, as part of your DBE program, a contract clause to require prime contractors to pay subcontractors for satisfactory performance of their contracts no later than 7 calendar days from receipt of each payment you make to the prime contractor.

(b) You must ensure prompt and full payment of retainage from the prime contractor to the subcontractor within 7 calendar days after the subcontractor's work is satisfactorily completed. You must use one of the following methods to comply with this requirement:

   (1) You may decline to hold retainage from prime contractors and prohibit prime contractors from holding retainage from subcontractors.

   (2) You may decline to hold retainage from prime contractors and require a contract clause obligating prime contractors to make prompt and full payment of any retainage kept by prime contractor to the subcontractor within 7 calendar days after the subcontractor's work is satisfactorily completed.

   (3) You may hold retainage from prime contractors and provide for prompt and regular incremental acceptances of portions of the prime contract, pay retainage to prime contractors based on these acceptances, and require a contract clause obligating the prime contractor to pay all retainage owed to the subcontractor for satisfactory completion of the accepted work within 7 calendar days after your payment to the prime contractor.

(c) For purposes of this section, a subcontractor's work is satisfactorily completed when all the tasks called for in the subcontract have been accomplished and documented as required by the recipient. When a recipient has made an incremental acceptance of a portion of a prime contract, the work of a
subcontractor covered by that acceptance is deemed to be satisfactorily completed.

(d) Your DBE program must provide appropriate means to enforce the requirements of this section. These means may include appropriate penalties for failure to comply, the terms and conditions of which you set. Your program may also provide that any delay or postponement of payment among the parties may take place only for good cause, with your prior written approval.

(e) You may also establish, as part of your DBE program, any of the following additional mechanisms to ensure prompt payment:

1. A contract clause that requires prime contractors to include in their subcontracts language providing that prime contractors and subcontractors will use appropriate alternative dispute resolution mechanisms to resolve payment disputes. You may specify the nature of such mechanisms.

2. A contract clause providing that the prime contractor will not be reimbursed for work performed by subcontractors unless and until the prime contractor ensures that the subcontractors are promptly paid for the work they have performed.

3. Other mechanisms, consistent with this part and applicable state and local law, to ensure that DBEs and other contractors are fully and promptly paid.

CARGO PREFERENCE ACT REQUIREMENTS – U.S. FLAG VESSELS

In accordance with 46 CFR 381, the contractor agrees:

(a) To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels.

(b) To furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of an 'on-board' commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (b) (1) of this section to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590.

(c) To insert the substance of the provisions of this clause in all subcontracts issued pursuant to this contract.
APPENDIX C

SPECIAL EQUAL EMPLOYMENT OPPORTUNITY PROVISIONS

Specific Equal Employment Opportunity Responsibilities

1. GENERAL (a) Equal employment opportunity requirements not to discriminate and to take affirmative action to assure equal employment opportunity, as required by Federal Executive Order 11246, Federal Executive Order 11375, and NYS Executive Law Article 15, are set forth in required Contract Provisions (Form PR-1273 or 1316, as appropriate) and those Special Provisions which are imposed pursuant to Section 140 of Title 23, U.S.C., as established by Section 22 of the Federal-Aid Highway Act of 1968. Non-discrimination and affirmative action are also required by the State Labor Law, Section 220-e, as amended, by Executive Order 162, issued on January 9, 2017 and the Regulations of the NYS Department of Transportation relative to federally-assisted programs (Title 49, Code of Federal Regulations, Part 21 and Section 21.5), including employment practices when the agreement covers a program set forth in Appendix B of the Regulations. The requirements set forth in these Special Provisions shall constitute the specific affirmative action requirements for projects activities under this contract.

(b) The CONSULTANT will work with the STATE and the Federal Government in carrying out equal employment opportunity obligations and in their review of their activities under this contract.

(c) The CONSULTANT and all their sub-consultants and/or sub-contractors holding sub-contracts of $10,000 or more will comply with the following minimum specific requirements of equal employment opportunity: (The equal employment opportunity requirements of Executive Order 11246, as set forth in Volume 6, Chapter 4, Section 1, Subsection 1 of the Federal-Aid Highway Program Manual, are applicable to contractors and sub-contractors.) The CONSULTANT will include these requirements in every sub-contract with such modification of language as is necessary to make them binding on the subcontractor.

(d) The CONSULTANT and all their sub-consultants and/or subcontractors shall comply with Executive Order 162, issued on January 9, 2017, requiring quarterly workforce utilization reports, detailing reports of the Consultant and all of their subconsultants, which includes in addition to equal opportunity information, the job and salary of each employee directly performing work on a State contract.

2. EQUAL EMPLOYMENT OPPORTUNITY POLICY

A. The provisions of Article 15-A of the Executive Law and the rules and regulations promulgated thereunder pertaining to equal employment opportunities for minority group members and women shall apply to the contract.

B. In performing the contract, the Consultant shall:

1. Ensure that each Consultant and subconsultant – or subcontractor – performing work on the contract shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation.

2. The Consultant shall submit an EEO policy statement to the New York State Department of Transportation (NYSDOT) after the date of the notice by the NYSDOT to award the contract to the Consultant as determined by the Department.

3. If the Consultant or any of its subconsultants, does not have an existing EEO policy statement, the NYSDOT may require the Consultant or subconsultant to adopt a model statement consistent with item B.4.a through d of this section.

4. The Consultant’s EEO policy statement shall include the following language:
   a. The Consultant will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, will undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its workforce.

   b. The Consultant shall state in all solicitations or advertisements for employees that in the performance of the contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, natural origin, sex, age, disability or marital status.
c. The Consultant shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate the implementation of the Consultant’s obligation herein.

d. The Consultant will include provisions of Subdivisions (a) through (c) of this subsection 4 and the paragraph appearing immediately below which provides for relevant provisions of the Human Rights Law, in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subconsultant as to work in connection with the contract.

The Consultant shall comply with the provisions of the Human Rights Law, and all other State and Federal statutory and constitutional non-discrimination provisions. The Consultant and its subconsultants shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction or prior arrest.

3. EQUAL EMPLOYMENT OPPORTUNITY OFFICER The CONSULTANT will designate and make known to the New York State Department of Transportation contracting officers an Equal Employment Opportunity Officer and a Minority Business Enterprise officer (hereinafter referred to as the EEO Officer and M.B.E. Officer) who will have the responsibility for and must be capable of effectively administering and promoting an active equal employment opportunity program and who must be assigned adequate authority and responsibility to do so.

4. DISSEMINATION OF POLICY (a) All members of the CONSULTANT's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action, or who are substantially involved in such action, will be made fully cognizant of, and will implement, the CONSULTANT's equal employment opportunity policy and contractual responsibilities to provide equal employment opportunity in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

(1) Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less than once every six months, at which time the CONSULTANT’s equal employment opportunity policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

(2) All new supervisory (first level of supervision and above) or personnel office employees will be given a thorough indoctrination by the EEO Officer or other knowledgeable company official covering all major aspects of the CONSULTANT’s equal employment opportunity obligations within thirty days following their reporting for duty with the CONSULTANT.

(3) All personnel who are engaged in direct recruitment for the project will be instructed in the CONSULTANT's procedures for locating and hiring minority group employees by the EEO Officer or appropriate company official. (Minority group referred to herein shall mean Black, Hispanic, Asian/Pacific Islander, American Indian/Alaskan.)

(b) In order to make the CONSULTANT's equal employment opportunity policy known to all employees, prospective employees and potential sources or employees, i.e., schools, employment agencies, labor unions (where appropriate), college placement officers, etc., the CONSULTANT will take the following actions:

(1) Notices and posters setting forth the CONSULTANT'S equal employment opportunity policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

(2) The CONSULTANT's equal employment opportunity policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

(c) In all solicitations either by competitive bidding or negotiation made by the CONSULTANT for work to be performed under a sub-contract, including procurements of materials or equipment, each potential sub-contractor or supplier shall be notified by the CONSULTANT of the CONSULTANT's obligations under this agreement and the Regulations relative to non-discrimination.

5. RECRUITMENT (a) When advertising for employees, the CONSULTANT will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be published in newspapers or other publications having a large circulation among minority groups in the area from which the project work force would normally be derived.
These advertisements shall state that all qualified applicants will be afforded equal employment opportunity without regard to race, religion, sex, color, national origin, age, disability or marital status.

(b) The CONSULTANT will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minority group applicants, including, but not limited to, State employment agencies, schools, colleges and minority group organizations. To meet this requirement, the CONSULTANT's EEO Officer will identify sources of potential minority group employees, and establish with such identified sources procedures whereby minority group applicants may be referred to the CONSULTANT for employment consideration. In the event the CONSULTANT has a valid bargaining agreement providing for exclusive hiring hall referrals, the CONSULTANT is expected to observe the provisions of that agreement to the extent that the system permits the CONSULTANT's compliance with equal employment opportunity contract provisions. (The U.S. Department of Labor has held that where implementation of such agreements have the effect of discriminating against minorities or women, or obligates the CONSULTANT to do the same, such implementation violates Executive Order 11246.

(c) The CONSULTANT will encourage present employees to refer minority group applicants for employment by posting appropriate notices or bulletins in areas accessible to all such employees. In addition, information and procedures with regard to referring minority group applicants will be discussed with employees.

6. PERSONNEL ACTIONS Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, national origin, age, disability or marital status. The following procedures shall be followed:

(a) The CONSULTANT will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

(b) The CONSULTANT will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory practices.

(c) The CONSULTANT will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the CONSULTANT will promptly take corrective action. If the review indicated that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

(d) The CONSULTANT will promptly investigate all complaints of alleged discrimination made in connection with obligations under this agreement, will attempt to resolve such complaints, and will take appropriate corrective action within 15 days. All subsequent corrective actions or decisions will also be documented and forwarded to the NYS Department of Transportation Compliance Officer within 7 days after such action has taken place. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the CONSULTANT will inform every complainant of the results and all of their avenues of appeal should the complaint be denied.

7. TRAINING AND PROMOTION (a) The CONSULTANT will assist in locating, qualifying and increasing the skills of minority group and women employees, and applicants for employment.

(b) Consistent with the CONSULTANT's work force requirements and as permissible under the Federal and State regulations, the CONSULTANT shall make full use of training programs; i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance. In the event the Training Special Provision is provided under this contract, this subparagraph is superseded thereby.

c) The CONSULTANT will advise employees and applicants for employment of available training programs and entrance requirements for each.

(d) The CONSULTANT will periodically review the training and promotion potential of minority group and women employees and will encourage eligible employees to apply for such training and promotion.

8. UNIONS If the CONSULTANT relies in whole or in part upon unions as a source of employees, the CONSULTANT will use their best effort to obtain the cooperation of such unions to increase opportunities for minority groups and women within the unions, and, to effect referrals by such unions of minority and female employees. The CONSULTANT will send to each labor union or representative of workers with which he has or is bound by a collective bargaining or other agreement or understanding, a notice to be provided by the State Division of Human Rights, advising such labor union or representative of the
CONSULTANT’s compliance and with the non-discrimination clauses. Actions by the CONSULTANT, either directly or through a CONSULTANT’s association acting as agent, will include the procedures set forth below:

(a) The CONSULTANT will use their best efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minority group members and women for membership in the unions and increasing the skills of minority group employees and women so that they may qualify for higher paying employment.

(b) The CONSULTANT will use their best efforts to incorporate an equal employment opportunity clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, national origin, age, disability or marital status.

(c) The CONSULTANT is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union, and such labor union refuses to furnish such information to the CONSULTANT. The CONSULTANT shall so certify to the STATE and shall set forth what efforts have been made to obtain such information. Further, if the CONSULTANT was directed to do so by the contracting agency as part of the bid or negotiations of this contract, the CONSULTANT shall request such labor union or representative to furnish him with a written statement that such labor union or representative accepts the non-discrimination clauses and will affirmatively cooperate, within the limits of its legal and contractual authority, in the implementation of the policy and provisions of these non-discrimination clauses or that it consents and agrees that recruitment, employment and the terms and conditions of employment under this contract shall be in accordance with the purposes and provisions of these non-discrimination clauses. If such labor union or representative fails or refuses to comply with such a request that it furnish such a statement, the CONSULTANT shall promptly notify the State Division of Human Rights and set forth what efforts have been made to obtain such information.

(d) In the event the union is unable to provide the CONSULTANT with a reasonable flow of minority and women referrals within the time limit set forth in the collective bargaining agreement, the CONSULTANT will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, national origin, age, disability or marital status, making full efforts to obtain qualified and/or qualifiable minority group persons and women. (The U.S. Department of Labor has held that it shall be no excuse that the union with which the CONSULTANT has a collective bargaining agreement providing for exclusive referral failed to refer minority employees.) In the event the union referral practice prevents the CONSULTANT from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such CONSULTANT shall immediately notify the New York State Department of Transportation.

9. AFFIRMATIVE ACTION IN SUBCONTRACTING
(a) The CONSULTANT will not discriminate on the grounds of race, religion, sex, color, national origin, age, disability or marital status in the selection of subcontractors, including procurements and leases of equipment.

(b) If the CONSULTANT determines to use a subcontractor as part of this agreement, affirmative action shall be taken to increase the participation of minority business firms in that work. As part of that affirmative action, the CONSULTANT will identify and contact minority business firms and solicit proposals for the work to be subcontracted. The STATE will provide a list of names of minority business firms to the CONSULTANT. Another source that should be contacted for a list of minority business firms is the Governor's Office of Minority & Women's Business Development (GOMWBD).

(c) The CONSULTANT will document the affirmative action steps taken to comply with paragraph 9b. Such documentation will be provided at the time or submittal of a formal proposal to the State's Contracts Bureau.

(d) By execution of this agreement, the CONSULTANT certifies that the affirmative action steps in 9a, 9b & 9c above were taken when soliciting proposals for the work in this agreement indicated to be subcontracted and that these steps will be taken should any work be subcontracted in the future.

(e) The CONSULTANT will insure binding subcontractor and vendor compliance with their EEO obligations. The CONSULTANT will take such actions in enforcing such provisions of such subcontract or purchase order as the contracting agency may direct, including sanctions or remedies for non-compliance. If the CONSULTANT becomes involved in or is threatened with litigation with a subcontractor or a vendor as a result of such direction by the contracting agency, the CONSULTANT shall promptly so notify the Attorney General, requesting him to intervene and protect the interest of the State of New York.

10. RECORDS AND REPORTS
(a) The CONSULTANT will keep such records as are necessary to determine compliance with the CONSULTANT's equal employment opportunity obligations. The records kept by the CONSULTANT will be designed to indicate:
(1) The number of minority and non-minority group members and women employed in each work classification on the project, where required by the NYS D.O.T Compliance Officer.

(2) The progress and efforts being made in cooperation with unions to increase employment opportunities for minorities and women (applicable only to CONSULTANTS who rely in whole or in part on unions as a source of their work force).

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minority and female employees.

(4) The progress and efforts being made in securing the services of minority group subcontractors or subcontractors with meaningful minority and female representation among their employees.

(5) Compliance with all other requirements in these provisions such as meetings, instructions, employment efforts, etc.

(b) The CONSULTANT will comply with Sections 291-299 of the Executive Law and Civil Rights Law and will provide all information and reports required by the Regulations, or orders and instructions issued pursuant thereto, and will permit access to its books, records, accounts other sources of information, and its facilities as may be determined by the Commissioner of Human Rights or official designee. Such sanctions may be imposed and remedies invoked independently of or in addition to sanctions and remedies otherwise provided for by law. These may include, but are not limited to:

   (1) withholding of payments to the CONSULTANT under the agreement until the CONSULTANT complies, and/or
   (2) cancellation, termination or suspensions of the agreement in whole or in part.

11. TRAINING SPECIAL PROVISIONS This Training Special Provision supersedes paragraph 7.b above and is in implementation of 23 CFR Subpart A, Section 230.111 & Executive Order 11246.

As part of the CONSULTANT's equal employment opportunity affirmative action program training shall be provided as follows:

The CONSULTANT shall provide on-the-job training aimed at developing full competence in the job classification involved.

The number of months of training to be provided under these special provisions is previously stated in Article II.

In the event that the CONSULTANT subcontracts a portion of the contract work, it shall be determined how many, if any, of the trainees are to be trained by the subcontractor, provided however, that the CONSULTANT shall retain the primary responsibility for meeting the training requirements imposed by this special provision. The CONSULTANT shall also insure that this training special provision is made applicable to such subcontract.

The number of trainees shall be distributed among the work classifications on the basis of the CONSULTANT's needs. Along with their proposal, the CONSULTANT shall submit to the New York State Department of Transportation for approval the proposed number of trainees to be trained in each selected classification, their estimated salaries and a training schedule. The salaries to be paid trainees shall not be less than 75 percent of the average hourly rate approved in the agreement for the classification to be trained. During the period from the beginning of the project to its completion, the trainee shall receive reasonable salary increases commensurate to the abilities and effort exerted by the trainee. The training schedule required should indicate the start of work and appropriate incremental salary steps in accord with the above.

Training and upgrading the proficiency of minorities and women is a primary objective of this Training Special Provision. Accordingly, the CONSULTANT shall make every effort to enroll minority trainees and women (e.g., by conducting systematic and direct recruitment through public and private sources likely to yield minority and women trainees) to the extent that such persons are available within a reasonable area of recruitment. The CONSULTANT will be responsible for demonstrating the steps that have been taken in pursuance thereof, prior to a determination as to whether the CONSULTANT is in compliance with this Training Special Provision. This training commitment is not intended, and shall not be used, to discriminate against any applicant for training, whether a member of a minority group or not.
No employee shall be employed as a trainee in any classification in which they have successfully completed a training program or in a classification in which they have been employed. The CONSULTANT should satisfy this requirement by including appropriate questions in the employee application or by other suitable means. Regardless of the method used, the CONSULTANT's records should document the findings in each case.

The minimum length and type of training for each classification will be as established in the training schedule developed by the CONSULTANT and approved by the State and Federal Highway Administration. The State and the Federal Highway Administration shall approve a program if it reasonably calculated to meet the equal employment opportunity obligations of the CONSULTANT and to assist in qualifying the average trainee toward proficiency in the classification concerned by the end of the training period. Approval of a training program shall be obtained from the State prior to commencing work on the classification covered by the program. Training is permissible in lower level management positions. Some offsite training is permissible as long as the training is an integral part of an approved training program and does not comprise a significant part of the overall training.

The CONSULTANT will be reimbursed for the cost of any and all training under the payment terms of this agreement. This can include offsite training cost as discussed above. All offsite training must be defined in the training schedule. All costs claimed or calculated for training must be directly related to the work defined in the scope of this agreement and/or added by supplemental agreement.

The CONSULTANT must demonstrate their best efforts and evidence good faith in hiring trainees for positions in the classification in which they have completed training.

The CONSULTANT shall furnish the trainee a copy of the program they will follow in the training. The CONSULTANT shall provide each trainee with a certification showing the type and length of training satisfactorily completed.

The CONSULTANT will provide for the maintenance of records and furnish periodic reports documenting their performance under this Training Special Provision.

Updated December 2012
APPENDIX D

PARTICIPATION BY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES:
REQUIREMENTS AND PROCEDURES
(revised State 7-12-2017)

I. General Provisions

A. The New York State Department of Transportation (NYSDOT) is required to implement the provisions of New York State Executive Law Article 15-A and Parts 140-145 of Title 5 of the New York Codes, Rules and Regulations (NYCRR) for all State contracts, as defined therein, with a value (1) in excess of $25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of $100,000 for real property renovations and construction.

B. The consultant to the subject contract (the “Consultant” and the “Contract” respectively) agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to NYSSDOT, to fully comply and cooperate with NYSDOT in the implementation of New York State Executive Law Article 15-A and the regulations promulgated thereunder. These requirements include equal employment opportunities for minority group members and women (EEO), and contracting opportunities for New York State-certified Minority and Women-Owned Business Enterprises (MWBEs). The Consultant’s demonstration of “good faith efforts” pursuant to 5 NYCRR § 142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the “Human Rights Law”) and other applicable federal, state, and local laws.

C. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility and/or a breach of contract, leading to the assessment of liquidated damages pursuant to Section VII of this Appendix C and such other remedies are available to NYSDOT pursuant to the Contract and applicable law.

II. MWBE Utilization Plan

A. The Consultant represents and warrants that the Consultant has submitted an MWBE Utilization Plan, or shall submit a MWBE Utilization Plan at such time as shall be required by NYSDOT. The MWBE Utilization Plan is to be submitted consistent with the requirements stated in the procurement document.

B. The Consultant agrees to adhere to such MWBE Utilization Plan in the performance of the Contract.

C. The Consultant further agrees that failure to submit and/or adhere to such MWBE Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such material breach, NYSDOT shall be entitled to any remedy provided herein, including but not limited to, a finding that the Consultant is non-responsive.

III. Waivers Post Contract Execution
A. If the Consultant, after making good faith efforts, is unable to achieve the MWBE Contract Goals stated herein, the Consultant may submit a request for a waiver to the NYSDOT Contract Management Bureau, Civil Rights Unit. Such waiver request must be supported by evidence of the Consultant’s good faith efforts to achieve the maximum feasible MWBE participation towards the applicable MWBE Contract Goals. If the documentation included with the waiver request is complete, NYSDOT shall evaluate the request and issue a written notice of approval or denial within twenty (20) business days of receipt.

B. If NYSDOT, upon review of the MWBE Utilization Plan, quarterly MWBE Contractor Compliance Reports described in Section VI, or any other relevant information, determines that the Consultant is failing or refusing to comply with the MWBE Contract Goals, and no waiver has been issued in regard to such non-compliance, NYSDOT may issue a notice of deficiency to the Consultant. The Consultant must respond to the notice of deficiency within seven (7) business days of receipt. Such response may include a request for partial or total waiver of the MWBE Contract Goals.

IV. Liquidated Damages – MWBE Participation

A. Where NYSDOT determines that the Consultant is not in compliance with the requirements of this Appendix and the Consultant refuses to comply with such requirements, or if the Consultant is found to have willfully and intentionally failed to comply with the MWBE participation goals, the Consultant shall be obligated to pay to NYSDOT liquidated damages.

B. Such liquidated damages shall be calculated as an amount equaling the difference between:

1. All sums identified for payment to the MWBEs had the Consultant achieved the contractual MWBE goals; and
2. All sums actually paid to MWBEs for work performed or materials supplied under the Contract.

C. In the event a determination has been made which requires the payment of liquidated damages and such identified sums have not been withheld by NYSDOT, the Consultant shall pay such liquidated damages to NYSDOT within sixty (60) days after they are assessed. Provided, however, that if the Consultant has filed a complaint with the Director of the Division of Minority and Women’s Business Development pursuant to 5 NYCRR § 142.12, liquidated damages shall be payable only in the event of a determination adverse to the Consultant following the complaint process.

II. **PROPOSER CERTIFICATIONS**

By signing below, I _________________________________, authorized individual of _________________________________ make the following certifications regarding the subject proposal:

- **365-Day Offer:** This Proposal is a firm offer for a 365-day period from the date of submission.
- The firm has read and will follow the procedure outlined in **Section 7.3** of the RFP if it proposes the services of a former NYSDOT employee(s).
- **Vendor Responsibility:** The firm will complete and submit the required Vendor Responsibility Questionnaire (for Prime and Subcontractors with services valued at $100,000 or greater) via the OSC VendRep portal. ([http://www.osc.state.ny.us/vendrep/forms_vendor.htm](http://www.osc.state.ny.us/vendrep/forms_vendor.htm))
- **ST-220:** If selected for contract award greater than $100,000, the firm will complete and submit the required Forms ST-220-CA and ST-220-TD (Contractor Certifications) prior to negotiation with the Department. Forms are available at: [http://www.tax.ny.gov/pdf/current_forms/st/st220ca_fill_in.pdf](http://www.tax.ny.gov/pdf/current_forms/st/st220ca_fill_in.pdf) (Form ST-220-CA)  [http://www.tax.ny.gov/pdf/current_forms/st/st220td_fill_in.pdf](http://www.tax.ny.gov/pdf/current_forms/st/st220td_fill_in.pdf) (Form ST-220-TD)
- **No federal appropriated funds** have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.
- **If any funds** other than federal appropriated funds have been paid or will be paid to any person influencing or attempting to influence an officer or employee of any agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress in connection with the federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form – LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.
- The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including sub-contracts, subgrants and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.
- **As of January 1, 2019,** bidders on New York State procurements subject to competitive bidding are required to submit a Certification on Sexual Harassment in bids. By
submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies its own organization, under penalty of perjury, that the bidder has and has implemented a written policy addressing sexual harassment prevention in the workplace, and provides annual sexual harassment prevention training to all its employees. Such policy shall, at a minimum, meet the requirements of Section 201-g of the Labor Law.

- The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including sub-contracts, subgrants and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The undersigned certifies or affirms the truthfulness and accuracy of the contents of the statements submitted on or with this certification and understands that the provisions of 31 U.S.C. Section 3801, et seq., are applicable thereto.

ATTACHMENT 4: PROCUREMENT LOBBYING LAW COMPLIANCE

1. **Required Forms:** The Consultant shall sign submit the following forms with Part II – Cost and Administrative Submittal
   - Offeror’s Affirmation of Understanding of and Agreement pursuant to State Finance Law §139-j(3) and §139-(j)(6)(b)
   - Offeror Disclosure of Prior Non-Responsibility Determinations

2. **NYSDOT Guidelines and Procedure**
   Under the requirements of the State Procurement Act all communications regarding advertised projects are to be channeled through Contract Management (Designated Contacts). Until a designation is made, communication with any other NYSDOT employee concerning this project that is determined to be an attempt to influence the procurement may result in disqualification.

3. **Summary of the policy and prohibitions regarding permissible contacts**
   a) **Contacts prior to designation**
      Any communication involving an attempt to influence the procurement are only permitted with the following Designated Contact Persons:
      - The Contract Management Designated Contract Specialist
      - The Contract Management Designated Supervisor
      - The Contract Management Civil Rights Unit Supervisor
      - The Contract Management Assistant Directors
      - The Contract Management Director

      These are some communications exempted from this restriction:
      - Participation in a pre-proposal webinar/conference
      - Protests, complaints of improper conduct or misrepresentation

      If any other NYSDOT employee is contacted and they believe a reasonable person would infer that the communication was intended to influence the procurement, the contact must be reported by the NYSDOT employee. If the Department determines an impermissible contact was made, that offerer cannot be awarded the contract. A second violation would lead to a four-year ban on the award of public contracts to the offerer.

   b) **Contacts after designation**
NYSDOT identifies its primary negotiation contacts. The designated contacts include:

- The Contract Management Designated Specialist
- The Contract Management Designated Supervisor
- The Contract Management Civil Rights Unit Supervisor
- The Contract Management Assistant Directors
- The Contract Management Director

The law does not limit who may be contacted during the negotiation process. However, if any NYDOT employee is contacted and they believe a reasonable person would infer that the communication was intended to influence the procurement, the contact must be reported by the NYSDOT employee.

c) Information Required from Offerers that contact NYSDOT staff, prior to contract approval by the Office of the State Comptroller

The individuals contacting NYSDOT should refer and shall be prepared to provide the following information as directed by the Department:

- Person’s name, firm person works for, address of employer, telephone number, email address, occupation, firm they are representing, and whether owner, employee retained by or designated by the firm to appear before or contact the Department.

d) Applicability to an executed contract

Restrictions similar to those described above apply to approval or denial of an assignment, amendment (other than amendments that are authorized and payable under the terms of the procurement contract as it was finally awarded or approved by the comptroller, as applicable), renewal or extension of a procurement contract, or any other material change in the procurement contract resulting in a financial benefit to the offerer. The staff noted above as well as the project manager and consultant manager are considered designated contact persons. The Department may identify other contract persons for each of these processes.

ATTACHMENT 7: VENDOR ASSURANCE OF NO CONFLICT OF INTEREST OR DETRIMENTAL EFFECT

Vendor Assurance of No Conflict of Interest or Detrimental Effect

The Firm offering to provide services pursuant to this RFP, as a contractor, joint venture contractor, subcontractor, or consultant, attests that its performance of the services outlined in this RFP does not and will not create a conflict of interest with nor position the Firm to breach any other contract currently in force with the State of New York.

Furthermore, the Firm attests that it will not act in any manner that is detrimental to any State project on which the Firm is rendering services. Specifically, the Firm attests:

1. The fulfillment of obligations by the Firm, as proposed in the response does not violate any existing contracts or agreements between the Firm and the State;
2. The fulfillment of obligations by the Firm, as proposed in the response, does not and will not create any conflict of interest, or perception thereof, with any current role or responsibility that the Firm has with regard to any existing contracts or agreements between the Firm and the State;
3. The fulfillment of obligations by the Firm, as proposed in the response, does not and will not compromise the Firm’s ability to carry out its obligations under any existing contracts between the Firm and the State;
4. The fulfillment of any other contractual obligations that the Firm has with the State will not affect or influence its ability to perform under any contract with the State resulting from this RFP;
5. During the negotiation and execution of any contract resulting from this RFP, the Firm will not knowingly take any action or make any decision which creates a potential for conflict of interest or might cause a detrimental impact to the State as a whole including, but not limited to, any action or decision to divert resources from one State project to another;
6. In fulfilling obligations under each of its State contracts, including any contract which results from this RFP, the Firm will act in accordance with the terms of each of its State contracts and will not knowingly take any action or make any decision which might cause a detrimental impact to the State as a whole, including but not limited to, any action or decision to divert resources from one State project to another;
7. No former officer or employee of the State who is now employed by the Firm, nor any former officer or employee of the Firm who is now employed by the State, has played a role with regard to the administration of this contract procurement in a manner that may violate section 73(8)(a) of the State Ethics Law;
8. The Firm has not and shall not offer to any employee, member or director of the State any gift, whether in the form of money, service, loan travel, entertainment, hospitality, thing or promise, or in any other form under circumstances in which it could reasonably be inferred that the gift was intended to influence said employee, member or director, or could reasonably be expected to influence said employee, member or director, in the performance of the official duty of said employee, member or director or was intended as a reward for any official action on the part of said employee, member or director.

Firms responding to this RFP should note that the State recognizes that conflicts may occur in the future because a Firm may have existing or new relationships. The State will review the nature of any such new relationship and reserves the right to terminate the contract for cause if, in its judgment, a real or potential conflict of interest cannot be cured.

This form must be signed by an authorized executive or legal representative.
ATTACHMENT 8: DBE PARTICIPATION INFORMATION

Please complete the following table for the Prime Firm and all subconsultants/subcontractors (consult team composition). Please identify each firm’s legal name, checking if they are a certified DBE by utilizing the NYSUCP DBE Directory, and indicating each firm’s percentage of total salary for the contract. Please keep in mind that only NYSUCP certified DBEs are eligible to count towards attainment of this federally-funded procurement with a DBE participation goal.

Further, participation by a certified DBE prime consultant will count towards DBE participation goal attainment.

If the combined percentage total contract value for all proposed, certified DBEs is less than the DBE Participation Goal set for this contract, 12.23 %, then the proposing prime firm is required to fill out and submit the DBE Subconsultant Participation Solicitation Log (Attachment 8a), and submit a Goal Attainment Explanation Letter. Further, prime consultants certified as a DBE who propose to meet the Department’s DBE participation goal via their meaningful participation, are required to fill out and submit the DBE Subconsultant Participation Solicitation Log (Attachment 8a) unless their outreach efforts result in proposed DBE subconsultants.

ATTACHMENT 9: MBE/WBE/SDVOB PARTICIPATION INFORMATION

“NOT APPLICABLE”
ATTACHMENT 9a: MBE/WBE/SDVOB SUBCONSULTANT PARTICIPATION SOLICITATION LOG

“NOT APPLICABLE”
ATTACHMENT 10: SOLICITATION LOG INSTRUCTIONS

(GOOD FAITH EFFORT DOCUMENTATION)

To be deemed responsive to this solicitation, Proposers whose proposed DBE/MBE/WBE/SDVOB participation does not meet the established participation goal must document and report their efforts to solicit participation by certified DBE/MBE/WBE/SDVOB in the Contract.

PLEASE NOTE: For RFPs with a DBE goal, only participation by NYSUCP certified DBE prime consultants or subconsultants may count toward goal attainment. For RFPs with MBE/WBE and/or SDVOB goals, only consultants or subconsultants certified by New York State Empire Development (for MBE/WBE) or New York State Office of General Services (for SDVOB) may count toward meeting the goals.

Guidance concerning Good Faith Efforts in meeting DBE/MBE/WBE/SDVOB participation goals is in this Attachment.

The log is to be filled out and submitted with the proposing firm’s Cost and Administrative Submittal. In order for a Proposal to be determined as responsive when the DBE/MBE/WBE/SDVOB participation goals are not attained at all or partially attained, then the Proposer must complete all sections of this form and submit along with a Goal Attainment Explanation Letter, documenting the Proposer’s Good Faith Effort. A separate Attachment 8a must be submitted for each Participation Goal established in the RFP.

***DBE CERTIFICATION IS A FEDERAL PROGRAM CERTIFICATION***

IT IS SEPARATE AND DISTINCT FROM THE NEW YORK STATE MBE/WBE/SDVOB PROGRAMS.

PLEASE DO NOT CONFUSE THE TWO. FIRMS WITH QUESTIONS REGARDING THESE PROGRAMS ARE ENCOURAGED TO SUBMIT WRITTEN QUESTIONS

CONTRACT NO.: Enter the NYS DOT Contract Number (ex. C031111)

PARTICIPATION GOAL: Enter applicable DBE/MBE/WBE/SDVOB participation goal percentage as stated in the RFP.

PAGE NO.: Enter 1 of 1; 1 of 2 and 2 of 2; etc. Use additional forms as needed.

PRIME NAME/ADDRESS: Enter the name of the Prime Consultant, and full address.

CONTACT PERSON: Enter the name of the person your firm has designated as the authorized contact person for this solicitation.

CONTACT PERSON TELEPHONE AND EMAIL: Enter phone number, including area code, and email address for the Contact Person.

DBE/MBE/WBE/SDVOB CONSULTANTS SOLICITED:

SOLICITED COMPANY NAME AND CONTACT PERSON: Enter the name of solicited form and name of the individual associated with the firm to whom the solicitation query was sent.
TELPHONE (WITH AREA CODE): Enter the full telephone number of the solicited firm.

FEDERAL EMPLOYER IDENTIFICATION NUMBER (FEIN): Enter the Federal Employer Identification Number of the solicited firm.

WORK TYPE(S) BEING SOLICITED: Enter the work type(s) or Commercial Useful Function for which this firm has been solicited in connection with the Scope of Services for this contract. NOTE: Work type codes are provided for every certified firm listed in the NYSUCP DBE Director, NYS ESD MBE/WBE Director, and NYS Office of General Services SDVOB Directory.

TYPES AND DATES OF CONTACT: Enter dates on which your firm contacted the solicited firm, either by mail (date solicitation sent), telephone (including date and time of call), email (date email sent or received), or other direct person-to-person contacts. Identify the type of contact by prefacing each date with “M” for mail, “T” for telephone, “E” for email, or “D” for direct meeting.

CONTACT RESULT(S): Enter code(s) which indicates the result(s) of your solicitation.

***USE ADDITIONAL PAGES AS NEEDED***

A description of the codes to use is as follows:

<table>
<thead>
<tr>
<th>CODE</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>This firm is unavailable to participate in the contract for the reason(s) stated on the DBE/MBE/WBE/SDVOB Solicitation Response. (Attach explanation to the Solicitation Log)</td>
</tr>
<tr>
<td>2</td>
<td>This firm is no longer in business. (NOTE: If this action is checked, attach your explanation as to why the solicitation was sent to the firm and how evidence that it was no longer in business was obtained – Attach the returned envelop showing that it was undeliverable, for instance)</td>
</tr>
<tr>

EMPLOYMENT OPPORTUNITY POLICY STATEMENT

(Submit original with Executed Contract Signature pages)

Contract Number __________________
Contract Description: ____________________________________________________________
______________________________________________________________________________

M/WBE AND EEO POLICY STATEMENT
I, _______________________________________________, of (awardee/consultant) ________________________________, agree to adopt the following policies with respect to the project being developed or services rendered.

MWBE
This organization will, and will cause its contractors and subcontractors to, take good faith actions to achieve the M/WBE contract participation goals set by the State for that area in which the State-funded project is located, by taking the following steps:

1. Actively and affirmatively solicit bids for contracts and subcontracts from qualified State certified MBEs or WBEs, including solicitations to M/WBE contractor associations.
2. Request a list of State-certified M/WBEs from NYSDOT and solicit bids from them directly.
3. Ensure that plans, specifications, requests for proposals and other documents used to secure bids will be made available in sufficient time for review by prospective M/WBEs.
4. Where feasible, divide the work into smaller portions to enhance M/WBE participation and encourage the formation of joint ventures and other partnerships among M/WBE contractors.
5. Document and maintain records of bid solicitation, including those to M/WBEs, and the results thereof. The Consultant will also maintain records of actions that its subcontractors have taken toward meeting M/WBE contract participation goals.
6. Ensure that progress payments to M/WBEs are made on a timely basis so that undue financial hardship is avoided, and if legally permissible, that bonding and other credit requirements are waived or appropriate alternatives developed to encourage M/WBE participation.

EEO
(a) This organization will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, will undertake or continue existing programs of affirmative action to ensure that minority group members are afforded equal employment opportunities without discrimination, and shall make and document its efforts to employ and utilize minority group members and women in its work force on State contracts.
(b) This organization shall state in all solicitations or advertisements for employees in the performance of the State contract, that all qualified applicants will be afforded equal opportunities without discrimination because of race, creed, color, national origin, age, disability or marital status.
(c) At the request of the contracting agency, this organization shall request that each employment agency, labor union, or authorized representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of this organization’s obligations herein.
(d) The Consultant shall comply with the provisions of the Human Rights Law, all other State and Federal statutory and constitutional non-discrimination provisions. The Consultant and subconsultants/subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status, or domestic violence victim status, and shall
also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

(e) This organization will include the provisions of sections (a) through (d) of this agreement in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subconsultant/subcontractor as to work in connection with the State Contract.

ATTACHMENT 15: CONTRACT JOB TITLE DESCRIPTIONS & QUALIFICATIONS

POSITION: PROJECT MANAGER (Key)
The Project Manager (PM) is responsible for all work necessary to provide for the general management, oversight, QA/QC, and administration of the contract by the Consultant’s management and management support personnel. The Project Manager (PM) shall be the voice for the firm and for all other sub-consultants for all issues or concerns related to the contract. The State’s Managers will not deal with more than one PM for a contract.

TASKS:
Tasks are defined in Attachment 16. Specific duties include, but are not limited to:
Primary Tasks:  1a
Sub Tasks:  10

ORGANIZATIONAL RELATIONSHIP:
Reports directly to the NYSDOT Project Manager.

MINIMUM QUALIFICATIONS:
Education and Experience:
• Bachelor’s degree in a relevant field and a minimum of 5 years of Project Management experience in TMC/Traffic operations/emergency operations with any of the following groups/sectors: Military, Transportation, Fire, Police, EMS, 911 OR
• Minimum of 10 years of full-time employment meeting the qualifying experience.

Knowledge Skills and Abilities:
• experience in writing and revising scope and cost proposals, and
• experience in developing procedures and protocols, and
• experience in public relations.

Qualifying Experience: Candidates must meet all the following conditions:
• TMC/Traffic/Dispatch operations with any of the following groups/sectors: Military, Transportation, Fire, Police, EMS, 911, and
• at least 4 years of experience as a Project Manager for projects with a net worth of at least $500k annually, and
• must have extensive experience in managing projects and tasks from inception to completion, and
• experience in supervising a minimum of 10 employees.

DESIRED QUALIFICATIONS:
It is desired, but not required, that candidates for this position also be proficient in the following areas:
• data analytics including: economic evaluation, systems evaluation and predictability modeling,
• strong interpersonal skills with an ability to get along with others in a team environment.
POSITION: CONSULTANT OPERATIONS MANAGER (KEY)
Manage all operational aspects of the HVTMC with internal and external ITS partners including NYSDOT maintenance, construction, traffic, public affairs; emergency service providers; transit; and other local agencies as necessary. Oversees day-to-day operations on a 24/7 basis. The HVTMC Consultant Operations Manager shall have intimate knowledge of HVTMC policy and guidance, and will oversee the Consultant staff located at TMC and shall have office space at the TMC.

TASKS:
Tasks are defined in Attachment 16. Specific duties include, but are not limited to:
Primary Tasks: 1b, 4
Sub Tasks: 1a, 2a, 2b, 7, 10

ORGANIZATIONAL RELATIONSHIP:
Reports directly to NYSDOT TMC Manager and Firm Project Manager.

MINIMUM QUALIFICATIONS:

Education and Experience:
- Bachelor’s degree in relevant area with at least one year of qualifying work experience; OR
- 7 years of full-time employment meeting the qualifying experience.

Knowledge Skills and Abilities:
Candidates for this position should be proficient in the following areas:
- oral and written communication, and
- computer/Software including: MS Office applications, spreadsheets and databases, and
- personnel management, and
- public, internal and external relations (work well with internal, external and partner groups and individuals), and
- mentor and train new staff; and
- Able to respond to problem situations 24 hours a day.

Qualifying Experience: Candidates must meet all the following conditions:
- Management/supervision position in transportation operations or military with experience in scheduling, administration, performance evaluations, hiring, employee relations, problem solving and leadership.

DESIRED QUALIFICATIONS:
It is desired, but not required, that candidates for this position also be proficient in the following areas:
- data analytics including: economic evaluation, systems evaluation and predictability/performance modeling,
- strong leadership and interpersonal skills with an ability to get along with others in a team environment,
- ability to cope with stress and personnel problems,
- organization skills.
POSITION: SYSTEM OPERATOR IV (ASSISTANT OPERATIONS MANAGER) (KEY)
This is a senior level supervisor operator and is responsible for leading and directing work of the HVTMC’s operators. Responsibility for coordinating transportation and incident management functions falls in this scope. Work is performed under minimal supervision. The Assistant Operations Manager shall assume the role of the Operations Manager, in the absence (vacation/sick) of the Operations Manager at the request of the Project Management (NYSDOT/Consultant). He/she will be required to be on-call 24 hours/7 days per week via phone. The performances of routine and/or unusual transportation management tasks are inherent to this position, as well as ability to perform functions applicable for all Operator Levels.

TASKS:
Tasks are defined in Attachment 16. Specific duties include, but are not limited to:
Primary Tasks: 1b, 4
Sub Tasks: 2a, 2b, 7, 10

ORGANIZATIONAL RELATIONSHIP:
Reports directly to Operations Manager

MINIMUM QUALIFICATIONS:
Education and Experience:
- Bachelor’s degree in relevant field and at least one (1) year of full-time qualifying work experience OR
- Five (5) years of full-time employment meeting the qualifying experience.

Knowledge Skills and Abilities:
Candidates for this position should be proficient in the following areas:
- oral and written communication, and
- computer/Software including: MS Office applications, spreadsheets and databases, and
- personnel management, including shift continuity, assessments, briefings, and
- public, internal and external relations (work well with internal, external and partner groups and individuals), and
- preparation and maintenance of training documents and reports; and
- mentor and train new staff; and
- scheduling of staff for the control center on a daily, weekly, and monthly basis including Part-Time staff for the full-time staff including vacations and/or sickness; and
- Able to respond to problem situations 24 hours a day.

Qualifying Experience:
- management/supervision position in transportation operations or military with experience in scheduling, administration, performance evaluations, hiring, employee relations, problem solving and leadership.
- operations dispatching with at least one of the following groups/agencies: Transportation, Fire, Police, EMS, 911, or similar experience in the Military.

DESIRED QUALIFICATIONS:
It is desired, but not required, that candidates for this position also be proficient in the following areas:
- data analytics, including economic evaluation, systems evaluation and predictability/performance modeling,
- strong leadership and interpersonal skills,
- organization skills and ability to cope with stress,
- strong knowledge of roadways within the Hudson Valley region.
POSITION: SYSTEM OPERATOR III (KEY)
A System Operator III is the acting manager on duty in the absence of the Operations Manager and assists Operations Manager in developing protocols, standard operating procedures, and ensuring compliance with accepted guidelines and practices. They oversee the operations floor, directing System Operator I & II’s and are expected to take a leadership position over operations staff and activities. They provide QA/QC for all operational steps and ensure that policy and procedures are followed and that staff actions are in conformance with expectations.

Systems Operator III’s are expected to have all the skills and capability of an operator II and will assist operators during busy times. They are the first resource to the Systems Operator I & II’s and should be knowledgeable on all aspects of TMC operations.

TASKS:
Tasks are defined in Attachment 16. Specific duties include, but are not limited to:
Primary Tasks: 2a, 2b, 7
Sub Tasks: 1b, 12

ORGANIZATIONAL RELATIONSHIP:
Reports directly to Operations Manager and NYSDOT HVTMC Manager

MINIMUM QUALIFICATIONS:

Education and Experience:
- Associates degree or higher with at least one year of qualifying work experience; OR
- Three years of full-time employment meeting the qualifying experience.

Knowledge Skills and Abilities:
Candidates for this position should be proficient in the following areas:
- oral and written communication, and
- computer/Software including: MS Office applications, spreadsheets and databases, and
- supervising employees, and
- public, internal and external relations (work well with internal, external and partner groups and individuals), and
- mentor and train new staff; and
- using roadway maps and have basic knowledge of roadway elements, and
- perform with minimum supervision, and
- Able to respond to problem situations 24 hours a day.

Qualifying Experience: Operations dispatching with at least one of the following groups/agencies: Transportation, Fire, Police, EMS, 911, or similar experience in the Military.

DESIRED QUALIFICATIONS:
It is desired, but not required, that candidates for this position also be proficient in the following areas:
- organization skills,
- ability to cope with stress,
- strong knowledge of roadways within the Hudson Valley region.
POSITION: SYSTEM OPERATOR II
A system Operator II is expected to have a strong familiarity with the Regions’s roadways and the location and purpose of all ITS elements; independently operate the TMC’s Advanced Traffic Management Systems (ATMS); aid in Traffic Incident Management (TIM); receive and coordinate department response on roadway concerns; dispatches maintenance crews for snow and ice operations and keep records on incidents, roadway concerns and call logs.

A Systems Operator II shall, under the supervision of Systems Operator III, operate the TMC’s Advanced Traffic Management Systems (ATMS); aid in Traffic Incident Management (TIM); receive and coordinate department response on roadway concerns; dispatch maintenance crews for snow and ice operations and keep records on incidents, roadway concerns and call logs. In addition, Systems Operators II staff is expected to be well versed in TMC policy and guidance.

TASKS:
Tasks are defined in Attachment 16. Specific duties include, but are not limited to:
Primary Tasks:  2b

ORGANIZATIONAL RELATIONSHIPS:
Reports directly to the System Operator III

MINIMUM QUALIFICATIONS:
Education and Experience:
• Associates degree or higher; OR
• two years of full-time employment meeting the qualifying experience.

Knowledge Skills and Abilities:
Candidates for this position should be proficient in the following areas:
• oral and written communication, and
• computer/Software including: MS Office applications and spreadsheets, and
• capable of working well with co-workers and NYSDOT staff, and
• using digital roadway maps and have working knowledge of roadway elements, and
• perform with minimum supervision.

Qualifying Experience: Operations dispatching with at least one of the following groups/agencies: Transportation, Fire, Police, EMS, 911, or similar experience in the Military.

DESIRED QUALIFICATIONS:
It is desired, but not required, that candidates for this position also be proficient in the following areas:
• Able to respond to problem situations 24 hours a day,
• Ability to cope with stress.
• Strong knowledge of roadways within the Hudson Valley region.
POSITION: SYSTEM OPERATOR TRAINEE / SYSTEM OPERATOR I

New Systems Operators are not expected to have strong competency in TMC dispatching. As such, the new hires must work as a Systems Operator Trainee for a minimum of three (3) months (maximum of six (6) months) and pass a core competency evaluation before they can progress to a Systems Operator I. At hire, a System Operator Trainee is expected to have a basic familiarity with the Region’s roadways, basic dispatching skills, good written and oral communication skills, and shall understand basic data analytic applications (e.g., databases & spreadsheets).

As a Systems Operator I, staff will continue their training for a minimum of six (6) months (maximum of one (1) full year) beginning at the end of the Trainee period. After which, Systems Operator I staff must be able to demonstrate proficiency in the ATMS, Dispatching, TMC Policy and be able to work independently. Upon completion of the Systems Operator II core competency evaluation, the Systems Operator I is eligible to be promoted to Systems Operator II. A Systems Operator I shall have a detailed familiarity with the Region’s roadways, understand communications protocols and be knowledgeable on the location and purpose of all ITS elements and shall be capable of independently following procedure and direction.

A Systems Operator Trainee I shall, with the support of a Systems Operator II and under the supervision of Systems Operator III operate the TMC’s Advanced Traffic Management Systems (ATMS); aid in Traffic Incident Management (TIM); receive and coordinate department response on roadway concerns; dispatch maintenance crews for snow and ice operations and keep records incidents, roadway concerns and call logs.

Operator I staff Duties are the same as Systems Operator II but it is expected that a Systems Operator I will be in training and not yet proficient in all aspects of the Systems Operator II role.

Candidates who do not demonstrate core competencies by the maximum deadlines will automatically be removed from service unless otherwise agreed upon by NYSDOT TMC Director.

TASKS:
Tasks are defined in Attachment 16. Specific duties include, but are not limited to:
Primary Tasks: 2b

ORGANIZATIONAL RELATIONSHIP:
Reports directly to the System Operator III

MINIMUM QUALIFICATIONS:
Candidates for this position must meet the Minimum Qualifications described in the Systems Operator II position.

DESIRED QUALIFICATIONS:
Desired Qualifications are the same as those described in the Systems Operator II position.
POSITION: TRANSPORTATION ANALYST I/II/III
The Transportation Analyst will assist the TMC and NYSDOT in informing the public and partner agencies on the impact of weather, construction, maintenance, and other activities; ensure that work zone setup meet department standards and conform to policies; report on and ensure that the Department’s external condition reporting systems (OpenReach and 511NY.org) are timely and accurate; collect, analyze and report on TMC performance; assist in TMC asset management and recordkeeping; conduct TMC/TSMO related studies/investigations, assist in ITS scope development, and work with contractors to correct reporting deficiencies in TMC systems.

Analysts will also assist with day to day TMC operations and provide as need support to system operators.

TASKS:
Tasks are defined in Attachment 16. Specific duties include, but are not limited to:
Primary Tasks: 3, 8, 9
Sub Tasks: 2b, 7

ORGANIZATIONAL RELATIONSHIP:
Reports directly to designee as specified by the Operations Manager and NYSDOT TMC Manager

MINIMUM QUALIFICATIONS:
Education and Experience:
• Either Bachelor’s degree in related field with a minimum of National Institute for Certification in Engineering Technologies (NICET) level 2; OR
• a minimum 5 years of equivalent work experience in construction inspection, supervision, or management with experience in roadwork and work zone traffic control.

Knowledge Skills and Abilities:
Candidates for this position should be proficient in the following areas:
• computer/Software including: MS Office applications, spreadsheets and databases, and
• personnel management, and
• Work Zone Traffic Control design and/or implementation, and
• data analytics including: economic evaluation, systems evaluation and predictability/performance evaluation, and
• Geographic Information System (GIS), asset management, basic software development; and
• some experience with mapping (ArcMap, ArcView, other)
• oral and written communication.

DESIRED QUALIFICATIONS:
It is desired, but not required, that candidates for this position be proficient in the following areas:
• performing multiple tasks simultaneously and independently; interpersonal skills and ability to train others,
• working and getting along with others in a team environment.
POSITION: FIELD TECHNICIAN
Field Technicians assist NYSDOT TMC Engineers in asset management and record keeping; troubleshooting ITS/communication/network failures that include upgrading, replacing, configuring, installing, adjusting/reconfiguring, and repairing field devices; confirming functional and intended displays of DMS messages; investigating reports of equipment malfunctions; inventorying operational status of ITS equipment, ITS maintenance contractor oversight and coordination.

TASKS:
Tasks are defined in Attachment 16. Specific duties include, but are not limited to:
Primary Tasks:  5b
Sub Tasks:  11

ORGANIZATIONAL RELATIONSHIP:
Reports directly to the ITS Engineer

MINIMUM QUALIFICATIONS:
Education and Experience:
• Associate’s degree or higher in Electrical Engineering or Electrical Engineering Technology, Computer Science or Information Technology; OR
• 2 years of full-time employment meeting the qualifying experience.

Knowledge Skills and Abilities:
Candidates for this position should be proficient in the following areas:
• computer/Software including: MS Office applications, spreadsheets and databases, and
• plan and/or schematic reading, and
• perform field work on varying terrain and weather conditions, and
• Electronics troubleshooting and repair/replacement of electronic devices (e.g. modems, switches and routers), and
• Possess valid driver’s license.

Qualifying Experience: Field experience as a service technician in the field of Telcom, Electrical Technology or Information Technology or ITS.

DESIRED QUALIFICATIONS:
It is desired, but not required, that candidates for this position be proficient in the following areas:
• Working and getting along with others in a team environment,
• Troubleshooting, configuring and updating telecommunications, networking and information technology systems, and
• electrical safety and systems with knowledge of electrical codes and safe working practices, and
• Oral and written communication,
• Wireless (radio and cellular) and fiber optic communication,
**POSITION: SYSTEM ENGINEER I/ (KEY)**

The Systems Engineer is responsible for working closely with the NYSDOT Systems Engineer (If NYSDOT does not have a Systems Engineer, then the Consultant Systems Engineer will assume the position) to facilitate and coordinate the installation, operation, repair, relocation and maintenance of the TMC’s ITS and networking hardware and software. The Systems Engineer will be responsible for system security and performance. The TMC’s operate 24/7/365 and as such the TMC systems and ITS elements need to be fully secure and operational. The person in this role will be on call 24/7 and will be responsible for ensuring that the TMC systems are fully functional and will minimize down time for any hardware or software.

**TASKS:**

Tasks are defined in Attachment 16. Specific duties include, but are not limited to:

System Engineer I:

Primary Tasks:  5a
Sub Tasks: 5b, 11, 13

**General Functions:**

- Performs all system software engineering work to customize new configuration of new services and equipment into the current HVTMC ATMS/ATIS-Architecture (HV Traveler). This includes software upgrades for new ITS equipment to be NTCIP compliant and compatible with the HVTMC legacy system; programming, reconfiguration and integration of VMS, Surveillance/Ramp Meters Controllers, Travel Time Signs, detection systems and integration of new computer servers as required at the TMC.
- Develops and upgrades System and workstation software to enhance the functionality of the system through user friendly interfaces.
- Reviews current data management system capabilities, workflow, and scheduling limitations to determine if changes to ATMS systems are required. Documents in sufficient detail the steps taken to modify systems and procedures required to both maintain current systems and implement new functionality.
- Is able to independently troubleshoot hardware, software, and data communications malfunctions/errors in order to maintain and/or quickly restore operational functionality at the TMC.
- Is responsible for Administration of the ATMS and database, which includes data archiving, mining etc.
- Maintain and configure HVTMC’s website.
- Provide website performance measurements and web server reports
- Hardware and Software installations as well as maintenance
- Backups of system software files after major software upgrades
- Database administration maintenance plans, backups, replication, performance monitoring etc.
- Provide software and hardware support to users of the ATMS system
- Assist the Systems Analyst to create, modify and update the HVTMC Systems Administration Manual and pertinent Standard Operating Procedures as pertains to the Systems and Field environments.
- Maintain the hardware and software of HVTMC’s Video Wall
- Write scripts to automate processes
- Create reports
- Document issues and their resolutions
- Extract TRANSMIT data from TRANSMIT database

**Organizational Relationship:**

Reports directly to the System Engineer II
MINIMUM QUALIFICATIONS:

- Bachelor’s degree or higher in Information Technology or Computer Science and at least one of the following certifications:
  - CCNA Cloud
  - CCNA Collaboration
  - CCNA Data Center
  - CCNA Industrial
  - CCDA
  - CCNA Routing and Switching
  - CCNA Security
  - CCNA Service Provider
  - CCNA Wireless
- OR MSCA
- OR a minimum of 1 year work experience with IT network setup, security and administration
- Must have general familiarity with the following:
  - Knowledge of Windows 7, 10, Server and Linux, operating systems and maintenance.
  - Knowledge of advanced networking troubleshooting.
  - Electrical AC/DC and Solar
  - Telecom – Cellular, Serial, TCP/IP, UDP, multicast, IGMP, Fiber Optics, etc.
  - Detection (Video, Radar, Acoustic, Loops etc)
  - Database skills using MS SQL+ Server, Excel and Access
  - Able to read/interpret HVTMC System record plans
  - Wireless/Radio
  - Database skills
  - Programming skills
  - Basic engineering and IT administration qualifications need to be noted prior to any specific tasks.
- At least 1 years of experience using items referenced above.
- Must demonstrate an ability to react under stressful situation professionally.
- Must be a highly motivated individual, with a strong sense of responsibility and dedication to the job.
- Must have good interpersonal skills and ability to train others.
- Must be dedicated and able to perform with minimum supervision
- Ability to complete tasks within timelines by appropriately prioritizing multiple tasks within or across projects with minimal direction from management.
- Strong organizational skills
- Solid written and oral communications skills are required.
- Must possess a valid drivers license

DESIRED QUALIFICATIONS:

- ITS devices including: Closed Circuit Television (CCTV), Variable Message Signs (VMS), Highway Advisory Radio (HAR), and
- Programming skills (C, C++, JAVA, etc.), web design and programming;
- Experience with wireless (Radio and Cellular) and fiber optic communication systems,
- Intermediate or higher level of skill with MSSQL + Server,
- Demonstrates ability to react under stressful situations professionally,
POSITION: SYSTEM ENGINEER II (KEY)
The Systems Engineer is responsible for working closely with the NYSDOT Systems Engineer (If NYSDOT does not have a Systems Engineer, then the Consultant Systems Engineer will assume the position) to facilitate and coordinate the installation, operation, repair, relocation and maintenance of the TMC’s ITS and networking hardware and software. The Systems Engineer will be responsible for system security and performance. The TMC’s operate 24/7/365 and as such the TMC systems and ITS elements need to be fully secure and operational. The person in this role will be on call 24/7 and will be responsible for ensuring that the TMC systems are fully functional and will minimize down time for any hardware or software.

TASKS:
Tasks are defined in Attachment 16. Specific duties include, but are not limited to:

System Engineer II:
Primary Tasks: 6
Sub Tasks: 5a, 11, 13

ORGANIZATIONAL RELATIONSHIP:
Reports directly to Consultant Operations Manager.

General Functions:
• General administration of Servers and workstation PCs at the HVTMC. Administration of HV Traveler ATMS system and database, which includes data mining/creation of database applications utilizing department-provided software. Workstation application support for specialized field hardware (e.g. VMS, CCTV, sensors, etc.).
• Conduct weekly ITS meetings as well as meetings with Operations Department.
• Attend weekly meetings with client (NYSDOT) to review status of all assigned tasks. Develop and maintain a strong working with all other agency IT departments (i.e.: Westchester County, New York State Thruway, etc.) in order to ensure proper distribution and sharing of agency video feeds.
• Initiate tests of system programs and properly utilize computer monitor readout to detect errors and take appropriate corrective actions.
• Restore servers or workstations from cloned images. Administration of HVTMC systems and databases, which includes data archiving, mining and creation of reports and database applications utilizing department-provided software.
• Coordinate with NYSDOT Staff in other groups as needed (Information Technology, Main Office Traffic Signal Group, etc).
• Support ITS with the various HVTMC systems.
• Assists users who are having operational problems with various TMC systems.
• Create, modify and update the HVTMC Systems Administration Manual and pertinent Standard Operating Procedures as pertains to the Systems and Field environments.
• Prepares and maintains training documents and reports.
• Train System Operators to use HVTMC software applications.
• Prepares workflow charts and diagrams as part of recommendations for modifications to system hardware and software.
• Independently troubleshoot hardware, software, and data communications malfunctions/errors in order to maintain and/or quickly restore operational functionality at the HVTMC.
• Coordinate with NY State Police Information Technology personnel to support Computer Aided Dispatch (CAD) connections.
• Provides configuration management of the HVTMC system and associated documentation.
• Able to initiate tests of system programs and properly utilize computer monitor readout to detect errors or work stoppage and take appropriate corrective actions.
• Review computer system capabilities, workflow, and scheduling limitations to determine if requested changes to the ATMS are possible/appropriate.
• Documents in sufficient detail the steps taken to modify systems and procedures required to both maintain current systems and implement new functionality.
• Visit vendors to observe demonstration of systems software.
• Administer and monitor user access to system. Review productivity reports and problem records to evaluate performance of the systems and hardware.
• Since this title will also involve work at locations external to the HVTMC, this person shall follow NYSDOT procedures in order to safely work at roadside locations.
• Procure hardware and software as well as software licenses.
• Hardware and Software installations as well as maintenance
• Backups of system software files after major software upgrades according to recommended industry standards.
• Network configuration, maintenance, and troubleshooting including firewall configurations
• Database administration maintenance plans, backups, replication, performance monitoring etc.
• COTS and hardware vendor coordination
• Direct contact with client personnel in the case of system outages on a 24/7 basis, as well as direct contact with HVTMC NYSDOT and Operations personnel to ensure all system administrators/leads are aware of all systems issues.
• Documentation of daily, weekly, and monthly operations and maintenance tasks, outlining a standard operating procedure necessary for maintaining each system to provide aggressive preventative maintenance
• Maintain the asset inventory for each system. The inventory list will contain asset information including all hardware specifications, serial numbers, third party support lifetimes, etc. as well as information pertaining to system utilities such as ISP, power and Telco information.
• Maintenance of System Architecture documentation, including all IP information, network diagrams, rack diagrams, server configurations, etc.
• Maintenance and updates of the disaster and recovery systems currently deployed as well as maintenance and updates of disaster and recovery systems that will be deployed in the future.
• Provide systems related support for construction projects as needed
• Coordinate with 3rd party vendors and Subconsultants regarding IT issues and tasks.
• Coordinate with the Operations Manager to develop and maintain documentation of the HVTMC Intelligent Transportation System (ITS) architecture in accordance with Task 8.

Minimum Qualifications:
• Bachelor’s degree or higher in Information Technology or Computer Science and at least two of the following certifications:
  o CCNA Cloud
  o CCNA Collaboration
  o CCNA Data Center
  o CCNA Industrial
• CCDA
• CCNA Routing and Switching
• CCNA Security
• CCNA Service Provider
• CCNA Wireless

• OR MCSA
• AND a minimum of 2 years work experience in IT network setup, security and administration.
• Shall have prior IT management responsibilities
• Must have general familiarity with the following:
  o Knowledge of Windows 7, 10, Server and Linux, operating systems and maintenance
  o Knowledge of advanced networking troubleshooting.
  o Electrical AC\DC and Solar
  o Telecom – Cellular, Serial, TCP/IP, UDP, multicast, IGMP, Fiber Optics, etc.
  o Detection (Video, Radar, Acoustic, Loops etc)
  o Database skills using MS SQL+ Server, Excel and Access
  o Able to read/interpret HVTMC System record plans
  o Wireless/Radio
  o Database skills
  o Programming skills
  o Basic engineering and IT administration qualifications need to be noted prior to any specific tasks.
• At least 2 years of experience using items referenced above.
• Must demonstrate an ability to react under stressful situation professionally.
• Must be a highly motivated individual, with a strong sense of responsibility and dedication to the job.
• Must have good interpersonal skills and ability to train others.
• Must be dedicated and able to perform with minimum supervision
• Ability to complete tasks within timelines by appropriately prioritizing multiple tasks within or across projects with minimal direction from management.
• Strong organizational skills
• Solid written and oral communications skills are required.
• Must possess a valid driver’s license

DESIRED QUALIFICATIONS:
• ITS devices including: Closed Circuit Television (CCTV), Variable Message Signs (VMS), Highway Advisory Radio (HAR),
• Programming skills (C, C++, JAVA, etc.), web design and programming;
• Experience with wireless (Radio and Cellular) and fiber optic communication systems,
• Intermediate or higher level of skill with MSSQL + Server,
• Demonstrates ability to react under stressful situations professionally,
POSITION: SYSTEM ENGINEER III (KEY)
This position requires a seasoned engineer with demonstrated knowledge in ITS, electrical, network and civil engineering projects. Such experience must have been acquired in senior roles on complex projects. The candidate must be able to initiate, design and implement large-sized ITS projects. It is expected that all issues that cannot be resolved by the System Engineer 1 and 2 will be escalated to the System Engineer 3 for resolution. This person will serve as a coach and mentor to the System Engineer 1 and 2. The candidate must be able to review the ITS component of large and complex civil projects and also design the ITS component of such projects. Other requirements include the ability to identify ITS systems gaps within the HVTMC network and initiate projects to fill them. This person must be able to represent HVTMC at Planning, Design and Construction meetings for NYSDOT, stakeholders and other ITS-related projects.

TASKS:
Tasks are defined in Attachment 16. Specific duties include, but are not limited to:

System Engineer III:
Primary Tasks: 6
Sub Tasks: 11

ORGANIZATIONAL RELATIONSHIP:
Reports directly to Consultant Operations Manager.

MINIMUM QUALIFICATIONS:
Education and Experience:
• Master’s degree or higher AND a minimum of 20 years work experience in ITS design, IT network setup, security and administration.
• Professional Engineering license is desired.
• Valid driver’s license.

Knowledge Skills and Abilities:
• IT network and computer design and building; troubleshooting; system security; configuration, and documentation, and
• Oral and written communication, and
• Computer/Software including: MS Office applications, spreadsheets and databases, and
• Capable of performing several tasks simultaneously; and
• Ability to initiate projects independently, and
• Perform field work on varying terrain and weather conditions, and
• Good interpersonal skills and ability to train others, and
• Able to respond to problem situations 24 hours a day
POSITION: ADMINISTRATIVE ASSISTANT

The Administrative Assistant is responsible for all administrative and business functions in the HVTMC. The Administrative Assistant assists the HVTMC Project Manager in administering HVTMC contracts; preparing annual budgets; financial record keeping; as well as a variety of office support functions, including receptionist duties, word processing, document control, coordinating meetings, preparation of meeting minutes, database entries, and other duties in support of the day-to-day operations.

The Administrative Assistant positions in the Hudson Valley Transportation Management Center are entry-level positions. The Administrative Assistant is responsible for assisting the Operations Manager in a variety of administrative tasks. The work involves answering phones, acting as point of contact for visitors, filing reports, and performing general office responsibilities. The Administrative Assistant will also support the HVTMC Operations Manager and the HVTMC Project Manager in similar tasks. The Administrative Assistant will report to the Operations Manager. All work is performed under direct to moderate supervision.

TASKS:
Tasks are defined in Attachment 16. Specific duties include, but are not limited to:

Administrative Assistant:
Primary Tasks: 1c

In addition to the tasks listed in Task 1c, the Administrative Assistant will also:
- Perform various administrative tasks supporting the 24/7 HVTMC traffic operation
- Utilize a variety of software packages such as Excel, word processing, spreadsheets, graphics and electronic mail to produce and distribute letters, memoranda, engineering style reports and graphics products
- Prepare statistical reports for the HELP and Parkway Towing programs and Traffic Operations Manager
- Review and answer HELP and Parkway Towing program customer comments and complaints
- Process HELP and Parkway Towing program invoices
- Compile good guy/bad guy HELP program letters and process HELP program response cards
- Compile statistics for HELP and Parkway Towing programs

Organizational Relationships:
- Reports directly to the Operations Manager.

MINIMUM QUALIFICATIONS:

Full time Position:
- Education: High School Diploma with some college education preferred.
- At least 3 years of experience in a similar position
- Good organizational skills
- Proficiency with computers, MS Office, MS Outlook, MS Project and database software
- Telephone skills
- Business office procedures, excellent oral and written communication abilities.

Part Time Position:
- Education: High School Diploma with some college education preferred.
- Good organizational skills
- Proficiency with computers, MS Office, MS Outlook, MS Project and database software
- Telephone skills
- Business office procedures, excellent oral and written communication abilities.
ATTACHMENT 16: COST PROPOSAL SPREADSHEET INSTRUCTIONS

COST PROPOSAL SPREADSHEET INSTRUCTIONS

Enter proposed costs in the appropriate location(s) for each element as described below. Use 2019 US Dollars. Enter a “$0” in spaces that do not apply.

The Cost Proposal Spreadsheet template form is to be downloaded from the NYSDOT project website, located at https://www.dot.ny.gov/doing-business/opportunities/consult-opportunities and select #C037694 – Cost Proposal Workbook

Items requiring an entry by the proposer are shaded in yellow on the Cost Proposal Spreadsheet.

1. PRIME CONSULTANT – Worksheet labeled “PRIME”
   a. Enter the Prime Proposer Name
   b. Enter the Office Overhead Rate
   c. Enter the Field Overhead Rate
   d. Enter the Fixed Fee Percentage
   e. Enter the Direct Non-Salary Descriptions, as needed, for each item (Travel, Lodging, Meals, and Other)
   f. Enter the estimated cost of Direct Non-Salary items
   g. Enter the Minimum Base Hourly Rate for each proposed Staff Title
      i. The RFP (Section 5.2.2.1) requires a minimum base hourly rate for System Operators. These rates have been populated
   h. Enter the Maximum Base Hourly Rate for each proposed Staff title
   i. Enter the number of proposed staff per title for each year
   j. Enter the number of Straight time hours per staff title for each year
   k. Enter the number of Overtime Hours per staff title for each year

2. SUBCONSULTANTS – Worksheets labeled “SUB 1”, “SUB 2”, “SUB 3”
   a. Complete all steps above for each proposed subconsultant

3. Print out all pages of the workbook and include with Part II Cost and Administrative Submittal/Proposal
4. Include an electronic copy of Attachment 18 Cost Proposal Workbook on CD/Thumb-drive with Part II Cost and Administrative Submittal/Proposal
ATTACHMENT 17: SCOPE OF WORK DETAILED TASK DESCRIPTIONS

Task 1 – General Program Direction, Management and Administration

Task 1a – Contract Management and Administration

This Task consists of all work necessary to provide for the general management, oversight, QA/QC, and administration of the contract by the Consultant’s management and management support personnel.

The Consultant shall designate a Project Manager (PM). The PM will coordinate and be the voice for all other subconsultants working as part of the Consultant’s team. The Project Manager shall schedule, facilitate and attend meetings at the TMC with the TMC manager and with his/her staff (separately and/or together, if needed).

The Consultant shall prepare and submit monthly invoices and progress reports in accordance with applicable State and Federal requirements. Monthly invoices should be submitted no later than 2 weeks after the end of the month. Invoices must include the HVTMC checklist so that the invoice submission is complete with all attachments. The Consultant’s own Clerical/Administrative support staff will prepare consultant invoices, reports, forms, letters and other official project related correspondences. This support staff are not expected to have TMC related activities as a full-time task nor are they to be based at the TMC.

The Consultant shall prepare and update reports on an interval basis as shown below. These reports shall be delivered to the NYSDOT HVTMC Program Manager, at the intervals described.

Task 1b – Operations Management and Administration

This task consists of all work necessary to provide for the general management, oversight, QA/QC, and administration of the Consultant operations teams at the TMCs. Staff assigned to this task shall be available at all times during off duty hours to provide assistance to Tasks 2a, 2b, and 3 personnel as appropriate. Off duty support may require Task 1 personnel to return to the TMC. Response to calls for assistance must be within 15 minutes of being contacted.

Consultant staff assigned to this task shall:

Collaborations:

a. Participate in onsite and offsite meetings to assist the State in daily operations issues. This includes but is not limited to: Regional Traffic Incident Management committees; incident debriefing; ITS/ATMS/TSMO/Steering/Operations/ICM committees; strategic planning; operations activity meetings; emergencies; significant event and weather event planning and activation meetings. Offsite meetings may require minimal travel.

b. Build relationships with external stakeholders and partner agencies. Act as the TMC liaison to partner agencies, including TRANSCOM and NYSP. Act as the HVTMC liaison to partner agencies for Traffic Operations.

c. Represent the TMC at internal and external meetings and may be required to facilitate and/or present on TMC performance, capability and activity response.

d. Conduct tours of the TMC and represent the HVTMC during tours or media events in the absence of management personnel.

e. Meet regularly with the NYSDOT TMC Director to cooperatively identify and prioritize work to be performed.

f. Collaborate with the ITS Field Operations Contract to facilitate the repair of the HVTMC systems.

g. The HVTMC currently has a developed Program Master project list and the Consultant is expected to maintain and prioritize the list, and progress the projects therein in collaboration with NYSDOT, including fitting out ITS lab with the necessary equipment. The Consultant is also expected to propose additions and revisions.

Staff administration, performance and oversight.

a. Ensure the complete and proper employment, training, scheduling, and oversight of TMC Consultant (and Subconsultants) personnel and field support personnel. This shall include ensuring that all shifts are appropriately covered with trained personnel to accommodate vacations, sick leave, and other absences of personnel.

b. Administer a staff allocation plan that ensures 24/7/365 coverage is provided for task 2a, 2b, and 3; and provide the NYSDOT HVTMC Director with monthly, weekly and final staffing schedules.

c. Ensures that staff is properly credentialed, training and is performing effectively and efficiently.

d. Canvas/post, interview and hire new staff.

e. Provide adequate staff and resources for all tasks and activities throughout the duration of the contract, including during State emergencies, snow, storms and other major weather events, significant planned/unplanned events.

f. Develop agendas, schedule and facilitate quarterly staff meetings. Meeting shall include all consultant operations staff and NYSDOT HVTMC staff.

Quality control and assurance:

a. Ensures that all TMC Consultant personnel is performing in an effective, efficient and professional manner at all times. Conducts quality control and quality assurance checks to ensure that staff is following policies and directives and that TMC operations are at optimal performance.

b. Develop and execute personnel performance enhancement and improvement program. Administer employee evaluation and personnel correction/counseling/discipline as needed.

c. Maintains records and documentation as directed to support the overall operations at the TMCs.

Policy and directives, Record Keeping:
a. Ensure that the HVTMC policy/guidance and directives are up-to-date and available both in hard copy and electronically to the entire HVTMC staff.
b. In collaboration with the NYSDOT TMC Director, refine or develop new HVTMC policies and guidance. This task includes Consultant work necessary to recommend and, with State approval, implement changes to operating procedures, including incident management, agency notification and resource activation procedures.
c. Provide assistance to the NYSDOT HVTMC Director for facilities’ issues and needs.

HVTMC Performance:
a. In collaboration with task 3 and task 8 personnel, develop and produce weekly, monthly and annual performance measures reports and dashboards. Reports shall include easily understandable dashboards and be in conformance with the Departments performance measurement goals and objectives.

Task 1c – Administrative Tasks

This task consists of all administrative and business functions for day-to-day operations of the HVTMC. These include procurement of general supplies and/or required services. The supplies and/or required services to be procured may include, but are not limited to, computer paper, copy and fax machine paper, computer printer toner and ink, computer storage media, notepaper, forms, logbooks, record keeping supplies, cleaning/sanitary services, copy and fax machine rental/maintenance, equipment repairs, etc. Purchases shall be made in accordance with NYS Procurement Guidelines, shall be processed following applicable State procedures and will be subject to the prior approval of NYSDOT. All approved items purchased shall be reimbursed by the State as a direct cost to the contract. Established State contracts will be utilized when possible and as necessary and deemed appropriate by NYSDOT. The Consultant will collaborate and coordinate with processing all paperwork associated with purchases and purchase orders. Most direct non-salary costs associated with this project cannot be provided at this time. NYSDOT has estimated the value of direct non-salary costs associated with this contract. This estimated value has been included in Attachment 18 – Cost Proposal Workbook.

Other tasks include the following:

a. Answering telephones and greeting visitors, directing calls/visitors to proper party, releasing and obtaining information within scope of delegated authority
b. Setting up and maintaining filing and record retention systems
c. Managing appointment calendars, schedule meetings, and conferences, coordinating meeting arrangements, and arranging travel schedules and reservations.
d. Opening, reviewing, sorting and distributing mail
e. Preparing and processing travel expenses, petty cash, material and purchase requisitions, and various other forms
f. Performing assorted tasks for NYSDOT and NYSP
g. Serving as a point of contact between employees and the Consultants’ Human Resources department for personnel changes and questions and maintaining related forms
h. Extracting and compiling information for reports
i. General office responsibilities
j. Taking minutes at meetings
k. Editing written material for correct spelling and grammar

Task 2 – Systems Operations at the TMC

Task 2a – Systems Operations Lead/Shift Oversight

This task consists of work necessary to provide shift leadership and management of system operators. Personnel assigned to this task are responsible for ensuring that the human monitoring of the TMC Systems are done effectively, efficiently and professionally.
Personnel in this position is expected to be a leader and as such set a professional, positive and productive example. In addition, personnel will be responsible for creating and fostering a welcoming thoughtful and nurturing work environment.

Consultant personnel assigned to this task shall:
a. Assist managers in training of staff, oversee and provide training for new staff assigned to TMC operations. Know the operations and procedures for all TMC ATMS/ITS systems and ensure that operations binders are up-to-date and that personnel are fully trained.
b. Assist in conducting staff performance reviews and evaluations and support corrective actions plans.
c. Have situational awareness at the beginning and during each shift and supervise transition period between shifts to make sure pertinent information (e.g., open incidents, equipment status, staffing, etc.) is shared between shifts.
d. Alert operators to new memorandums, procedures, policies, guidance and special projects and ensure that operators are trained and proficient and compliant in the new standards.
e. Ensure that personnel are alert and focused and that roadways are monitored on a continuous basis.
f. Convey a professional attitude and work ethic, set positive examples for systems operators and ensure that operators and acting accordingly.
g. Resolve problems and staff complaints (confer with Operations Manager if necessary).
h. Verify that VMS messages are correct ad in conformance with policy and regional expectations.
i. Verify the accuracy and completion of all TMC logs, reports, checklists, documents, and any other operational reports.
j. Maintain and ensure data quality for TMC databases.
k. Organize and verify equipment problem tickets, then forward them to Systems Engineer.
l. Ensure that all construction notifications are up-to-date and logged correctly in 511NY. Assist task 3 personnel in situational awareness of work zone activities and potential conflicts.
m. Assist in creating and implementing a staff schedule, update weekly or when necessary. Assign Shift Assignments to Systems Operators weekly. Supervise Systems Operators during shift and ensure staff performance and attendance are within policy and regional expectations.
n. Perform special projects and tasks as requested. Can delegate to Systems Operators as appropriate.
o. Communicate with police, rescue, media, tow, construction & maintenance contractors and other agencies concerning roadway incidents and/or equipment failures.
p. Consult with NYDOT management to construct emergency and special VMS messages.
q. In coordination with the Operations Manager, handle correspondence between TMC and outside agencies and authorities.
r. Meet/Interview potential candidates for hire.
s. Assist Operations Manager in preparing monthly TMC operations performance and accomplishment reports.
t. Create Daily Summary Reports for the shifts.
u. Resolve problems and personnel complaints, conferring when necessary with the Consultant Operations Manager.
v. Participate in TIM steering committees, after action reviews and other meetings as directed by NYSDOT TMC Manager.
w. Provide assistance and disseminate pertinent information to the entire staff to ensure that active incidents are handled properly.
x. Responsible for messages being placed on VMS and HAR for all active incidents, have input on all other pre-planned VMS and HAR messages emanating from NYSDOT/construction/other agency coordination meetings. As a Systems Operator III with Direct Reports, these individuals are responsible for taking after hour’s calls from the employees they manage. The calls may regard operational questions, scheduling, need to PTO, etc. It is up to the Systems Operator III to handle whatever their Direct Reports’ issues may be. If the Systems Operator III is unable to handle the situation on their own they should contact the Lead System Operator III for assistance. It is important that all employees, especially Systems Operator III personnel, follow the TMC Organizational Chart when handling situations.

Task 2b – Systems Operations at the TMC
This task consists of work necessary to provide human monitoring of the TMC Systems and for the effective operation of the ATMS and ITS systems and the performance of tasks necessary to maintain a proper and professional operation at the TMC.

Systems Operators are expected to proactively monitor the performance of the highway system, weather and highway conditions, intercede appropriately, in conformance with TMC Policy and Guidance, to address concerns, deficiencies or conditions. They coordinate the department’s response to identified conditions. Response includes, but is not limited to, the following: operation of the ITS components of the AMTS, communication and coordination with department staff and management, outside agencies and first responders.

Consultant personnel assigned to this task shall:

Information Handling:

b. Receive and respond, in accordance with current and future Standard Operating Procedures (SOP), to notice of roadwork, highway incidents, special event information, incidents and/or situations affecting the Department, requests for assistance (NSDOT and other), or reports regarding the malfunction or concern for any State-owned equipment, infrastructure or asset. Requests, notices, reports or information may come from the public, police, NYSDOT, TMC partner agencies and other sources may be communicated through various mechanisms including: phone, radio, email, in-person or other mechanisms. The Consultant shall keep records of all reports in accordance with current an future TMC Operations Procedures.

c. Answer phone inquiries and coordinate the Department’s response with operational partners and provide them with the necessary information on reported conditions or traffic conditions.

d. Respond to inquiries about TMC/ITS operations as directed by the State. Inquiry responses may involve email transmittals, telephone conversations, providing supporting data for evaluation and use by the State, preparation of reports, accommodation of visitors, providing tours at the center, and meetings at locations away from the TMCs.

e. Periodically back-up ITS software, archive data records and generate reports and provide historical data from archived data.

Operate TMC ATMS/ITS Systems

a. Provide human monitoring of the highway systems and traffic control device operation and take appropriate actions as defined in the TMC’s current and future SOP. This includes monitoring and operating numerous devices and systems in accordance with existing SOP. These devices and systems include, but are not limited to the following:

i. TMCs Advance Traffic Management System (ATMS) applications/software and associated/related field equipment.

ii. CCTV surveillance cameras.

iii. Software computer programs that allow operators to create/activate/deactivate messages on variable message signs.

iv. 511NY/OpenReach system.
v. Travel Time System.

vi. Performance Measures System.

vii. Dispatch software.

ix. Utilizing motoring information resources form the TMCs, operate and display messages on fixed-location and portable variable message signs. The Consultant shall monitor the variable message sign using the TMC’s Traffic Management Systems and ensure that only appropriate messages are displayed.

x. Provide human monitoring of closed circuit television, police radio channels, public safety computer-aided dispatch terminals, internet based information sources and software programs, NYSDOT radio transmissions, and other devices within the TMCs.

Aid in ATMS/ITS System Configurations and Performance
a. Monitor ITS, AMTS and networking systems for failures in accordance with current and future operating procedures and tools. Systems Operators shall acknowledge and evaluate the system reported failure. Upon verification of equipment failure, the Systems Operators shall inform NYSDOT TMC personnel, using notification procedures in place in the TMCs, of all appropriate repairs, and assist in returning equipment to online status upon completion of repairs. Task 2 personnel are not responsible for physical equipment repairs.
b. Assist NYSDOT with identifying, troubleshooting, documenting establishing repair priority and issuing work orders for failed equipment.
c. Assist System Engineer in ITS or systems reconfiguration to improve its operation.
d. Utilize State supplied reporting or monitoring equipment.

Traffic Incident Management

a. Provide coordinated management of traffic incidents with NYSDOT, law enforcement, emergency responders and other outside agency personnel at the TMC or in the field. Incident management shall be performed in accordance with existing SOP.

Participate in the training of new System Operators.

**Task 3- Roadwork Condition Information and Coordination**

This task consists of proactively assisting NYSDOT in minimizing the impact of weather, construction, maintenance, and other conditions/activities on the motoring public.

Consultant personnel assigned to this task shall:

Constructs and Maintenance Activities:
a. Review highway restrictions for Regional Capital Construction Projects, perform spot hourly volume checks within the project limits, and considering Driver First concepts, help determine the optimal recommended road closure times.
b. Coordinate requests for State Police presence in work zones.
c. Will contact and coordinate with project Engineers-in-Charge for planned construction activities where lane closures or major traffic impacts are anticipated and may draft traffic advisory messages for the VMS, PVMS, HAR and public websites to mitigate the impact to the traveling public resulting from these activities.
d. Coordinate the deployment of Portable Variable Messaging Signs (PVMS) to strategic locations where decision points exist for motorists to use an alternate route.
e. Review SuperLoad routes for potential conflicts with roadwork and related height and weight restrictions.
f. Will interface with the Department and with other agencies/organizations to ensure information on road closures, lane closures and traffic diversions is given to the TMC for interagency notification, ITS resource activation and traveler information dissemination purposes.
g. May attend meetings at the Regional Office or at field offices to become familiar with the project impacts on traffic phase of work, establish and maintain working relationships with project contacts, and confirm the time frame of the lane or road closures. Task 1 personnel and the NYSDOT TMC Direction will assist in the determination of which meetings to attend.
h. Assist the Department in ensuring that disruption of traffic flow due to construction, maintenance, or other planned activities is minimized. Coordination with NYSDOT Engineers-in-Charge, Maintenance, external agencies, utilities, partner agencies, and designated project contractors and consultant staff will be necessary to gather information related to roadway or lane closures.
i. Compile and disseminate a weekly construction advisory containing planned lane closures for the upcoming weekend and following week. The advisory is distributed directly to internal and external partner agency staff in accordance with current and future standard operating procedures. If needed, prepare Potential Congestion alerts for release as Media Advisories by the Public Information Officer (PIO) and coordinate with the PIO.
j. Continually update and provide QA/QC of the roadwork information on the 511NY website and phone systems. Roadwork information for lane closures is gathered from the coordination tasks above as well as from the lane closures advisories prepared by the partner agencies.

k. Review the information received from the various sources and identify those locations where competing needs to close lanes will cause significant traffic delay or congestion. Staff assigned to Task 3 shall coordinate with the partner agencies and Regional Construction to develop and implement mitigation plans utilizing the ITS resources to the extent possible to address anticipated traffic problems.

l. Work with external agencies to minimize the traffic problems resulting from the roadwork activities.

m. Develop, with the Regional Traffic and Safety Mobility Unit, a checklist for Regional Designers to use during the Detailed Design Phase when proposing road closures.

n. Attend progress meetings with project designers.

o. Use existing and developing construction coordination conflict tools to help determine recommended road closures.

Weather Condition

a. Review/monitor roadway conditions.

b. When necessary, develop and deliver action plans for TMC to address potential concerns. This includes DMS & HAR messaging and coordination with maintenance operations and other agencies, etc.

c. Coordinate, as necessary, departments response and provide QA/QC for departments response, including public messaging (DMS and other).

d. Keep records of events and action plans.

e. Coordinate with adjacent regions, and other agencies, and external partners for information exchange.

Task 4 – Training and Updating of Procedures

This task covers work by the Consultant to provide new hire and on-going training to the Consultant staff at the TMC. Training shall be provided to new hires and current staff as needed and to new staff as part of a new hire training program. All staff shall be proficient in their assigned roles. It is the responsibility of the Consultant to ensure that all Consultant (including subconsultants) staff has the necessary skills and certifications/licenses to be effective at their respective jobs. Consultant shall provide necessary training to ensure staff effectiveness. The Consultant shall be responsible for ensuring that staff in positions that require external certifications meet the job requirements and maintain their certifications/licensure in active, current status.

Any costs associated with training, continuing education, certification/licensure, educational and professional activities are not reimbursable or chargeable to the project and shall be at no cost to NYSDOT.

Consultant staff assigned to this task shall:

a. Ensure that all Consultant staff at the TMC is trained and proficient in oral and written communications.

b. TMC staff is responsible for communicating with the public, outside agencies, and external and internal groups. It is essential for the TMC staff to be able to communicate effectively both orally and in writing.

c. Provide training to all Consultant staff on all TMC software applications, including the TMC’s ATMS software, database applications used for dispatching and Microsoft Windows, Microsoft Access, Microsoft Excel, Microsoft Word and other applicable Microsoft Office products. Staff is expected to use Excel and Work at an intermediate or above level and demonstrate proficiency in all applications.

d. Ensure that all Consultant staff at the TMC’s have been trained and are proficient with all current and future operations.

e. Update training materials to include new and updated policy, procedures, protocols and when new ITS systems are brought into operation. These may include any new policies, directives and guidelines issued by the State for use in the TMC. Due to the nature of operations, this shall be an ongoing task that will take place at any time a protocol or procedure needs to be updated. This shall include revised instructions for the operators covering all the basic events
to which the TMC responds, including responses to hardware, software and communication failures; responses to roadway incidents; preparation of sign messages; communicating with partner agencies; operating the ITS in response to planned and unplanned events, and related actions.

f. Develop a comprehensive training program which shall be submitted to the TMC Director for review and approval. Training may be completed at the TMC or externally and may include extensive hands-on training, in-person, formal classroom style exercises, video and desktop activities and exercises/modules. The training shall provide for testing of trainees to ensure that staff can demonstrate mastery of the topics. It shall be consistent with current operating procedures and include regular refreshers. Additional in-house or external training of staff, as directed or approved by NYSDOT, may be necessary or recommended to enable continuous evaluation, improvement and expansion of the staff’s operations, communications and coordination roles.

g. Train their personnel to conduct State approved experimental, operational exercises, designed by others, including non-standard procedures and methods to be used in the conduct of any research experiment. This task will be on an as needed basis.

h. Transitioning Consultant shall, with the support of NYSDOT management, provide training to the task 10 staff specific to equipment and systems operated by NYSDOT.

i. Update operating protocols and procedures (includes partner agencies) and retain staff as needed. Serve as a liaison to Project Manager and Client for identifying problems or weaknesses in operational procedures. This includes Consultant work necessary to recommend and, with NYSDOT approval, implement changes to operating procedures, including incident management, agency notification and resource activation procedures. The HVTMC Operations Manual will be updated as any procedures are added or revised.

**Task 5 – Field Support and Operational & Technical Services**

**Task 5a – System Network Administration and Hardware & Software IT Support**

The Consultant shall provide (as directed by the State), through a State approved, qualified software vendor, software support services for the HVTMC central software system. The costs associated with these support services for the central software will be paid by the State as a direct cost of the contract. A maximum additional direct non-salary cost (subcontractor cost) of up to $175,000 per year will be included in the Cost Proposal to cover these costs.

The Consultant shall provide day-to-day Information Technology (IT) hardware, software and network administration support services to the TMC’s ATMS/ITS networks/systems, and computers as outlined below. All work associated with this task shall be in accordance with NYSDOT Information Technology policies and procedures, New York State Information Security policies and procedures, standards established by the Federal Highway Administration, and standard industry practices.

**Information Coordination**

It shall be the Consultant’s responsibility to coordinate the flow of information between the TMC, Contractors, and other outside agencies as follows:

a. Coordinate and oversee all scheduled work that impacts the TMC’s ITS and ATMS systems or equipment. This includes, work completed in-house, by contact or contractor or included in other projects.

b. TMC’s liaison and coordinate installations, repairs, stake-out requests, and respond to contractors and utility companies as necessary.

c. Oversee and support inter-region communications and connectivity.

d. Monitor and maintain logs of all work performed on any TMC owned equipment to ensure that disruptions of due to planned or unplanned activities are minimized.

e. TMC liaison for ITS/ATMS system design efforts completed by others. Provide technical guidance and support for ITS/ATMS projects. May include attending meetings, off site, with designers, construction staff or others to support the advancement of the Regions ITS/ATMS.

**Hardware and Software Support**
The Consultant shall be responsible for the security, monitoring, and evaluation of new and existing TMC hardware and software system including:

a. Maintaining reliable communication between the TMC and field equipment.
b. Evaluating and implementing network security by identifying and resolving potential security threats with ALL TMC equipment, both physical and over the network, to ensure they are up-to-date and secured against internal and external threats.
c. Apply firmware and software updates/patches/fixes and maintain backups for system recoveries.
d. Thoroughly test all functionality and equipment configuration. Documentation shall include visual representations of network and system connectivity and written documentation to define system configuration, security and connectivity.
e. Research setups and bench test new and existing equipment to determine the feasibility of integration and to confirm that new equipment operates per manufacturer’s specifications. Produce device configuration or change notices for internal and external configuration changes.
f. Represent HVTMC in meetings for NYSDOT capital projects and stakeholder projects involving ITS, fiber communications and other related projects. The Systems team is expected to configure and integrate newly installed hardware from construction projects and answer questions from NYSDOT staff, contractors and other agencies regarding HVTMC systems.
g. Recommend new or replacement software/hardware based on technical merits and cost effectiveness measures such as life cycle, maintenance and other costs. Arrange for the replacement of equipment as needed. Consultant may be tasked with assisting the State in acquiring quotes for new or replacement hardware, consistent with NYSDOT/OGS purchasing rules. NYSDOT will purchase the equipment and this Consultant is not responsible for purchasing hardware or software under this contract. NYSDOT retains any and all ownership rights to any and all equipment, material, media, and software acquired or purchased. Unless otherwise directed by NYSDOT or the TMC manager, the information shall be the sole property of NYSDOT and shall not be distributed.
h. Direct field technician to configure, replace, or troubleshoot ITS network components at remote locations.
i. Develop and assist with system acceptance test procedures during new software or hardware installations.
j. Manage all TMC owned desktop workstations and server software, as well as various third-party software packages used at the TMC.
k. Routinely back-up the system software and archive all historical records in accordance with a format and schedule determined or approved by NYSDOT.
l. Support the most current Advance Traffic Management System’s (ATMS) central software and any future ATMS software system which replaces, supplements, or modifies that software.

Administrative Duties

a. Produce system performance reports of TMC networked components from ATMS logs and IT System Maintenance logs indicating up/down time of equipment.
b. Assist in the development of “dashboard” performance measure reports for TMC and highway operations.
c. Review Regional ITS projects for compliance with industry and Department standards.
d. Recommend standards and direction for system implementation, such as CCTV networks, VMS networks, Data Collection and archiving, etc.
e. Recommend standards for ITS equipment purchases and installation practices.

In addition to the IT support outlined above, the Consultant may be required to provide technical support services outside normal work hours. This may include participation in field reviews to remote sites to verify the operation of repairs performed by others and maintain records, identifying system maintenance needs, or provide technical support defined below during unforeseen operational issues. The Consultant shall provide these additional services using the full-time staff assigned to the overall task, or with other project staff as applicable. To adequately provide this technical support there may be times where field work may be required. When travel is necessary, the transportation and safety shall be in accordance with task 11. At any time, a support vehicle can be shared with task 5b staff.

The Consultant is responsible for providing these services for the TMCs 24/7/365. This shall be accomplished by scheduling full time task 5a staff at the individual TMCs. They shall be available at all times during off-duty hours to
provide assistance to task 1, task 2 and NYSDOT personnel. Task 5 personnel shall contact the TMCs within 15 minutes of being paged during off-hours. The Consultant shall cover absences either planned or unplanned of task 5 personnel at no additional cost to the State.

**Task 5b – ITS Field Support Operation & Technical Services**

This task covers work by the Consultant to support field-related operations, to support the IT Network Administrator, and to provide a level of technical services outlined below. Staff assigned to this task will be required to travel to remote ITS sites as needed. As the ITS system changes, NYSDOT will notify the Consultant that a change in staffing is necessary to support the expanded system. Initially, the Consultant shall assign three (3) Field Technicians and two (2) vehicles which can be shared with other staff and shall be used in accordance with task 11.

Consultant staff assigned to this task shall be responsible for:

a. Assisting the IT Network Administrator and the NYSDOT Systems Engineer with maintaining an asset management and record keeping program. This includes providing frequent updates to the ITS spare parts equipment inventory status with the IT Network Administrator described in task 5a.

b. Providing equipment status reports and assist in resolving trouble tickets and work orders associated with maintaining the day-to-day operations of the ITS.

c. Troubleshooting ITS communication/network failures and investigating reports of equipment malfunctions. This may include upgrading, replacing, configuring, installing, adjusting/reconfiguring, and repairing cabinet level components.

d. Supervising the installation, configuration, or upgrade to either the ATMS and/or ITS devices which are completed by other contractors. The Technician shall provide guidance to the contractor, monitor and document contractor activities, provide field verification and record repair actions. When completed, the Technician shall generate and submit daily work reports to the Regional ITS Systems Engineer.

e. Field testing various ITS equipment such as, but not limited to, dynamic message signs for display or communication issues; highway advisory radio systems for broadcasts and beacon operation.

f. Deploy, setup, configure, test and program PVMS as needed for TMC traffic management purposes.

g. Inspection and review of work repairs to the ITS infrastructure that are completed by maintenance personnel or construction contractors; preparation and processing of records related to TMC field equipment that is damaged by third parties; investigation of damage caused by traffic related incidents to assist the State in recovering costs for damages from responsible parties.

h. Supporting the Traffic Management Center (TMC) managers and system operators to provide real-time condition reports during incidents, roadwork or special events, and related services as requested.

i. On a weekly basis, the Technician shall schedule and conduct a visual drive-by inspection of all ITS equipment and hardware to provide a stable and effective operations of the ATMS/ITS systems from the TMC. The Technician shall submit a monthly checklist describing the equipment inspected and its condition shall be provided to the ITS Systems Engineer. The Engineer will use the results of the drive-by inspection to assure the effectiveness of the ITS and to schedule and ITS maintenance contractor as needed.

j. Assist ITS designers by providing technical and system information which may include conducting site surveys at field locations and/or provide technical reviews of design projects.

k. Collaborate and coordinate with HVTMC staff and ITS Maintenance contract in inspection of the maintenance contract.

l. Investigate damage caused by incidents to assist NYSDOT in recovering costs for damages from responsible parties.

Occasional services under this task may be required outside normal work hours. Tasks may include participation in field reviews to verify functionality or the repairs performed and associated record keeping, to identify or verify maintenance needs, or provide additional operational and technical support needs during unforeseen circumstances. The Consultant shall provide these overtime services using full-time staff assigned to the overall task, or with other project staff as applicable. A representative of the Consultant shall be on-call at all times for this task.

**Task 6 – Traffic Systems Administration and Support Services**
This task consists of coordinating the systems installation, recollection and maintenance of ITS at the TMC for optimal utilization (including any system installation at satellite offices).

Consultant staff assigned to this task shall:

a. Supervise staff assigned to task 5b. May also supervise task assigned to task 5a
b. Coordinate the flow of information between ITS installation or maintenance contracts and the TMC.
c. Interface with systems support personnel and with other agencies/organizations to coordinate the scheduling of work on TMC equipment.
d. Monitor and keep records of all work done in the equipment room, and ensuring that problems with TMC hardware, software and system are reported to the appropriate parties for identification and resolution.
e. Attend meetings at the Region or at field offices to become familiar with the impacts of the various system’s installation, relocation, integration and maintenance activities on the operation of the TMC.
f. Maintain an inventory of TMC central equipment and take actions to ensure that disruptions of central system operations due to planned or unplanned activities are minimized.
g. Coordinate with personnel from TMC partner agencies, private contractors and utility companies to gather information regarding central system installation, relocation, integration, and maintenance disruptions.

**Task 7 – Critical Transportation Incident Support Services**

This task consists of supporting TMC operations during higher-level incidents, emergencies, snow, storms and other significant events to gather, coordinate and report factual incident management, traffic conditions and transportation network status to NYDOT staff via Transportation System Status Reports, email, phone or fax communications in accordance with current and future NYSDOT/TMC standard operating procedures. Responsibility includes real-time traffic and resource information and coordination with Statewide and partner agency emergency centers.

Consultant staff assigned to this task shall:

a. Assist the TMC and the Office of Operations and Incident Command Tram with notifications and reporting.
b. Interface with NYSDOT staff, TMC partner agencies and other agencies and organizations to ensure TMC has accurate and updated transportation information to report to NYSDOT management and Statewide Transportation Information Coordination Center (STICC).
c. Attend meetings at NYSDOT or other agency offices to become familiar with emergency management and incident information flows.
d. Establish and maintain working relationships with transportation information contacts, and continually update and optimize critical incident and event information sharing among TMC partners and involve parties.
e. Develop TMC communication protocols and maintain contacts with agencies and organizations to ensure TMC receives and reports accurate, consistent and timely information during those higher-level incidents and events which impact the transportation network.
f. Develop and maintain lists of critical incident contact names and phone numbers, and set up lists, tables and procedures as necessary to prepare TMC for reporting higher-level incidents and event information.
g. Coordinate with NYSDOT staff, TMC partner agencies, other offices and agencies to gather information related to transportation system disruptions.
h. Be responsible for developing, monitoring, scheduling and updating the 511NY system’s floodgate messages, which is what the public sees or hears as a priority when visiting the website or calling the interactive voice response telephone number. These messages advise the public of higher-level incidents and events which impact the transportation network and must be concise and posted in a timely manner. Initial requests and subsequent updates for 511NY floodgate messages must be sent to the STICC in Albany, NY for recording and posting.

**Task 8 – Performance Measures, Traffic Data Collection, Analysis & Reporting**
The Transportation Act provides Federal Aid highway funds to the States, and ties Federal surface transportation funding to State’s actual improvements in transportation system performance. By establishing performance targets and measuring and tracking performance, States will be held accountable for improving the performance of their transportation system. This task covers work by the Consultant to provide traffic data collection services, fulfill requests for archived data records and generate traffic data reports using the traffic detection and data collection functions of the ITS.

Consultant staff assigned to this task shall:

a. Attend meetings at the Department or other agencies offices to become familiar with traffic data requirements, develop consistent report formats, establish and maintain working relationships and improve traffic data sharing among TMC partners and other involved parties.

b. Fulfill requests for archived data records and generate traffic data reports using the traffic detection and data collection functions of the ITS.

c. Coordinate with NYSDOT staff, TMC partner agencies, and involved stakeholders to develop consistent report formats that will benefit said parties for planning and operations activities. The Consultant will fulfill request for collected traffic data from these parties or Public Information as instructed.

d. Assist the State with activities and efforts of meeting the requirements of the Transportation Act. The Consultant will measure and track the operation of the surface transportation system in the regions using available data sources and interfaces to quantify how the traveler is benefiting from reductions in congestions, accidents and travel time. Analysis of real-time data will enable the State to know how well the surface transportation system is working overtime. Staff assigned to this task will prepare reports and updates ensuring the State continues to meet Federal funding requirements.

e. Prepare studies and reports for subjects including incident analysis, over-height vehicle detection triggers, bridge hits, ramp meter functionality and configurations, ITS scoping, HELP program benefit/cost analysis, value engineering and updating of technical studies. These positions are based on need any may not be Full-Time equivalent.

f. Prepare weekly, monthly and annual performance measures reports and dashboards in compliance with TMC reporting policy.

Task 9 – ITS Data Quality Assurance Services

This task will cover work by the Consultant to review and support the goal of accurate and timely distribution of traveler information to existing and future electronic media outlets. This task will also cover work to regularly review system-generated reports from TMC for accuracy, as well as compile and electronically store relevant ITS information.

Consultant staff assigned to this task shall:

a. Be responsible for reviewing systems at TMC, and electronic media outlets that utilize and redistribute TMC data, for ITS quality assurance. The Consultant will fulfill request for data input and display quality for State websites.

b. Establish document handling and storage procedures for ITS data and material related to the TMC, and will coordinate with the Region’s Construction Group and the NYSDOT Construction Coordinator for electronic storage and display of roadwork-related information.

Task 10 – Transition

This task shall ensure a seamless transition between the current Consultant staff and future Consultant staff. NYDOT will establish a transition period during which the Consultant will provide the necessary coordination and services to maintain the ITS operations at the TMC’s without interruption of service during the transition.

Upon notification by the TMC Director, the Consultant will develop a Transition Plan and submit the plan to the TMC Director for approval within 30-calendar days of notification. The transition plan will include the following:

a. The schedules, assignments, holiday and sick leaves of all staff before and during the transition.

b. Identifying the required system operations requirements during transition.

c. Address concerns and emergency requirements for coverage of the TMCs.
d. After review by the TMC Director, the Consultant will participate in meetings with any partner agencies to address any concerns prior to transition.

e. At the discretion of the TMC Manager, the Consultant will participate in meetings with any partner agencies to address any concerns prior to transition.

f. At the discretion of the appropriate TMC Managers, the Consultant and its Key Personnel will participate in meetings with the future designated Consultant.

g. The Consultant will provide technical support for equipment malfunctions during the transition.

h. The Consultant will identify any additional system requirements prior to transition.

i. The requirements and formats of the transition plan will be developed in consultation with NYSDOT staff.

j. The Consultant shall return to the TMC Director, all NYSDOT property including cell phones, vehicles, etc.

k. At the end of the contract, the Consultant shall return to NYSDOT all data owned by NYSDOT and remove such data from any electronic equipment owned by the Consultant.

**Task 11 – Transportation and Field Safety (PPE)**

Some tasks require staff to travel to equipment locations, or meetings external to the TMC. Transportation shall be provided by the Consultant and the Consultant shall be responsible for all costs associated with the field vehicle, including fuel, insurance, maintenance and care for the vehicle(s). Additionally, the Consultant shall be responsible for the safe and proper operation of the vehicle, any incidents, violations or other concerns or issues that arise shall be solely the responsibility of the Consultant. NYSDOT shall not be a party to any action related to the consultant vehicle(s). All vehicle/Transportation expenses shall be included in the firm’s overhead.

Vehicles: two 4WD pickup trucks and 2 4WD SUVs on leases are to be provided. Each shall be equipped with a towing package, tool box, NYSDOT/HVTMC sticker package, amber light package, E-ZPass. They must be maintained to be sage to operate, property licensed/registered, insured, inspected, in good operational condition at all times and available to the Consultant staff 24/7/365.

Remote ITS site visits are typically short term and will not require work zone traffic control (WZTC). The sites are typically off the roadway and behind guiderail or in work zones established by other contractors under separate contract(s). WZTC setup is not required under this contract.

Consultant will be responsible for providing proper Personal Protective Equipment (PPE) including amber warning lights for the vehicle(s), safety apparel (boots, vest, hard hat, etc.), and applicable safety training at no cost to the NYSDOT. All PPE shall be inspected and approved by NYSDOT prior to use in the field.

**Task 12 - Outreach/Communication Liaison**

This task covers work by the Consultant in support of NYSDOT operations with communications between the HVTMC and the general public, media and other local agencies. Focus is given to specifically answering questions with regard to special events or other designated activities. The Outreach/Communication Liaison personnel are responsible for outreach with first responders and special event coordinators in the Hudson Valley among others. The Consultant shall produce
and maintain an outreach plan to include first responder, event coordinators, trucking and transit partners in coordination with existing and updated ITS Architecture.

Sub-Task Descriptions for Task 12

12-1. The Consultant shall coordinate public information of transportation system disruptions.

12-2. The Consultant shall answer phone/email/fax questions about closures, delays and road work.

12-3. The Consultant shall perform quality control on the regional information appearing on Hudson Valley Traveler (http://www.HudsonValleyTraveler.com) and 511NY (http://www.511ny.org/) to ensure it is clear, concise, timely, and accurate.

12-4 The Consultant shall provide the regional PIO with a weekly list of upcoming planned closures.

12-5 The Consultant shall coordinate with the STC group in reviewing requests for lane closures and planning diversionary routes.

12-6 The Consultant shall respond to inquiries regarding incidents/delays by suggesting alternate routes during special events.

12-7 The Consultant shall be responsible for handling and coordinating all TIM Team incidents.

12-8 The Consultant shall be responsible for coordinating NYSDOT preparations and act as a liaison for Special Events. This would include contacting venues and discussing parking restrictions, etc. for any sporting events, festivals, and any other major events in which a high volume of traffic is expected.

12-9 The Consultant shall serve as the main public/media contact during storm events and closures.

12-10 The Consultant shall obtain the following information from Operations and/or the NYSDOT Surface Transportation Controller (STC) about any closure/road work/incident and relay to the public/media and partner agencies in jargon-free, plain language:

- Date(s)
- Start/End Times
- Location(s) where the work/incident is happening
- What the work entails

12.11 The Consultant shall be responsible for maintaining the HVTMC Stakeholder register as part of the Stakeholder Management Plan for NYSDOT.

Task 13: ITS Architecture Documentation Update

The U.S. Department of Transportation requires that each state develop and maintain documentation of their Intelligent Transportation System (ITS) architecture to continue to receive funding for many transportation related projects. U.S. DOT defines the National ITS Architecture in this way:

“The National ITS Architecture provides a common framework for planning, defining, and integrating intelligent transportation systems. It is a mature product that reflects the contributions of a broad cross-section of the ITS community (transportation practitioners, systems engineers, system developers, technology specialists, consultants, etc.).”

“The architecture defines:
• The functions (e.g., gather traffic information or request a route) that are required for ITS

• The physical entities or subsystems where these functions reside (e.g., the field or the vehicle).

• The information flows and data flows that connect these functions and physical subsystems together into an integrated system.”

According to the Code of Federal Regulations Title 23, Chapter 1, Subchapter K, Part 940.9, regions are required to develop and maintain an Intelligent Transportation System (ITS) Architecture. An updated ITS Architecture ensures that “the development of ITS projects and programs [is] consistent with ITS strategies and projects contained in applicable transportation plans.” Furthermore, per 23 CFR 940.11, in order for ITS projects to be eligible for Federal funding, they must be based upon a systems engineering analysis that, among other things, identifies the section of the ITS Architecture to be implemented.

In the Lower Hudson Valley, NYSDOT Region 8 maintains its own ITS Architecture documentation. The Consultant shall update the existing Region 8 ITS Architecture documents as necessary to reflect the current operations of the HVTMC. RAD-IT is a free software application provided by DOT that will be used to develop the Region 8 ITS Architecture. Further information on ITS architecture requirements can be found here: http://www.iteris.com/itsarch/

If the contract is extended past the first two years, the Consultant shall be required to provide a second update to the ITS Architecture documentation in the fifth year of the contract or as directed by NYSDOT.
ATTACHMENT 18: COST PROPOSAL WORKBOOK

Attachment 18, which contains the RFP’s Cost Proposal workbook and instructions, is to be downloaded from the NYSDOT project web site, located at https://www.dot.ny.gov/business. Click on “Consulting Services”, then click on “Opportunities”, and then click on the date to the left of “C037694 Operation of the Hudson Valley Transportation Management Center”.

ATTACHMENT 19: Not applicable

ATTACHMENT 20: MODIFICATIONS

Attachment 20, which contains the RFP’s Modifications can be found on the NYSDOT project web site, located at https://www.dot.ny.gov/business. Click on “Consulting Services”, then click on “Opportunities”, and then click on the date to the left of “C037694 Operation of the Hudson Valley Transportation Management Center”.

ATTACHMENT 21: EXECUTIVE ORDER 177 CERTIFICATION
This Certification must be completed and returned with the executed contract documents.

Executive Order 177 Certification

The New York State Human Rights Law, Article 15 of the Executive Law, prohibits discrimination and harassment based on age, race, creed, color, national origin, sex, pregnancy or pregnancy-related conditions, sexual orientation, gender identity, disability, marital status, familial status, domestic violence victim status, prior arrest or conviction record, military status or predisposing genetic characteristics.

The Human Rights Law may also require reasonable accommodation for persons with disabilities and pregnancy-related conditions. A reasonable accommodation is an adjustment to a job or work environment that enables a person with a disability to perform the essential functions of a job in a reasonable manner. The Human Rights Law may also require reasonable accommodation in employment on the basis of Sabbath observance or religious practices.

Generally, the Human Rights Law applies to:

- all employers of four or more people, employment agencies, labor organizations and apprenticeship training programs in all instances of discrimination or harassment;
- employers with fewer than four employees in all cases involving sexual harassment; and,
- any employer of domestic workers in cases involving sexual harassment or harassment based on gender, race, religion or national origin.

In accordance with Executive Order No. 177, the Proposer/Bidder hereby certifies that it does not have institutional policies or practices that fail to address the harassment and discrimination of individuals on the basis of their age, race, creed, color, national origin, sex, sexual orientation, gender identity, disability, marital status, military status, or other protected status under the Human Rights Law.

Executive Order No. 177 and this certification do not affect institutional policies or practices that are protected by existing law, including but not limited to the First Amendment of the United States Constitution, Article 1, Section 3 of the New York State Constitution, and Section 296(11) of the New York State Human Rights Law.
