NEW YORK STATE DEPARTMENT OF TRANSPORTATION
REQUEST FOR PROPOSALS
CENTRAL PERMITS BUREAU OVERWEIGHT PERMITTING SUPPORT SERVICES FOR NYSDOT
Contract No. C037877

1. Introduction

1.1 Purpose
The New York State Department of Transportation (NYSDOT) is releasing this Non-A/E Request for Proposals (RFP) to seek proposals from responsive and responsible consultants and to select a qualified vendor to provide services in NYSDOT’s Central Permits Bureau (the Bureau) to support issuance of oversized and overweight (OS/OW) permits in general and Divisible Load permits in specific. These services are presently being provided by a Consultant (Cambridge Systematics, Inc.) under Contract #C031103.

1.2 Background
It is the mission of NYSDOT to ensure that our customers — those who live, work and travel in New York State — have a safe, efficient, balanced, and environmentally sound transportation system.

To attain its mission, the responsibilities, functions, and duties of NYSDOT include:

1. Coordinating and developing comprehensive transportation policy for the State; coordinating and assisting in the development and operation of transportation facilities and services for highways, railroads, mass transit systems, ports, waterways and aviation facilities; and formulating and keeping current a long-range, comprehensive statewide master plan for the balanced development of public and private commuter and general transportation facilities; and

2. Administering a public safety program for railroads and motor carriers engaged in intrastate commerce; directing state regulation of such carriers in matters of rates and service; and providing oversight in matters relative to the safe operation of bus lines, commuter railroads, and subway systems that are publicly subsidized through the Public Transportation Safety Board.

Today, the New York State transportation network includes:

- A state and local highway system that annually handles over 100 billion vehicle miles, encompassing over 110,000 highway miles, 17,000 highway bridges, and numerous other assets such as large culverts, retaining walls, tunnels, and sign structures
- An extensive 5,000-mile rail network over which 42 million tons of equipment, raw materials, manufactured goods, and produce are shipped each year
- 456 public and private aviation facilities through which more than 84 million people travel each year
- Five major ports, which annually handle 50 million tons of freight
- Over 130 public transit operators, serving more than 5.2 million passengers each day
Transport and movement of goods is highly dependent upon the trucking industry. In turn, New York State’s economy benefits from the trucking industry and the businesses it serves. When loads carried by trucks exceed legal dimensions and weights of State’s highways and bridges, to ensure the safe transport of these moves, operators must obtain oversized and overweight (OS/OW) hauling permits issued by NYSDOT (or from owners of other roads and bridges in NYS).

Laws and regulations governing the issuance of oversized and/or overweight (OS/OW) trucking permits have become increasingly complex as they are engineered to meet the needs of the industry and the State’s goals to protect public safety and highway infrastructure. These laws and regulations continue to change, as needed, in order to meet future NYS transportation needs and standards. Since January 2020, NYSDOT is addressing and enforcing the implementation of the infrastructure friendly vehicle (IFV) provisions in its OS/OW permitting process. IFV is a vehicle constructed in such a way to more evenly distribute its load, thereby reducing localized overstressing on State’s highway pavements and bridges. Vehicles of model year 2006 and newer are subject to the latest laws and regulations, requirements and changing technologies, while older vehicles are allowed several years to adapt equipment to meet the same specifications. The 80% rule and the complicated management of weights and permits transfer rights of “downstate” customers (operating in the five southern NYS counties) adds several layers of complexity in the functions of the DivLoad unit.

NYSDOT’s Central Permits Bureau (Bureau) has taken several steps over the past few years to streamline and automate the OS/OW permitting process. The Bureau, assisted by NYS Office of Information Technology Services (ITS) and other relevant Bureaus’, has worked with a consultant to develop, install, and implement an automated, web-based ‘Highway Oversize Overweight Credentials System’ (HOOCS). Although HOOCS development has not been completed, HOOCS was launched in late February 2019 and was used to generate OS/OW permits by NYSDOT for the trucking industry. HOOCS has also since then been integrated with the New York State Thruway Authority (NYSTA) and the New York State Bridge Authority (NYSBA) OS/OW permitting processes, while integration of the NYCDOT, MTA and PANYNJ permitting processes is ongoing. Since HOOCS’s launch, the new automated OS/OW permitting system self-issues two-thirds of all submitted OS/OW permit applications. The Bureau must continue to work with its consultant to further improve system’s performance while relying on state and C031103-supplied consultant staff to assist with processing and issuance of the remaining one-third of the OS/OW (i.e. DivLoad / overweight) permitting applications.

Presently the Bureau’s OS/OW permitting service production and management staff are augmented by consultant-supplied personnel and expertise supplied via contract #C031103, which expires on January 5, 2021. The C031103-supplied consultants have assisted the Bureau to manage, supervise and assist with NYSDOT OS/OW permitting process in general, assist with inaugural implementation of the new HOOCS system, and more specifically, operate the Divisible Loads Permitting section since 2005 (with much less reliance on consultant-supplied staff for processing of oversize permits). They have provided specialized expertise dealing with the intricacies of the complicated rules and regulations governing the Divisible Loads (DivLoad)
permitting process, as well as provide very high quality, specialized customer service. However, until HOOCs’ DivLoad permitting module “runs” flawlessly, the Bureau will remain dependent upon consultant-supplied expertise and services. Consultant staff provided under a new contract are required to seamlessly and uninterruptingly continue issuing DivLoad permits through HOOCs and train NYSDOT staff to transfer this expertise to NYSDOT forces. NYSDOT anticipates fully automating HOOCs-operated DivLoad functionality in a two- to four-year time frame via consultant-supplied expertise and services from contract #C037877.

1.3 Minimum RFP Responsiveness

5. Fair and Equitable treatment of all firms participating in this competitive consultant selection process

3.3 Contract Term and Rate Adjustments

NYSDOT estimates that the work for the successful consultant will commence on January 6, 2021. The base term or duration of the contract is three (3) years. The contract may be extended for up to two (2) one-year periods upon written agreement of both parties and approval of the Office of the State Comptroller.

If the contract is extended for the optional years, the Producer Price Index (PPI) as published by the U.S. Department of Labor, Bureau of Labor Statistics, or 2%, whichever is lower, will be used as a basis for adjusting the hourly rates/lump-sum deliverable amounts. The rate adjustment will be effective January 6th and is calculated using the previous September index, using Series ID PCU5413—5413—(Architectural, engineering and related services: http://data.bls.gov/timeseries/PCU5413--5413--?data_tool=XGtable). If at any time the above Index Series ID is discontinued or becomes unavailable, the State reserves the right to implement a comparable Index.

An example of the rate adjustment calculation is as follows (all numbers and titles used are fictitious and are for illustrative purposes only):

<table>
<thead>
<tr>
<th>Staff Title 1/1/2022-12/31/2022 Billing Rate</th>
<th>$9.00/hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>October 2022 PPI Index (PCU5413—5413--)</td>
<td>132.1</td>
</tr>
<tr>
<td>October 2021 PPI Index (PCU5413—5413--)</td>
<td>130.0</td>
</tr>
<tr>
<td>Index Point Change</td>
<td>2.1</td>
</tr>
<tr>
<td>Divided by Previous Index</td>
<td>130.0</td>
</tr>
<tr>
<td>Percent Change, rounded to the nearest tenth</td>
<td>1.6%</td>
</tr>
<tr>
<td>Staff Title 1/1/2023-12/31/2024 Billing Rate</td>
<td>$9.14/hour</td>
</tr>
</tbody>
</table>

If the actual start date of the contract is substantially different than the above estimated date, then the effective date for the rate adjustment will be similarly changed.

NYSDOT reserves the right to negotiate a lower rate adjustment than stated above for the two (2) additional one-year extensions.

The contract does not allow for remote management costs to be included as a direct cost. Altering this form without the prior written approval of NYSDOT, is prohibited and may lead to the Proposal being deemed non-responsive and subsequently dismissed.

   No exceptions to any of the draft contract terms and conditions will be entertained by NYSDOT. Conditional Proposals will be deemed non-responsive. 6 Criteria for Evaluation of Proposals

6.1 General

Proposals received on or before the proposal submission deadline shall be pre-screened to determine if they meet the minimum RFP responsiveness, referenced in RFP Section 1.3. Those which do not shall be deemed non-responsive and shall be removed from further consideration.
Proposals deemed to be minimally responsive shall then be evaluated by the Department using a Best Value Method evaluation process based on the technical and cost criteria described below. Technical considerations are of greater importance than pricing considerations, however, the cost impact of competitive rates is a significant factor in the Department’s evaluation of Proposals. Technical Proposals will be scored based on the information provided under Section 5.1 in accordance with the pre-established criteria listed in Section 6.2. The cost portion of Section 5.2 will be point scored in accordance with the pre-established criteria listed in Section 6.3.

Technical and Management Proposal/Submittal evaluation will be accomplished by subject matter expert evaluators. Evaluators will evaluate and score each Technical and Management Proposal individually and then meet as a group to discuss evaluation results. Evaluators will be allowed to revise scores based on group discussions.

Proposers responding to this RFP may be requested to clarify issues or to provide additional insights into their Proposal through written clarifications and/or reference checks. If written clarifications and/or reference checks are required to complete the technical evaluation of Proposals, evaluators will be allowed to revise their technical scores based on consideration of this additional clarifying information. Furthermore, the Department reserves the right to ask clarifying questions regarding each Cost Proposal (included in Part II: Cost and Administrative Proposal/Submittal).

The Department reserves the right to request best and final offers from firms that are determined to be susceptible to contract award.

6.2 Evaluation Category Weight Distribution

Proposals will be evaluated using the NYSDOT’s Best Value method based upon a 100 total point scale. Using the factors listed in RFP Section 6.3, the Technical and Management proposal will be evaluated and point scored which shall represent 70 points of the total Best Value score for the proposal. Using the factors listed in RFP Section 6.4, the cost portion of the Cost and Administrative proposal will be point scored and will represent 30 points of the total Best Value score for the proposal. The administrative section of the Cost and Administrative portion will not be point scored but will be evaluated for compliance with the RFP’s submittal instructions. The RFP does not feature shortlisting.

6.3 Technical and Management Proposal Evaluation (Up to 70 Points)

1. Experience (Up to 30 Points)
   a. Quality, extent and relevance of current and prior Firm Experience. (Up to 5 Points)
   b. Quality, extent and relevance of relevant experience, expertise, education and training of proposed Key Personnel per the job qualifications contained in RFP Attachment 17. (Up to 15 Points)
c. Ability of proposed DivLoad Unit Supervisor and proposed Agent I, Agent II and Agent III to perform required duties. (Up to 10 Points)

2. Approach and Scope of Services (up to 25 Points)
   a. Quality and acceptability of approach for accomplishing project objectives. (Up to 5 Points)
   b. Completeness and responsiveness of proposed Score of Services to meet and deliver all required activities. (Up to 20 Points)

3. Organization and Staffing (Up to 10 Points)
   a. Degree to which proposed organization reflects understanding and comprehension of the RFP’s scope and objectives (Up to 5 Points)
   b. Quality of approach to maintain qualified key personnel over the life of the contract. (Up to 5 Points)

4. Qualify of Proposal; Degree to which proposal reflects understanding and comprehension of the RFP’s scope and objectives. (Up to 5 Points)

6.4 Cost

The Cost portion of Part II: Cost and Administrative Proposal will be evaluated for compliance with the RFP submittal instructions, evaluated and point scored with the latter representing 30% of total best value score for a Proposal. The calculation of a cost score will be based on the following method:

1. The Proposal with the lowest overall total three-year cost will receive the cost proposal score of 30 points.
2. Proposals with higher total three-year costs will receive proportionately lower cost proposal scores.
3. This point total will be calculated by dividing the lowest proposed Cost Proposal price by the Cost Proposal price of each Proposal, multiplied by the maximum weight for the Cost Proposal (30%).
4. Cost Proposal scoring results shall be used to determine which Proposals susceptible to: Clarification questions, firm withdrawal, a Best and Final Offer request, and ultimately contract award. A final Cost Proposal score shall be calculated once all Cost Proposal evaluations have been completed.

6.5 Best & Final Offer (BAFO)

The Department reserves the right to request Best and Final Offers (BAFO) from all responsive firms. Any BAFO request may ask for additional further clarifying Technical and Management proposal and/or Cost Proposal questions of Proposers to further clarify their submitted Proposals. The Department may also request a Cost Only BAFO. Should the Department opt to request BAFOs, all responsive Proposers will receive a BAFO request. Responding Proposers will be allowed to submit a BAFO (Technical and/or Cost), Proposers may opt to not submit a BAFO. Evaluators will be allowed to revise their technical scores
for the written Technical Proposal based on considerations of any new or changed Technical Proposal information contained in any BAFO. If changes to a Proposer’s Technical Proposal lead to corresponding necessary revisions to their Cost Proposal (or should a firm opt to clarify their Cost Proposal) or should the Department opt to request Cost only BAFOs, the Department’s Designated Representative shall make the necessary, appropriate adjustments to that Proposer’s Cost Proposal evaluation.

6.6 Proposal Withdrawal

Should any firm withdraw their Proposal, the Department will remove that Proposals’ technical and cost information from the Best Value evaluation documentation and shall recalculate the remaining Proposers’ technical and cost scores (without the withdrawn Proposers’ information).

6.7 Final Best Value Determination

After evaluation of all information submitted by competing Proposers, NYSDOT will add the final average weighted Technical and Management proposal score with the corresponding Cost proposal score to generate a tentative Final Best Value Score. Firms shall be ranked in Final Best Value Score order (highest to lowest).

Tie-Breaking Rule: Should any of the tentative Final Best Value scores of one or more Proposals line within one (1) point of each other, then the State Finance Law Section §163(10)(a) shall be used to settle any ties.

Once all possible score ties have been cleared, the Department will determine the Proposal with the highest Final Best Value score and will recommend that Proposer to the Department’s Executive Management for contract award.

6.8 Consultant Selection Recommendation and Tentative Contract Award

A Consultant selection and designation memo shall be prepared and forwarded to the applicable Department’s Executive Manager(s) with an accompanying evaluation process results report. The memo shall recommend selection of the top-ranked Best Value Consultant for tentative Contract award. The Executive Manager(s) will be asked to concur with the final conclusion of the Proposal evaluation process and designate the Best Value Consultant based upon the results.

Should negotiations with the Best Value Consultant fail to produce an agreed upon contract(s), then the Department’s Executive Management will designate tentative contract award to the next highest ranked Best Value Consultant. This process may repeat itself until acceptable contract(s) are consummated.

At the conclusion of the evaluation process, an announcement of the Department’s designation(s) will be posted to NYSDOT’s website via: https://www.dot.ny.gov/business. All Proposers shall be notified in writing regarding the results from the solicitation and will be offered an opportunity to hold a debriefing. Debriefing requests should be made to
NYSDOT’s Designated Representative within 15 calendar days from the date of the designation notice. Further, it is expressly understood that this Request for Proposals does not commit NYSDOT to award a contract, pay any costs incurred in the preparation of a Proposal to this request, or to procure or contract any services or supplies. Further, NYSDOT shall have no obligation or liability whatsoever to the Consultant selected as a result of this solicitation unless and until a contract satisfactory to NYSDOT is approved and executed by the Consultant and all necessary State officials.

The results of this process is an established SFS vendor number assigned to the Prime Consultant. If a firm has already registered in SFS in conjunction with another procurement, it will not likely need to be registered for this opportunity. However, an SFS vendor number is firm name specific. Since many firms have different variations of their business identities, firms will be required to register in the name of the business entity that NYSDOT’s is doing business with.

Your attention is drawn to the insurance requirements for this project that are contained in Article 12 of the draft contract. These insurances are mandatory for the firm(s) selected as a result of this solicitation and will not be waived.

4. The prospective participant also agrees by submitting his or her bid or proposal that he or she shall require that the language of this certification shall be included in all lower tier subcontracts, which exceed $100,000 and that all such subrecipients shall certify and disclose accordingly.

ARTICLE 27 – RESPONSIBILITY OF THE CONSULTANT

The CONSULTANT shall be responsible for the professional quality, technical accuracy, and the coordination of all services furnished by the CONSULTANT under this CONTRACT. The CONSULTANT shall, without additional compensation, correct or revise any errors or deficiencies in its services. However, the STATE may in certain circumstances, provide compensation for such work.

Neither the STATE’s review, approval, or acceptance of, nor payment for, the services required under this CONTRACT shall be construed to operate as a waiver of any rights under this CONTRACT or of any case of action arising out of the performance of this CONTRACT, and the CONSULTANT shall be and remain liable to the STATE in accordance with applicable law for all damages to the STATE cause by the CONSULTANT’s negligent performance or breach of contract of any of the services furnished under the CONTRACT.
The rights and remedies of the STATE provided for under this CONTRACT are in addition to any other rights and remedies provided by law.

If the CONSULTANT is comprised of more than one legal entity or any group of partners or joint ventures associated for the purposes of undertaking this CONTRACT, each such entity acknowledges and hereby affirmatively represents and agrees that each has the power to bind the CONSULTANT and each of the others hereunder, and as such, each acts both as principals and agent of the CONSULTANT and of each of the others hereunder. Each further acknowledges and agrees that all such entities, partners or joint ventures associated for the purposes of undertaking this CONTRACT shall be jointly and severally liable to third parties, including, but not limited to the STATE, for acts or omissions of the CONSULTANT, or any other entity, partner or joint venture hereunder.

If the CONSULTANT is comprised of more than one legal entity or any group of partners or joint ventures associated for the purposes of undertaking this CONTRACT, each such entity acknowledges and hereby affirmatively represents and agrees that the respective rights, duties and liabilities of each hereunder shall be governed by the laws of the State of New York, including, but not limited to the New York Partnership Law.

ARTICLE 28 – SECURITY AND CONFIDENTIALITY OF INFORMATION

Information received as part of this CONTRACT shall be considered Confidential Information. The CONSULTANT warrants that it will take the appropriate steps as to its personnel, agents, officers, and any subcontractors/subconsultants regarding the obligations arising under this clause to insure such confidentiality. The CONSULTANT shall have written policies and/or business procedures in place which will protect Confidential Information from unauthorized disclosure, use, access, loss, alteration, or destruction. The CONSULTANT may disclose to other parties, as authorized by the NYS DOT Project Manager, or as described in the scope of services, only the information necessary to perform services under this CONTRACT. However, the CONSULTANT shall in no circumstance, communicate with the public or news media without prior authorization from the State’s designee. Neither shall the CONSULTANT disclose information deemed confidential by the STATE nor shall the CONSULTANT disclose any other information obtained or developed in the performance of services under this CONTRACT without written authorization of the STATE. This warranty shall survive termination of this CONTRACT.

The CONSULTANT shall comply with the provisions of the New York State Information Security Breach and Notification Act, including General Business Law Section §89-aa and State Technology Law §208 as enacted by such Act or subsequently amended. In the event of an information security breach resulting in the unauthorized disclosure of personal information, the CONSULTANT shall be liable for the costs associated with such breach if caused by the CONSULTANT’s negligence or willful acts or omissions, or the negligent or willful acts or omissions of the CONSULTANT’s agents, officers, employees or subconsultants.
ARTICLE 29 – VENDOR RESPONSIBILITY

The CONSULTANT agrees, if requested by the Commissioner of NYSDOT (or his or her designee), to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organization and financial capacity.

Suspension of Work (for Non-Responsibility): The Commissioner of NYSDOT (or his or her designee) in his or her sole discretion, reserves the right to suspend any or all activities under this CONTRACT at any time when he or she discovers information that calls into question the responsibility of the CONSULTANT. In the event of such suspension, the CONSULTANT will be given written notice outlining the particulars of such suspension order. Upon issuance of such notice, the CONSULTANT shall comply with the terms of the suspension order. CONTRACT activity may resume at such time as the Commissioner of NYSDOT (or his or her designee) issues a written notice authorizing the resumption of performance under the CONTRACT.

Termination (for Non-Responsibility): Upon written notice to the CONSULTANT, and a reasonable opportunity to be heard with appropriate NYSDOT or staff, the CONTRACT may be terminated by the Commissioner of NYSDOT (or his or her designee) at the CONSULTANT’s expense where the CONSULTANT is determined by the Commissioner of NYSDOT (or his or her designee) to be non-responsible. In such event, the Commissioner of NYSDOT (or his or her designee) may complete the contractual requirements in any manner he or she may deem advisable and pursue legal or equitable remedies for such breach.

The STATE will review the nature of any relationship and reserves the right to terminate this CONTRACT for any reason, or for cause, if, in the judgement of the STATE, a real or potential conflict of interest cannot be cured.

ARTICLE 35 – ETHICS REQUIREMENTS

APPENDIX A

STANDARD CLAUSES FOR NEW YORK STATE CONTRACTS

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, or otherwise disposed of without the State’s previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller’s approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor’s business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State’s prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER’S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $25,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed $85,000 (State Finance Law § 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS’ COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment, nor subject any individual to harassment, because of age, race, creed, color, national origin, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, or domestic violence victim status or because the individual has opposed any practices forbidden under the Human Rights Law or has filed a complaint, testified, or assisted in any proceeding under the Human Rights Law. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of
materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this business was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds $5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2 NYCRR § 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, the "Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is
available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR Part 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of $25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of $100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of $100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and
(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "a," "b," and "c" above, in every subcontract over $25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this clause. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. (1) Notices and posters setting forth the CONSULTANT's equal employment opportunity policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

(2) The CONSULTANT’s equal employment opportunity policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

(c) In all solicitations either by competitive bidding or negotiation made by the CONSULTANT for work to be performed under a sub-contract, including procurements of materials or equipment, each potential sub-contractor or supplier shall be notified by the CONSULTANT of the CONSULTANT's obligations under this agreement and the Regulations relative to non-discrimination.

5. RECRUITMENT

(a) When advertising for employees, the CONSULTANT will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be published in newspapers or other publications having a large circulation among minority groups in the area from which the project work force would normally be derived. These advertisements shall state that all qualified applicants will be afforded equal employment opportunity without regard to race, religion, sex, color, national origin, age, disability or marital status.
(b) The CONSULTANT will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minority group applicants, including, but not limited to, State employment agencies, schools, colleges and minority group organizations. To meet this requirement, the CONSULTANT's EEO Officer will identify sources of potential minority group employees, and establish with such identified sources procedures whereby minority group applicants may be referred to the CONSULTANT for employment consideration. In the event the CONSULTANT has a valid bargaining agreement providing for exclusive hiring hall referrals, the CONSULTANT is expected to observe the provisions of that agreement to the extent that the system permits the CONSULTANT's compliance with equal employment opportunity contract provisions. (The U.S. Department of Labor has held that where implementation of such agreements have the effect of discriminating against minorities or women, or obligates the CONSULTANT to do the same, such implementation violates Executive Order 11246.

(c) The CONSULTANT will encourage present employees to refer minority group applicants for employment by posting appropriate notices or bulletins in areas accessible to all such employees. In addition, information and procedures with regard to referring minority group applicants will be discussed with employees.

6. PERSONNEL ACTIONS

Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, national origin, age, disability or marital status. The following procedures shall be followed:

(a) The CONSULTANT will conduct periodic inspections of project sites to insure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

(b) The CONSULTANT will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory practices.

(c) The CONSULTANT will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the CONSULTANT will promptly take corrective action. If the review indicated that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

(d) The CONSULTANT will promptly investigate all complaints of alleged discrimination made in connection with obligations under this agreement, will attempt to resolve such complaints, and will take appropriate corrective action within 15 days. All subsequent corrective actions or decisions will also be documented and forwarded to the NYS Department of Transportation Compliance Officer within 7 days after such action has taken place. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the CONSULTANT will inform every complainant of the results and all of their avenues of appeal should the complaint be denied.

7. TRAINING AND PROMOTION

(a) The CONSULTANT will assist in locating, qualifying and increasing the skills of minority group and women employees, and applicants for employment.

(b) Consistent with the CONSULTANT's work force requirements and as permissible under the Federal and State regulations, the CONSULTANT shall make full use of training programs; i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance. In the event the Training Special Provision is provided under this contract, this subparagraph is superseded thereby.

c) The CONSULTANT will advise employees and applicants for employment of available training programs and entrance requirements for each.

(d) The CONSULTANT will periodically review the training and promotion potential of minority group and women employees and will encourage eligible employees to apply for such training and promotion.

8. UNIONS

If the CONSULTANT relies in whole or in part upon unions as a source of employees, the CONSULTANT will use their best effort to obtain the cooperation of such unions to increase opportunities for minority groups and women within the unions, and, to effect referrals by such unions of minority and female employees. The CONSULTANT will send to each labor union or representative of workers with which he has or is bound by a collective bargaining or other agreement or understanding, a notice to be provided by the State Division of Human Rights, advising such labor union or representative of the CONSULTANT's compliance and with the non-discrimination clauses. Actions by the CONSULTANT, either directly or through a CONSULTANT's association acting as agent, will include the procedures set forth below:

63
(a) The CONSULTANT will use their best efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minority group members and women for membership in the unions and increasing the skills of minority group employees and women so that they may qualify for higher paying employment.

(b) The CONSULTANT will use their best efforts to incorporate an equal employment opportunity clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, national origin, age, disability or marital status.

(c) The CONSULTANT is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union, and such labor union refuses to furnish such information to the CONSULTANT. The CONSULTANT shall so certify to the STATE and shall set forth what efforts have been made to obtain such information. Further, if the CONSULTANT was directed to do so by the contracting agency as part of the bid or negotiations of this contract, the CONSULTANT shall request such labor union or representative to furnish him with a written statement that such labor union or representative accepts the non-discrimination clauses and will affirmatively cooperate, within the limits of its legal and contractual authority, in the implementation of the policy and provisions of these non-discrimination clauses or that it consents and agrees that recruitment, employment and the terms and conditions of employment under this contract shall be in accordance with the purposes and provisions of these non-discrimination clauses. If such labor union or representative fails or refuses to comply with such a request that it furnish such a statement, the CONSULTANT shall promptly notify the State Division of Human Rights and set forth what efforts have been made to obtain such information.

(d) In the event the union is unable to provide the CONSULTANT with a reasonable flow of minority and women referrals within the time limit set forth in the collective bargaining agreement, the CONSULTANT will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, national origin, age, disability or marital status, making full efforts to obtain qualified and/or qualifiable minority group persons and women. (The U.S. Department of Labor has held that it shall be no excuse that the union with which the CONSULTANT has a collective bargaining agreement providing for exclusive referral failed to refer minority employees.) In the event the union referral practice prevents the CONSULTANT from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such CONSULTANT shall immediately notify the New York State Department of Transportation.

9. AFFIRMATIVE ACTION IN SUBCONTRACTING

(a) The CONSULTANT will not discriminate on the grounds of race, religion, sex, national origin, age, disability or marital status in the selection of subcontractors, including procurements and leases of equipment.

(b) If the CONSULTANT determines to use a subcontractor as part of this agreement, affirmative action shall be taken to increase the participation of minority business firms in that work. As part of that affirmative action, the CONSULTANT will identify and contact minority business firms and solicit proposals for the work to be subcontracted. The STATE will provide a list of names of minority business firms to the CONSULTANT. Another source that should be contacted for a list of minority business firms is the Governor's Office of Minority & Women's Business Development (GOMWBD).

(c) The CONSULTANT will document the affirmative action steps taken to comply with paragraph 9b. Such documentation will be provided at the time or submittal of a formal proposal to the State's Contracts Bureau.

(d) By execution of this agreement, the CONSULTANT certifies that the affirmative action steps in 9a, 9b & 9c above were taken when soliciting proposals for the work in this agreement indicated to be subcontracted and that these steps will be taken should any work be subcontracted in the future.

(e) The CONSULTANT will ensure binding subcontractor and vendor compliance with their EEO obligations. The CONSULTANT will take such actions in enforcing such provisions of such subcontract or purchase order as the contracting agency may direct, including sanctions or remedies for non-compliance. If the CONSULTANT becomes involved in or is threatened with litigation with a subcontractor or a vendor as a result of such direction by the contracting agency, the CONSULTANT shall promptly so notify the Attorney General, requesting him to intervene and protect the interest of the State of New York.

10. RECORDS AND REPORTS

(a) The CONSULTANT will keep such records as are necessary to determine compliance with the CONSULTANT's equal employment opportunity obligations. The records kept by the CONSULTANT will be designed to indicate:

(1) The number of minority and non-minority group members and women employed in each work classification on the project, where required by the NYS D.O.T Compliance Officer.

(2) The progress and efforts being made in cooperation with unions to increase employment opportunities for minorities and women (applicable only to CONSULTANTS who rely in whole or in part on unions as a source of their work force).
(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minority and female employees.

(4) The progress and efforts being made in securing the services of minority group subcontractors or subcontractors with meaningful minority and female representation among their employees.

(5) Compliance with all other requirements in these provisions such as meetings, instructions, employment efforts, etc.

(b) The CONSULTANT will comply with Sections 291-299 of the Executive Law and Civil Rights Law and will provide all information and reports required by the Regulations, orders and instructions issued pursuant thereto, and will permit access to its books, records, accounts other sources of information, and its facilities as may be determined by State or Federal officials to ascertain compliance with the provisions of these non-discrimination clauses. Such findings shall be made by the State Commissioner of Human Rights after conciliation efforts by the State Division of Human Rights have failed to achieve compliance with these non-discrimination clauses and after a verified complaint has been filed with the State Division of Human Rights, notice thereof has been given to the CONSULTANT and an opportunity has been afforded them to be heard publicly before the State Commissioner of Human Rights or official designee. Such sanctions may be imposed and remedies invoked independently of or in addition to sanctions and remedies otherwise provided for by law. These may include, but are not limited to:

(1) withholding of payments to the CONSULTANT under the agreement until the CONSULTANT complies, and/or

(2) cancellation, termination or suspensions of the agreement in whole or in part.

11. TRAINING SPECIAL PROVISIONS This Training Special Provision supersedes paragraph 7.b above and is in implementation of 23 CFR Subpart A, Section 230.111 & Executive Order 11246.

As part of the CONSULTANT's equal employment opportunity affirmative action program training shall be provided as follows:

The CONSULTANT shall provide on-the-job training aimed at developing full competence in the job classification involved.

The number of months of training to be provided under these special provisions is previously stated in this Agreement.

In the event that the CONSULTANT subcontracts a portion of the contract work, it shall be determined how many, if any, of the trainees are to be trained by the subcontractor, provided however, that the CONSULTANT shall retain the primary responsibility for meeting the training requirements imposed by this special provision. The CONSULTANT shall also insure that this training special provision is made applicable to such subcontract.

The number of trainees shall be distributed among the work classifications on the basis of the CONSULTANT's needs. Along with their proposal, the CONSULTANT shall submit to the New York State Department of Transportation for approval the proposed number of trainees to be trained in each selected classification, their estimated salaries and a training schedule. The salaries to be paid trainees shall not be less that 75 percent of the average hourly rate approved in the agreement for the classification to be trained. During the period from the beginning of the project to its completion, the trainee shall receive reasonable salary increases commensurate to the abilities and effort exerted by the trainee. The training schedule required should indicate the start of work and appropriate incremental salary steps in accord with the above.

Training and upgrading the proficiency of minorities and women is a primary objective of this Training Special Provision. Accordingly, the CONSULTANT shall make every effort to enroll minority trainees and women (e.g., by conducting systematic and direct recruitment through public and private sources likely to yield minority and women trainees) to the extent that such persons are available within a reasonable area of recruitment. The CONSULTANT will be responsible for demonstrating the steps that have been taken in pursuance thereof, prior to a determination as to whether the CONSULTANT is in compliance with this Training Special Provision. This training commitment is not intended, and shall not be used, to discriminate against any applicant for training, whether a member of a minority group or not.

No employee shall be employed as a trainee in any classification in which they have successfully completed a training program or in a classification in which they have been employed. The CONSULTANT should satisfy this requirement by including appropriate questions in the employee application or by other suitable means. Regardless of the method used, the CONSULTANT's records should document the findings in each case.
The minimum length and type of training for each classification will be as established in the training schedule developed by the CONSULTANT and approved by the State and Federal Highway Administration. The State and the Federal Highway Administration shall approve a program if it reasonably calculated to meet the equal employment opportunity obligations of the CONSULTANT and to assist in qualifying the average trainee toward proficiency in the classification concerned by the end of the training period. Approval of a training program shall be obtained from the State prior to commencing work on the classification covered by the program. Training is permissible in lower level management positions. Some offsite training is permissible as long as the training is an integral part of an approved training program and does not comprise a significant part of the overall training.

The CONSULTANT will be reimbursed for the cost of any and all training under the payment terms of this agreement. This can include offsite training cost as discussed above. All offsite training must be defined in the training schedule. All costs claimed or calculated for training must be directly related to the work defined in the scope of this agreement and/or added by supplemental agreement.

The CONSULTANT must demonstrate their best efforts and evidence good faith in hiring trainees for positions in the classification in which they have completed training.

The CONSULTANT shall furnish the trainee a copy of the program they will follow in the training. The CONSULTANT shall provide each trainee with a certification showing the type and length of training satisfactorily completed.

The CONSULTANT will provide for the maintenance of records and furnish periodic reports documenting their performance under this Training Special Provision.

APPENDIX D

PARTICIPATION BY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES:
REQUIREMENTS AND PROCEDURES
(revised State 7-12-2017)

I. General Provisions

A. The New York State Department of Transportation (NYSDOT) is required to implement the provisions of New York State Executive Law Article 15-A and Parts 140-145 of Title 5 of the New York Codes, Rules and Regulations (NYCRR) for all State contracts, as defined therein, with a value (1) in excess of $25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of $100,000 for real property renovations and construction.

B. The consultant to the subject contract (the “Consultant” and the “Contract” respectively) agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to NYSDOT, to fully comply and cooperate with NYSDOT in the implementation of New York State Executive Law Article 15-A and the regulations promulgated thereunder. These requirements include equal employment opportunities for minority group members and women (EEO), and contracting opportunities for New York State-certified Minority and Women-Owned Business Enterprises (MWBEs). The Consultant’s demonstration of “good faith efforts” pursuant to 5 NYCRR Section 142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the “Human Rights Law”) and other applicable federal, state, and local laws.

C. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility and/or a breach of contract, leading to the assessment of liquidated damages pursuant to Section VII of this Appendix C and such other remedies are available to NYSDOT pursuant to the Contract and applicable law.

II. MWBE Utilization Plan

A. The Consultant represents and warrants that the Consultant has submitted an MWBE Utilization Plan, or shall submit a MWBE Utilization Plan at such time as shall be required by NYSDOT. The MWBE Utilization Plan is to be submitted consistent with the requirements stated in the procurement document.

B. The Consultant agrees to adhere to such MWBE Utilization Plan in the performance of the Contract.

C. The Consultant further agrees that failure to submit and/or adhere to such MWBE Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such material breach, NYSDOT shall be entitled to any remedy provided herein, including but not limited to, a finding that the Consultant is non-responsive.

III. Waivers Post Contract Execution

A. If the Consultant, after making good faith efforts, is unable to achieve the MWBE Contract Goals stated herein, the Consultant may submit a request for a waiver to the NYSDOT Office of Contract Management, Civil Rights Unit. Such waiver request must be supported by evidence of the Consultant’s good faith efforts to achieve the maximum feasible MWBE participation towards the applicable MWBE Contract Goals. If the documentation included with the waiver request is complete, NYSDOT shall evaluate the request and issue a written notice of approval or denial within twenty (20) business days of receipt.

B. If NYSDOT, upon review of the MWBE Utilization Plan, quarterly MWBE Contractor Compliance Reports described in Section VI, or any other relevant information, determines that the Consultant is failing or refusing to comply with the MWBE Contract Goals, and no waiver has been issued in regards to such non-compliance, NYSDOT may issue a notice of deficiency to the Consultant. The Consultant must respond to the notice of deficiency within seven (7) business days of receipt. Such response may include a request for partial or total waiver of the MWBE Contract Goals.
IV. Liquidated Damages – MWBE Participation

A. Where NYSDOT determines that the Consultant is not in compliance with the requirements of this Appendix and the Consultant refuses to comply with such requirements, or if the Consultant is found to have willfully and intentionally failed to comply with the MWBE participation goals, the Consultant shall be obligated to pay to NYSDOT liquidated damages.

B. Such liquidated damages shall be calculated as an amount equaling the difference between:

1. All sums identified for payment to the MWBEs had the Consultant achieved the contractual MWBE goals; and

2. All sums actually paid to MWBEs for work performed or materials supplied under the Contract.

C. In the event a determination has been made which requires the payment of liquidated damages and such identified sums have not been withheld by NYSDOT, the Consultant shall pay such liquidated damages to NYSDOT within sixty (60) days after they are assessed. Provided, however, that if the Consultant has filed a complaint with the Director of the Division of Minority and Women’s Business Development pursuant to 5 NYCRR § 142.12, liquidated damages shall be payable only in the event of a determination adverse to the Consultant following the complaint process.

Procurement Lobbying Law Compliance Form Information
(Attachment 4 Continued)

1. Required Forms: The Proposer shall complete the above forms and include them in Part II: Cost and Administrative Proposal/Submittal. These forms are also available via:
   - Offerer’s Affirmation of Understanding of and Agreement pursuant to State Finance Law §139-j(3) and §139-j(6)(b)
   - Offerer Disclosure of Prior Non-Responsibility Determinations

2. NYSDOT Guidelines and Procedures: Under the requirements of the State Procurement Act all communications regarding advertised projects are to be channeled through the Office of Contract Management (*Designated Contacts). Until a designation is made, communication with any other NYSDOT employee concerning this project that is determined to be an attempt to influence the procurement may result in disqualification.

Refer to “NYSDOT PROCUREMENT LOBBYING LAW GUIDELINES AND PROCEDURES” at

3. Summary of the Policy and Prohibitions Regarding Permissible Contacts:
   a. Contacts Prior to Designation
      Any communication involving an attempt to influence the procurement are only permitted with the following Designated Contact Persons
      - The Designated Office of Contract Management Specialist
      - The Office of Contract Management Specialist Supervisor
      - The Office of Contract Management Assistant Director
      - The Office of Contract Management Director

      There are some communications exempted from this restriction:
      - Participation in a pre-proposal conference
      - Protests, complaints of improper conduct or misrepresentation

      If any other NYSDOT employee is contacted and they believe a reasonable person would infer that the communication was intended to influence the procurement, the contact must be reported by the NYSDOT employee. If the Department determines an impermissible contact was made, the offerer cannot be awarded the contract. A second violation would lead to a four-year bar on the award of public contracts to the offerer.
b. Contacts After Designation: NYSDOT identifies the primary contract negotiations contacts, which include:
   - The Designation Office of Contract Management Specialist
   - The Office of Contract Management Specialist Supervisor
   - The Office of Contract Management Assistant Director
   - The Office of Contract Management Director
   - The Program Area Project Manager
   - The Program Area Project Manager’s Immediate Supervisor

The law does not limit who may be contacted during the negotiation process. However, if any NYSDOT employee is contacted and they believe a reasonable person would infer that the communication was intended to influence the procurement, the contact must be reported by the NYSDOT employee.

c. Information Required From Offerers That Contact NYSDOT Staff Prior to Contract Approval by the Office of the State Comptroller: The individuals contacting NYSDOT should provide person’s name, e-mail address, firm person works for, address of employer, telephone number, occupation, firm they are representing, and who is to appear before or contact NYSDOT.

d. Applicability to an Executed Contract: Restrictions similar to those described above apply to approval or denial of an assignment, amendment (other than amendments that are authorized and payable under the terms of the procurement contract as it was finally awarded or approved by the comptroller, as applicable), renewal or extension of a procurement or contract, or any other material change in the procurement contract resulting in a financial benefit to the offerer.
