Oversight of Drug and Alcohol Testing Programs of Subrecipients Funded by FTA Programs Services for NYSDOT Contract #C030788

Q1. Follow up question to Question and Answer 5 in Modification No. 1: NYSDOT's answer to Q5 implies a "rolling" schedule of inspections to be performed during the contract period. How is a firm to determine how many total onsite inspections are required for the 5 year contract period?

A1: NYSDOT has provided the numbers to be used when firms prepare their proposals in Attachment 8, page 1. Although the numbers could go up or down over the life of the contract this ensures that all firms use the same numbers when proposing. These numbers will be the basis for establishing the unit costs in the awarded contract.

No other provision of the solicitation is otherwise changed or modified.
