Title: THE ENVIRONMENTAL MANUAL (TEM) 4.4.16.3 CONGESTION MITIGATION AND AIR QUALITY (CMAQ)

Target Audience:
- Manufacturers (18)
- Local Govt. (31)
- Agencies (32)
- Surveyors (33)
- Consultants (34)
- Contractors (39)
- MPOs ( )

Approved:
/s/Daniel Hitt
Daniel Hitt, RLA
Director, Environmental Science Bureau
9-28-11

ADMINISTRATIVE INFORMATION:
- Effective Date: This Engineering Bulletin (EB) is effective upon signature.
- Superseded Issuances:
  - June 2002 Congestion Mitigation and Air Quality (CMAQ) Guidance
  - There are no EIs or EBs superseded by this issuance
- Disposition of the Issued Materials: Section 4.4.16.3 will reside in The Environmental Manual (TEM) and will be available on the NYSDOT web pages.

PURPOSE: To announce the availability of Section 4.4.16.3, Congestion Mitigation and Air Quality (CMAQ) Section of the TEM.

TECHNICAL INFORMATION: The objective of this section is to provide guidance for users to properly prepare CMAQ applications, determine project eligibility, and provide guidance on estimating emission benefits for eligible CMAQ projects.

TRANSMITTED MATERIALS: None. TEM Section 4.4.16.3 can be found at the following address:

BACKGROUND: This section is being revised to present a policy in conformance with current Department practice and regulatory statute. It consolidates information from previous issuances, and provides guidance on the subject in a format that more closely follows other Department guidance.
