
Includes all of the Contract drawings (26/26 sheets) and Sheets A and C of the Information drawings (Sheets B and C were not useful) by Fay, Spofford and Thorndike. The Erection, Dimension, and Stress drawings (Sheets D and E for each span) are selected from the complete set of shop drawings by the American Bridge Company, which provide detail sheets for each member of the bridge. Larger copies of these drawings are available in the field records accompanying this report.
