ITEM 556.11010011 – REINFORCING BAR TERMINATORS

DESCRIPTION
Under this item, the Contractor shall furnish and install reinforcing bar terminators at the locations indicated in the contract documents.

MATERIALS
The terminators shall meet the requirements of ASTM A970 and shall be suitable for use with ASTM A615 Grade 75 reinforcing steel.

The Contractor shall submit product information and test reports for review and approval prior to use.

CONSTRUCTION DETAILS
The Contractor shall furnish and install the terminators at the locations shown in the Contract Documents.

Installation shall be in accordance with manufacturer's instructions.

METHOD OF MEASUREMENT
This work shall be measured as the number of terminators furnished and installed in accordance with the plans.

BASIS OF PAYMENT
The unit price for each installed terminator shall include the cost of all labor, material, and equipment necessary to furnish and install the item satisfactorily.
