

ITEM 04202.23 M - REMOVE CONCRETE

DESCRIPTION: This work shall consist of removing segments of the existing concrete pavement and pavement foundation as indicated on the plans or where directed by the Engineer.

MATERIALS: Not specified.

CONSTRUCTION DETAILS: The Contractor shall remove the concrete in a skillful manner by any suitable means that does not damage adjacent sound concrete, existing underground utilities, and adjacent residential or commercial buildings. The concrete shall be sawed to net lines before removal. This work shall conform to the details on the plans. The removed concrete shall be properly disposed of by the Contractor, as approved by the Engineer.

METHOD OF MEASUREMENT: The quantity to be paid for under this item will be measured as the number of square meters of concrete removed in accordance with the plans or as specified by the Engineer.

BASIS OF PAYMENT: The unit price bid per square meter shall include the cost of furnishing all labor, materials and equipment necessary to complete the work, except that necessary sawing of concrete will be paid for under its appropriate item. Damage to existing sound concrete, not specified for removal, and due to improper construction procedures or carelessness on the part of the Contractor, shall be repaired at no cost to the State.
