

ITEM 05203.04 M - REMOVAL AND DISPOSAL OF WASTE TIRES

DESCRIPTION:

This work shall consist of the removal and proper disposal of waste tires located on this job site as shown on the plans, or as specified by the Engineer, in conformance with this specification.

MATERIALS:

None.

CONSTRUCTION DETAILS:

All waste tires are to be removed from the job site, as directed by the Engineer, and shall be disposed of at a New York State Department of Environmental Conservation (NYSDEC) permitted waste tire processing facility, in accordance with 6 NYCRR, Parts 360 and 364. Tires must be transported in a Part 364 permitted vehicle. Any Federal, State, County, or Local regulations concerning transport and disposal of tires must be followed.

METHOD OF MEASUREMENT:

The work will be measured for payment on a lump sum basis.

BASIS OF PAYMENT:

The lump sum price bid shall include the costs for all equipment and labor, and any and all costs involved for the proper transport and disposal of the waste tires, necessary to complete the work.

Payment will be made under:

Item No.	Item	Pay Unit
