

**ITEM 209.13----07 – MAINTAIN, REPAIR AND REMOVE PREVIOUSLY INSTALLED  
TEMPORARY SILT FENCE**

**DESCRIPTION:**

This work shall consist of maintaining, repairing and removing previously furnished and installed temporary silt fence when directed by the Engineer.

**MATERIALS:**

Any new materials used to replace previously installed temporary silt fence shall conform to the requirements of Item 209.13.

**CONSTRUCTION DETAILS:**

The existing temporary silt fence shall be maintained in good condition and repaired in accordance with Item 209.13 as directed by the Engineer.

**METHOD OF MEASUREMENT:**

Payment for maintaining, repairing and removing existing temporary silt fence will be made on the lump sum basis for the existing temporary silt fence maintained, repaired and subsequently removed upon completion of work.

**BASIS OF PAYMENT:**

The unit price bid shall include the cost of furnishing all labor, materials and equipment necessary to satisfactorily complete the work. Monthly payments will be made in proportion to the amount of work done as determined by the Engineer. The remainder of the unit bid price shall be paid for after complete removal of the existing temporary silt fence.
