ITEM 551.1208bb16 M - MECHANICAL SPLICES FOR STEEL PILES (HP 360 X 174)

DESCRIPTION :

Provide a mechanical connection for steel piles according to the provisions of Section 551 pertaining to splices for piles, and as required below.

MATERIALS :

The mechanical pile splice shall be one appearing on the Department's Approved List, which meets the requirements of section §720-06.

CONSTRUCTION DETAILS :

Mechanical pile splices shall be welded according to the approved installation drawings.
