

ITEM 10559.9010 M - PROMPT INITIAL RESPONSE TO GRAFFITI SITUATIONS
(\$100.00 EA - Fixed Price)

DESCRIPTION

Work under this item will be to respond to graffiti situations within 72 hours or sooner, with all the materials, equipment and labor necessary to either cover or eliminate the graffiti, A.O.B.E. This item will not be used when the Contractor makes a second visit to a site in order to completely and permanently eliminate the graffiti cover applied under ITEM ~~1063#10559.9020 M - TEMPORARY GRAFFITI COVER.~~

MATERIALS

The materials carried to the site will be the most appropriate to cover or eliminate the graffiti depending on the circumstances. All materials will conform to the applicable requirements of the Standard Specification, or where not applicable shall conform to standard construction practices and/or as approved by the Engineer.

CONSTRUCTION DETAILS

The labor, materials, equipment, and methods used will be the most appropriate to cover or eliminate the graffiti. Some of these methods may include, but are not limited to, painting, sanding, power washing, applying paint remover, or baking soda blasting.

The Prompt Response to Graffiti Situations will be within 72 hours after receiving the work order by fax, and/or in writing from the Engineer.

The method of graffiti elimination used shall be a complete and permanent result unless prohibited by atmospheric condition limitations and/or otherwise directed by the Engineer.

In the event a complete and permanent result by an appropriate method is not possible, the Contractor shall use ITEM 10559.9020 M - TEMPORARY GRAFFITI COVER, A.O.B.E.

METHOD OF MEASUREMENT

Prompt Initial Response to Graffiti Situations will be measured by the number of ~~calendar days in work locations at~~ which the Contractor ~~has responded~~ responds to graffiti situations within 72 hours or sooner, and either covers or eliminates graffiti, A.O.B.E., in response to Prompt Initial Response work orders ~~within the time specified in this specification. All graffiti occurrences included in a work order shall be completed within the 72-hour time limitation.~~

-

BASIS OF PAYMENT

The fixed unit price for this item shall include the cost of any or all Contractor's overhead associated with response to a specific priority work order. This shall also include all costs required to bring equipment,

BASIS OF PAYMENT (Cont'd.)

If the Contractor fails to respond to a Prompt Initial Response work order as directed by and to the satisfaction of the Engineer, a charge to the Contractor will be deducted from the payments due to the Contractor for work performed under other items of the contract in an amount equal to the fixed unit price for this item for each 36 hours, or part thereof, that the Contractor exceeds the initial 72 hours of response time, until the work order is completed.

The accepted quantities of Prompt Initial Response to Graffiti Situations will be paid for at the contract fixed unit price, which shall include the cost of furnishing all labor, materials and equipment to satisfactorily respond to the site, ~~and do the work.~~
