

ITEM 01560.1304 M - INSTALL STORED STONE

DESCRIPTION:

Install previously stored stone at locations indicated on the Contract Documents and bed in mortar. For this work, utilize diagrams or photographs prepared under another item that show original stone location.

MATERIALS:

Stone to be installed is in storage. If necessary to provide new stone, under another item, match the original stone as nearly as practicable.

Use mortar meeting the requirements of Subsection 560-2.06, except that hand mixing of mortar is not allowed.

CONSTRUCTION DETAILS:

Apply the requirements of Subsection 560-3.02 with the following modifications:

Leave all surfaces to be covered with mortar in a clean, dry state and apply the mortar to dry, stone surfaces.

Use diagrams or photographs previously prepared to install stones into their original position, or to replicate original pattern and texture as required. Two weeks prior to installation work, supply the Engineer with two copies of all diagrams and photographs to be used for this work.

METHOD OF MEASUREMENT:

The work will be measured as the number of square meters of exposed stone masonry wall face installed.

BASIS OF PAYMENT:

Include the cost of all labor, material and equipment necessary to complete the work in the unit price bid per square meter.
