

ITEM 08560.20 M - REBUILD EXISTING STONE PARAPET WITH NEW STONE

DESCRIPTION:

The contractor shall rebuild the existing stone parapet with new stone at locations shown on the plans or directed by the Engineer.

MATERIALS:

The provisions of Section 560-2, Materials, shall apply.

New dimension stone masonry shall have a rock face finish and shall be similar in size, color and shape to the existing material and shall be approved by the Engineer.

CONSTRUCTION DETAILS:

This work shall be done in accordance with the requirements of Subsection 560-3.04, Stone Masonry, except that the sample wall will not be required.

METHOD OF MEASUREMENT:

This work will be measured as the number of square meters of stone parapet rebuilt (including joints within the stone masonry). Measurement will be taken along the plane of all exposed surfaces (including the top, inside, outside and end faces) of the parapet rebuilt according to this specification.

BASIS OF PAYMENT:

The unit price bid per square meter shall include the cost of all labor, materials and equipment necessary to satisfactorily complete the work.
