

ITEM 02604.0407XX M - MANHOLES-UTILITIES

Description

This work shall consist of the construction of a manhole of the type specified; to be built as shown on the detailed drawings for manholes included in the contract plans. The units shall be precast only. The manholes are serialized based on different sizes and/or types as described in the plans.

Materials

Subsection 604-2.01 shall apply, except that concrete block and common brick shall not be used.

Construction Details

Subsection 604-3.01, 3.02, 3.03, 3.04, 3.05 and 3.08 shall apply.

Method of Measurement

Manholes shall be paid by the each.

Basis of Payment

Each manhole shall include the cost of all labor, equipment and materials, including bar reinforcement, welded wire fabric, pulling irons, knockouts, risers, frames and covers, necessary to complete the work, except the following:

- A. Excavation. Excavation will be paid for under Trench and Culvert Excavation.
- B. Backfill of manholes will be paid for under the items shown in the contract documents.
