

ITEM 606.3296 11 – REMOVAL OF CONCRETE BARRIER

DESCRIPTION

The contractor shall remove concrete barrier where indicated on the plans or where directed by the engineer.

MATERIALS

None specified.

CONSTRUCTION DETAILS

The Contractor shall remove concrete barrier where indicated on the plans or where directed by the Engineer. All concrete barriers removed under this item shall become the property of the Contractor and shall be removed from the contract site. Backfill and compaction shall be done in a manner approved by the Engineer. Unusable material shall be disposed of by the Contractor. Any concrete barrier not intended for removal that becomes damaged by the Contractor shall be repaired or replaced at the Contractors expense and in a manner approved by the engineer.

METHOD OF MEASUREMENT

Removal of concrete barrier shall be measured by the number of linear meters of barrier removed. Measurement shall be made by measuring once along the axis of the barrier for the actual number of linear meters of barrier removed.

BASIS OF PAYMENT

The unit price bid per linear meter shall include all material, equipment and labor necessary to remove the barrier.
