

**ITEM 606.90 09 - TRANSITION FROM "F" SHAPE CONCRETE BRIDGE
BARRIER TO SINGLE-SLOPE CONCRETE BARRIER**

DESCRIPTION

This work shall consist of the construction of concrete highway barrier transition and component parts in accordance with the specifications, standard sheets, manufacturer's drawings, manufacturer's directions and contract documents to the lines and grades shown on the plans or established by the engineer.

MATERIALS

Materials shall conform to the applicable provisions of Section 606-2 and its Sub-Sections.

CONSTRUCTION DETAILS

Construction details shall conform to the applicable provisions of Section 606-3 and its Sub-Sections.

METHOD OF MEASUREMENT

Transitions will be measured by the number of units satisfactorily constructed in accordance with the plans and specifications.

BASIS OF PAYMENT

The unit price bid per concrete transition shall include the cost of all labor, equipment, and material necessary to satisfactorily complete the work, including back-up posts, pre-molded joint filler, connections and hardware.
