

**ITEM 10607.4062 M - TYPE RB SECURITY CHAIN LINK GATE (DOUBLE LEAF, 4880 MM OPENING), 2440 MM HIGH**

**DESCRIPTION**

The provisions of Section 607 pertaining to fence gates for Chain-Link Fence, Type I, shall apply, except for the following.

**MATERIALS**

The fence fabric and frame options shall be as listed below.

| <u>Fabric Options</u> | <u>Frame Options</u>      |
|-----------------------|---------------------------|
| Galvanized Steel      | Galvanized Steel          |
| Aluminum Coated Steel | Combined Coating on Steel |
|                       | Aluminum Coated Steel     |

Gate fabric shall conform to the requirements of the fabric used in the fence construction.

Fittings shall conform to the requirements of Subsection 710-10.03 except that aluminum alloy fittings shall not be used.

Gate posts shall be steel of the type and size indicated on the Standard Sheet "Gates and Chain Link Fence Adjacent to Gates," except that the optional Roll-formed posts shall not be used. Gate posts shall be either Class A, Schedule 40 Pipe or Class B, Steel Tubing at the Contractor's option.

**CONSTRUCTION DETAILS**

The requirements of Subsections 607-3.01, 607-3.02 and 607-3.07 shall apply, except as modified below.

All bolts, pins and fasteners that hold the hinges to the gate posts shall be tack welded so that conventional hand tools cannot be used to access the Recharge Basin.

**METHOD OF MEASUREMENT**

The requirements of Subsection 607-4.03 shall apply.

**BASIC OF PAYMENT**

The requirements of Subsection 607-5.02 shall apply.
