

**ITEM 08607.410199 M - AUTOMATIC ELECTRICAL GATE SYSTEM COMPLETE**

**DESCRIPTION:**

This work shall consist of furnishing and installing an automatic electrical gate system of the type and at the location indicated on the plans or directed by the Engineer. The contractor shall furnish and install all necessary equipment in conformance with the manufacturer's specifications and as shown on the plans and as directed by the Engineer.

**MATERIALS:**

The automatic electrical gate system shall be supplied by the manufacturer indicated on the plans or an approved equal.

**CONSTRUCTION DETAILS:**

The contractor shall submit catalog cut(s) to the Engineer for review and approval before any materials pertaining to the gate system can be ordered. The automatic electronic gate system shall be installed in accordance with the manufacturer's guidelines, as indicated on the plans, and as directed by the Engineer. The system shall be tested to the satisfaction of the Engineer.

**METHOD OF MEASUREMENT:**

The electronic gate system complete will be measured on a lump sum basis installed in accordance with the manufacturer's specifications and as directed by the Engineer.

**BASIS OF PAYMENT:**

The price bid for each automatic gate system shall include the cost of furnishing all labor, materials, tools, electrical connections, testing and equipment necessary to complete the work. The contractor shall be paid 25% of the bid price when the catalog cut is approved, 50% of the bid price when the unit is installed and 25% after final testing and approval by the Engineer.
