

**ITEM 607.95-----08 M - REMOVE AND STORE EXISTING FENCE**

**DESCRIPTION:**

The Contractor shall remove and store existing fences where shown on the plans or where directed by the Engineer.

**MATERIALS:**

Not Applicable.

**CONSTRUCTION DETAILS:**

The existing fence shall be removed and stored in a location satisfactory to the Engineer. The post holes shall be backfilled with suitable earth material and compacted as directed by the Engineer. All fence components damaged by the Contractor shall be replaced in kind, as directed by the Engineer, at no expense to the State.

**METHOD OF MEASUREMENT:**

Removal and storage of the existing fence will be measured as the number of meters of fence removed in accordance with the plans, specifications, and as directed by the Engineer.

**BASIS OF PAYMENT:**

The unit price bid for this item shall include all labor and equipment necessary to complete the work, including excavation and backfill and repair or replacement of any damaged fence components caused by the Contractor's operation.
