

ITEM 08607.9512 M - 1.2 m HIGH CEDAR FENCE
ITEM 08607.9518 M - 1.8 m HIGH CEDAR FENCE
ITEM 08607.9524 M - 2.4 m HIGH CEDAR FENCE

DESCRIPTION:

Under this item the contractor shall furnish and install a wood fence, including posts, concrete footings and component parts, in accordance with these specifications, as indicated on the plans and/or as directed by the Engineer.

MATERIALS:

The fence shall be made of wood, western red cedar (number 1 grade).

Wood backrails, posts and pickets shall be the size specified on the plans and in accordance with Section 712-13 of the standard specifications. Wood pickets will be screwed to the rails.

Screws shall be galvanized in accordance with Section 719-01, Galvanized Coating and Repair Methods.

Concrete shall be in accordance with Section 501, Portland Cement Concrete.

CONSTRUCTION DETAILS:

All posts shall be set vertically and to the required grade and alignment.

Fence shall generally follow the contour of the ground. Grading shall be performed where necessary to provide a neat appearance.

Posts shall be spaced as shown on the plans or as directed by the Engineer.

METHOD OF MEASUREMENT:

Cedar fence will be measured as the number of meters measured along the top of the fence center to center of posts which is satisfactorily installed where indicated on the plans or where directed by the Engineer.

BASIS OF PAYMENT:

The unit price bid shall include the cost to furnishing all labor, grading, equipment, concrete footings, footing excavation and materials necessary to complete the work, including all cost necessary to attain the required bends.
