

**ITEM 610.0110--10 -PLANTER BACKFILL MIX**

**DESCRIPTION**

Under this item the Contractor shall furnish and place planter backfill mix in accordance with the plans and specifications.

The mix shall be used in all landscape locations indicated in the Contract Documents.

**MATERIALS**

As indicated in the contract documents.

**CONSTRUCTION DETAILS**

Planter backfill material shall be thoroughly premixed in the proportions stated in the contract documents and shall be placed to the depths and dimensions shown in the contract documents. The backfill mix shall be thoroughly settled by firming or tamping in a manner approved by the Engineer. All other construction details shall be as per the contract documents.

**METHOD OF MEASUREMENT**

The quantity will be the number of cubic meters of material placed, measured in place by the Engineer.

**BASIS OF PAYMENT**

The unit price bid for this work shall include the cost of furnishing all labor, material and equipment necessary to complete the work. No direct payment will be made for losses of material resulting from compaction, foundation settlement, erosion or any other cause. The cost of such losses shall be included in the price bid for this item. No deductions will be made for the volumes occupied by light poles, sign pedestals and any other such objects.
