Description:

This work shall conform to Section 611-1 of Standard Specifications.

Material:

Material shall conform to the Section 611-2 of the Standard Specifications.

Construction Details:

This specification shall conform to Section 611-1 thru Section 611-3.04 of the Standard Specifications.

Care of Planting:

Care of planting shall be in accordance with 611-3.05A, except that "Care of Planting" shall consist of *"work necessary to maintain healthy growing plants at plant locations specified in the contract documents for the duration of the contract as stipulated, and by completing the work specified under this sub-part of the specification"*. The value of Care of Planting shall equal 50% of the price bid for this Item, payable in progress payments specified under *"Basis of Payment"*. The Contractor shall prepare and submit a *"Care of Planting Work Schedule"* in accordance with 611-3.05B prior to start of work..

The work required under this section includes:

- 1. Watering.** Shall be in accordance with Section 611-3.05C of Standard Specifications except that cost of watering shall be included in the value of Care of Planting.
- 2. Plant Maintenance.** Shall be in accordance with Section 611-3.05 D thru H of Standard Specifications.
- 3. Removal and Replacement.** At the beginning of each specified planting season, all plants determined to be dead, unhealthy, missing, or plants not exhibiting evidence of healthy new growth, as determined by the Regional Landscape Architect, shall be removed and replaced with new healthy plant materials as specified. All replacement plantings shall be completed by the end of the respective planting season.

Method of Measurement:

The method of measurement shall be in accordance with Section 611-4 of the Standard Specifications.
