

## ITEM 05615.01xx M - TABLE

### DESCRIPTION

This work shall consist of furnishing and installing tables with or without seating, along with concrete footings, if indicated, in accordance with the Contract Documents or as directed by the Engineer. The Contractor shall verify the type, quantity, location and installation method for each table with the Engineer prior to ordering. The various types will be designated in the Contract Documents.

### MATERIALS

The contractor shall submit shop drawings and catalog cuts to the Engineer for review. Drawings shall show clearly all materials, finishes, and connecting and joining methods. The Engineer, in consultation with the Regional Landscape Architect and representatives of any owning or maintaining agencies, other than NYSDOT, will determine product acceptability.

The concrete support footings, if indicated, shall be Class A concrete as specified in Section 501, Portland Cement Concrete – General.

### CONSTRUCTION DETAILS

The tables shall be installed at the locations indicated in the Contract Documents and in accordance with the specifications and recommendations of the manufacturer.

### METHOD OF MEASUREMENT

Tables shall be measured by the number of units supplied and installed to the satisfaction of the Engineer.

### BASIS OF PAYMENT

The unit price bid for each table, with or without seating, shall include the cost of furnishing all labor, equipment and materials necessary to satisfactorily complete the work, including excavation and backfill for concrete support footings.

Payment will be made under:

<u>Item</u>	<u>Description</u>
