

ITEM 39615.0501 - METAL TRASH RECEPTACLE

DESCRIPTION:

This work shall consist of furnishing and installing metal trash receptacles in accordance with the contract documents and as directed by the Engineer.

MATERIALS:

Metal trash receptacle shall be a heavy duty receptacle of vertical steel bar design, primed with zinc rich epoxy or iron phosphate paint and finished with a polyester powder coating as specified in the contract documents. The cover shall be a standard tapered spun steel inner lid secured to the receptacle with vinyl coated aircraft steel cable. All welding shall be continuous and ground smooth before coating. The liner shall be a standard supplied plastic or fiberglass basket, hole-drilled at the bottom to allow for drainage. The bolt shall be a 13mm x 95mm long galvanized expansion anchor.

The trash receptacle shall be as manufactured by Victor Stanley, Inc., or DuMor, Inc., as follows:

Manuf:	Victor Stanley, Inc. PO Drawer 330-Brickhouse Road Dunkirk, Maryland 20754 Maryland 20754 (301) 855-8300 or (800) 368-2573	DuMor, Inc. PO Box 142 Mifflintown Pennsylvania 17059-0142 (717) 436-2106 or (800) 598-4018
Model:	Bethesda Series, S424	Receptacle 84-32
Color:	Green	Green
Capacity:	136.3 Liters	121.1 Liters
Weight:	109.8 kg	79.4 kg
Height:	87.6 cm	90.5 cm
Bottom Dia.:	61.0 cm	60.6 cm

Or equal as approved by the Engineer.

CONSTRUCTION DETAILS:

The Contractor shall install metal trash receptacles where shown on the contract documents or as directed by the Engineer, using drop-in center anchor bolts.

METHOD OF MEASUREMENT:

This work will be measured for payment as the actual number of each Metal Trash Receptacle satisfactorily furnished and installed.

BASIS OF PAYMENT:

The unit price bid for Metal Trash Receptacle shall include the cost of furnishing all labor, materials and equipment necessary to satisfactorily complete the work.
