**DESCRIPTION**

This work shall consist of furnishing PORTABLE PITCHER'S MOUND of dimensions specified, in accordance with the plans, specifications, and directions of the Engineer.

**MATERIALS**

Portable Pitcher's Mound: Shall have a fiberglass base. The mound may be used with steel spikes or rubber or plastic cleats. All pitching mounds shall be used on the carpet style synthetic turf. All edges shall be tapered. Mounds shall be manufactured by True Pitch, Inc., Altoona, IA.

<u>Pitching Mound Height</u>	<u>Dimensions</u>
150 mm (6") pitching mound	Mound shall be approved for Official Little League and Bambino and Dixie Youth Games. It shall be 150 mm (6") high and a minimum of 1.83 m (6') wide and weigh approximately 81.6 kg (180 lbs), such as Model 302 as manufactured by True Pitch, Inc.
200 mm (8") pitching mound	Mound shall be approved for Official Pony League Games. Shall be 200 mm (8") high and a minimum of 2.44 m (8') wide and weigh approximately 99.7 kg (220 lbs), such as Model 202-8 as manufactured by True Pitch, Inc.
250 mm (10") pitching mound	Mound shall be approved for Official Senior League and Babe Ruth League Games. Shall be 250 mm (10") high and a minimum of 3.05 m (10') wide and weigh approximately 154 kg (340 lbs), such as Model 600-G as manufactured by True Pitch, Inc.

**CONSTRUCTION DETAILS**

Contractor must deliver PORTABLE PITCHER'S MOUND to the location designated by the Engineer.

**METHOD OF MEASUREMENT**

This work will be measured as the number of PORTABLE PITCHER'S MOUNDS satisfactorily furnished in accordance with the plans, specifications, and directions of the Engineer.

**BASIS OF PAYMENT**

The unit price bid for each PORTABLE PITCHER'S MOUND shall include the cost of furnishing all labor, materials, and incidental expenses necessary to satisfactorily complete the work.
