ITEM 619.01930311 M – WORK ZONE TRAFFIC CONTROL - LOCAL STREET CLOSURE

DESCRIPTION: This work shall consist of providing local street lane closures conforming to the requirements of the National MUTCD and New York State Supplement as shown elsewhere in the proposal or as directed by the Engineer at any local street locations within the project limits as shown in the Contract Documents.

MATERIALS AND EQUIPMENT: The materials and equipment required shall consist of, but not be limited to, cones, signs, flags, pick-up truck, arrow boards, lighting devices to provide proper illumination when working at night or if working in an area with insufficient illumination and/or any other material or equipment as ordered by the Engineer.

CONSTRUCTION DETAILS: The Contractor shall follow the lane closure details included in the proposal for the Work Zone Traffic Control. Any variation from these schemes must be approved in writing by the Engineer. The Contractor shall be required to clean the area of debris from his operations or general debris pick-up and sweeping of whatever is there. Flagperson shall be provided if it is deemed necessary by the Engineer.

METHOD OF MEASUREMENT: Payment for Local Street Closure shall be made on a day or a half-day basis. A day of Local Street Closure shall be defined as providing lane closures as ordered by the Engineer between four (4) and eight (8) hours in a day. Any lane closures of less than four (4) hours a day will be considered half-day. No extra payment shall be made for moving a lane closure from one location to another location but the time involved will be counted as lane closure time. Travel time to and from the job site shall not be considered.

BASIS OF PAYMENT: The unit price per day shall include cost of all labor, materials and equipment required to complete the work including the cost of flagpersons, arrow boards and pick-up trucks. Cherry pickers, man lifts, boom trucks and other specialized equipment that may be ordered by the Engineer shall be paid under a separate item.
